DAVID MARANISS

# First In His Class A Biography Of Bill Clinton David Maraniss

**David Maraniss**

## **First In His Class A Biography Of Bill Clinton David Maraniss:**

**Die amerikanischen Präsidenten** Christof Mauch, 2016-12-23 Von George Washington bis Barack Obama bietet dieser Band eine kleine Geschichte Amerikas im Spiegel seiner Präsidenten. Die Autoren schildern in biographischen Portraits Leben und Amtszeit der bisher 44 Präsidenten skizzieren die wichtigsten Entwicklungen Ereignisse und Entscheidungen und betrachten abschließend Leistungen und Vermisnisse der jeweiligen Präsidentschaft. So ist zugleich ein Panorama der amerikanischen Geschichte von der Unabhängigkeit am Ende des 18. Jahrhunderts bis zur globalen Supermacht unserer Tage entstanden. Der Band wurde für diese Ausgabe bearbeitet und aktualisiert. Britta Waldschmidt Nelson hat ihren Beitrag zu Barack Obama bis zur jetzigen zweiten Amtszeit erweitert.

**Die Präsidenten der USA** Christof Mauch, 2018-05-17 Von George Washington bis Donald Trump bietet dieser Band eine kleine Geschichte der USA im Spiegel ihrer Präsidenten. Die Autorinnen und Autoren schildern in biographischen Portraits Leben und Amtszeit der 45 Präsidenten skizzieren die wichtigsten Entwicklungen Ereignisse und Entscheidungen und betrachten abschließend Leistungen und Vermisnisse der jeweiligen Präsidentschaft. So ist zugleich ein Panorama der US-amerikanischen Geschichte von der Unabhängigkeit am Ende des 18. Jahrhunderts bis zur globalen Supermacht unserer Tage entstanden.

**Geschichte des Westens** Heinrich August Winkler, 2015-02-23 Seit dem Ende des Kalten Krieges ist die Welt nicht bersichtlicher und auch nicht friedlicher geworden. Die Erweiterung und Krise der Europäischen Union, der 11. September, die Kriege in Afghanistan und Irak, die globale Finanzkrise, der arabische Frühling, der Konflikt um die Ukraine und die Bedrohung durch den Islamischen Staat, das sind nur einige Themen des Bandes. Die Zeit der Gegenwart mit dem Heinrich August Winkler seine Geschichte des Westens abschließt. Nirgendwo sonst wird so kenntnisreich und fesselnd das politische Geschehen der Gegenwart dargestellt wie in diesem einzigartigen Werk.

**Geschichte der USA** Jürgen Heideking, Christof Mauch, 2008-05-21 Die 6. Auflage des Klassikers gibt einen Überblick über die Geschichte der USA von der Unabhängigkeit bis zur Gegenwart. Sozial und kulturgeschichtliche Themen treten gleichgewichtig neben die Darstellung von Politik, Wirtschaft und Verfassung. Besondere Beachtung finden die Rassenproblematik, religiöse und Umweltfragen, Einwanderung sowie die Rolle der Frauen. Die umfangreiche Bibliographie wurde für die Neuauflage auf den aktuellsten Stand gebracht. Die historische Darstellung bis zur Evaluation der Präsidentschaft von George W. Bush und zum US-Wahlkampf 2008 fortgeführt. Ergänzt wird das Buch durch Online-Quellenmaterial. So steht den Nutzern ein umfassendes Wissensportal zur Geschichte der USA zur Verfügung.

*The Heart of Power, With a New Preface* David Blumenthal, James Morone, 2010-09-21 Even the most powerful men in the world are human: they get sick, take dubious drugs, drink too much, contemplate suicide, fret about ailing parents, and bury people they love. Young Richard Nixon watched two brothers die of tuberculosis even while doctors monitored a suspicious shadow on his own lungs. John Kennedy received last rites four times as an adult, and Lyndon Johnson suffered a belly buster of a heart attack. David Blumenthal and James A. Morone explore how modern presidents have wrestled with their own mortality and

how they have taken this most human experience to heart as they faced the difficult politics of health care Drawing on a trove of newly released White House tapes on extensive interviews with White House staff and on dramatic archival material that has only recently come to light *The Heart of Power* explores the hidden ways in which presidents shape our destinies through their own experiences Taking a close look at Franklin D Roosevelt Harry S Truman Dwight Eisenhower John Kennedy Lyndon B Johnson Richard Nixon Jimmy Carter Ronald Reagan George Herbert Walker Bush Bill Clinton and George W Bush the book shows what history can teach us as we confront the health care challenges of the twenty first century

*First in His Class* David Maraniss,1995-02 Who exactly is Bill Clinton and why was he of all the brilliant and ambitious men in his generation the first in his class to reach the White House Drawing on hundreds of letters documents and interviews David Maraniss explores the evolution of the personality of our forty second president from his youth in Arkansas to his 1991 announcement that he would run for the nation s highest office In this richly textured and balanced biography Maraniss reveals a complex man full of great flaws and great talents *First in His Class* is the definitive book on Bill Clinton

