Lewis, 2011-01-11 Finland Cultural Lone Wolf is the story of an accomplished nation and her extraordinary people. By pursuing a Lone Wolf policy, Finland raised itself from a struggling war-battered state to one of the most developed countries in the world over the course of only fifty years. The exponential rise of Nokia from tires and timbers to leading the world's telecommunication industry is indicative of the Finns and their business style. These remarkable people speak a language unique in its origins and have kept their cultural identity intact despite the influences of powerful neighbors Sweden and Russia. Uniquely qualified to write about Finland, best-selling author Richard Lewis traces the fascinating Finnish origins as well as her history, geography, values, and culture. His extensive experience with Finnish business provides him with keen insight on leadership style, negotiation strategies, and the uniquely Finnish *suomi kuva* or Finland image. Lewis shines when describing Finnish humor, complete with laugh-out-loud jokes and stories. Finland Cultural Lone Wolf shows both nation and writer at their best.
