Featuring coverage on a broad range of topics such as controlling VAR, financial institution evaluations, and global limit systems, this book is ideally designed for financial managers, risk managers, researchers, and academics seeking current research on financial risk management to ensure that uncertainty does not affect or at least has a minimal impact on the achievement of goals within a financial institution.

The Handbook of Credit Risk Management Sylvain Bouteille, Diane Coogan-Pushner, 2012-12-17. A comprehensive guide to credit risk management. *The Handbook of Credit Risk Management* presents a comprehensive overview of the practice of credit risk management for a large institution. It is a guide for professionals and students wanting a deeper understanding of how to manage credit exposures. The Handbook provides a detailed roadmap for managing beyond the financial analysis of individual transactions and counterparties. Written in a straightforward and accessible style, the authors outline how to manage a portfolio of credit exposures from origination and assessment of credit fundamentals to hedging and pricing. The Handbook is relevant for corporations, pension funds, endowments, asset managers, banks, and insurance companies alike. Covers the four essential aspects of credit risk management: Origination, Credit Risk Assessment, Portfolio Management, and Risk Transfer. Provides ample references to and examples of credit market services as a resource for those readers having credit risk responsibilities. Designed for busy professionals as well as finance risk management and MBA students. As financial transactions grow more complex, proactive management of credit portfolios is no longer optional for an institution but a matter of survival.