*Bill Clinton* Patrick J. Maney,2021-04-15 Of the original Gilded Age historian Richard Hofstadter wrote There is no other period in the nation s history when politics seems so completely dwarfed by economic changes none in which the life of the country rests so completely in the hands of the industrial entrepreneur The era of William Jefferson Clinton s ascent to the presidency was strikingly similar nothing less Clinton himself said than a paradigm shift from the industrial age to an information technology age from the Cold War to a global society How Bill Clinton met the challenges of this new Gilded Age is the subject of Patrick J Maney s book an in depth perspective on the 42nd president of the United States and the transformative era over which he presided *Bill Clinton New Gilded Age President* goes beyond personality and politics to examine the critical issues of the day economic and fiscal policy business and financial deregulation healthcare and welfare reform and foreign affairs in a post Cold War world But at its heart is Bill Clinton in all his guises the first baby boomer to reach the White House the natural the most gifted politician of his generation but one with an inexplicably careless and self destructive streak the Comeback Kid repeatedly overcoming long odds the survivor frequently down but never out and with Hillary Rodham Clinton part of the most controversial First Couple since Franklin and Eleanor Roosevelt Maney s book is in sum the most succinct and up to date study of the Clinton presidency invaluable not merely for understanding a transformative era in American history but presidential national and global politics today

**The Faiths of the Founding Fathers** David L. Holmes,2006-05-01 It is not uncommon to hear Christians argue that America was founded as a Christian nation But how true is this claim In this compact book David L Holmes offers a clear concise and illuminating look at the spiritual beliefs of our founding fathers He begins with an informative account of the religious culture of the late colonial era surveying the religious groups in each colony In particular he sheds light on the various forms of Deism that flourished in America highlighting the profound influence this intellectual movement had on the founding generation Holmes then

examines the individual beliefs of a variety of men and women who loom large in our national history. He finds that some like Martha Washington, Samuel Adams, John Jay, Patrick Henry, and Thomas Jefferson's daughters held orthodox Christian views. But many of the most influential figures including Benjamin Franklin, George Washington, John and Abigail Adams, Jefferson, James and Dolley Madison, and James Monroe were believers of a different stripe. Respectful of Christianity, they admired the ethics of Jesus and believed that religion could play a beneficial role in society. But they tended to deny the divinity of Christ, and a few seem to have been agnostic about the very existence of God. Although the founding fathers were religious men, Holmes shows that it was a faith quite unlike the Christianity of today's evangelicals. Holmes concludes by examining the role of religion in the lives of the presidents since World War II and by reflecting on the evangelical resurgence that helped fuel the reelection of George W. Bush. An intriguing look at a neglected aspect of our history, the book will appeal to American history buffs as well as to anyone concerned about the role of religion in American culture.

**Clinton's Elections** Michael Nelson, 2020-02-21 In the presidential elections of 1980, 1984, and 1988, the three Democratic nominees won an average of about 10 percent of the Electoral College vote, a smaller share than any party in any three consecutive presidential elections in US history. In the next seven elections, Democrats won the popular vote in all but one, 2004, a feat not achieved by a political party since the Democratic Party's inception in the 1820s. What separated these record-setting runs was the election and presidency of Bill Clinton, whose pivotal role in ushering in a new era of American politics, for better and for worse, this book explores. Perhaps because Clinton's presidency was hobbled by six years of divided government, ended in a sex scandal, and impeachment, and was sandwiched between Republican administrations, it is easy to forget that he revived a presidential party that had become nearly moribund. In *Clinton's Elections*, Michael Nelson describes how, by tacking relentlessly to the center, Clinton revived the Democrats' presidential fortunes but also paradoxically effectively erased the center in the process, introducing the new political reality of extreme partisan divisiveness and dysfunctional government. Tracing Clinton's place in American politics from his emergence as a potential nominee in 1988 to his role in political campaigns right up to 2016, Nelson draws a deft portrait of a savvy politician operating in the midst of divided government and making strategic moves to consolidate power and secure future victories. With its absorbing narrative and incisive analysis, his book makes sense of a watershed in the modern American political landscape and lays bare the roots of our current era of political dysfunction.

**The Presidents and the Constitution** Ken Gormley, 2016-05-10 Shines new light on America's brilliant constitutional and presidential history from George Washington to Barack Obama. In this sweepingly ambitious volume, the nation's foremost experts on the American presidency and the U.S. Constitution join together to tell the intertwined stories of how each American president has confronted and shaped the Constitution. Each occupant of the office, from the first president to the forty-fourth, has contributed to the story of the Constitution through the decisions he made and the actions he took as the nation's chief executive. By examining presidential history through the lens of constitutional conflicts and challenges, The

Presidents and the Constitution offers a fresh perspective on how the Constitution has evolved in the hands of individual presidents. It delves into key moments in American history from Washington's early battles with Congress to the advent of the national security presidency under George W. Bush and Barack Obama to reveal the dramatic historical forces that drove these presidents to action. Historians and legal experts including Richard Ellis, Gary Hart, Stanley Kutler, and Kenneth Starr bring the Constitution to life and show how the awesome powers of the American presidency have been shaped by the men who were granted them. The book brings to the fore the overarching constitutional themes that span this country's history and ties together presidencies in a way never before accomplished.

Grand Strategy in Theory and Practice William C. Martel, 2015-01-12 This book explores fundamental questions about grand strategy as it has evolved across generations and countries. It provides an overview of the ancient era of grand strategy and a detailed discussion of its philosophical, military, and economic foundations in the modern era. The author investigates these aspects through the lenses of four approaches: those of historians, social scientists, practitioners, and military strategists. The main goal is to provide contemporary policy makers and scholars with a historic and analytic framework in which to evaluate and conduct grand strategy. By providing greater analytical clarity about grand strategy and describing its nature and its utility for the state, this book presents a comprehensive theory on the practice of grand strategy in order to articulate the United States' past, present, and future purpose and position on the world stage.

Arkansas in Modern America, 1930-1999 Ben F. Johnson, III, 2014-04-22 This elegantly written narrative traces Arkansas's evolution from a primarily rural society in the early 1900s to its expanding manufacturing economy and its growing prosperity and parity with the rest of the nation. Ben Johnson explores the influence of federal state relations beginning with the New Deal programs of President Franklin Roosevelt and continuing through the administrations of native son Bill Clinton. With particular sensitivity, he examines organized labor in the timber industry and in row crop agriculture, school desegregation, white flight, and the private academy movement in the delta region, the growth of Wal-Mart and the poultry industry in the northwest section of the state, and the expansion of outdoor recreation and tourism as lakes were constructed and game populations rejuvenated. This book is particularly impressive for the breadth of its scope. Johnson offers detailed information on women, music, and literature, organized religion, environmental trends, and other important cultural influences. Third in the popular *Histories of Arkansas* series, *Arkansas in Modern America* extends the narrative into the contemporary era with a format aimed at students and general readers. This important book will set the standard for years to come for analysis and interpretation of Arkansas's place in the twentieth century.

The President as Leader Michael Eric Siegel, 2017-12-06 By analyzing the leadership skills of seven recent American presidents, this book seeks to demystify the elements and dynamics of effective presidential leadership, which our democracy has come to depend upon and value. Building on the pioneering work of political scientist Fred Greenstein and others, this book argues that leadership in the White House can be explained and assessed by using a consistent set of criteria to analyze presidential

performance Siegel shows that presidential leadership is exercised by real flawed human beings and not by superheroes or philosopher kings beyond the reach of scrutiny or critique New to the Second Edition Includes a new chapter covering both terms of the Obama administration Applies the author's four part leadership framework to the early part of the Trump administration Discusses the possibilities of presidential leadership in an era of intense partisanship

**The Presidency and Domestic Policy** Michael A. Genovese, Todd L. Belt, William W. Lammers, 2024-04-15 This book systematically examines the first terms of every president from FDR to Joe Biden and assesses the leadership style and policy agenda of each Success in bringing about policy change is shown to hinge on the leadership style and skill in managing a variety of institutional and public relationships Presidents are evaluated based on the level of opportunity they faced The third edition of this timely book adds chapters on Donald Trump and Joe Biden and focuses on the significant domestic policy challenges of their respective times For students of presidential history leadership and public policy The Presidency and Domestic Policy provides unique insights into contemporary presidential leadership in a highly partisan age New to the Third Edition Two new chapters focusing on Trump and Biden showing its policy similarities as well as differences from earlier administrations A reassessment of the domestic policy legacies of Bill Clinton especially in regard to crime and the financial services industries A sharper focus on racial politics resulting from both the Clinton and Obama eras An exploration of administrative approaches to governing domestically and unilateral decision making normally reserved for the foreign policy arena but now applied on the domestic side as well e.g. executive orders The increasing linkage between domestic and foreign policy issue arenas particularly in the areas of immigration trade and environmental policy An assessment of judicial politics in the framework of the four leadership dimensions presidents bring to office and also in terms of the impact on domestic policy outputs

A Good American Family David Maraniss, 2020-11-10 Pulitzer Prize winning author and one of our most talented biographers and historians The New York Times David Maraniss delivers a thoughtful poignant and historically valuable story of the Red Scare of the 1950s The Wall Street Journal through the chilling yet affirming story of his family's ordeal from blacklisting to vindication Elliott Maraniss David's father a WWII veteran who had commanded an all black company in the Pacific was spied on by the FBI named as a communist by an informant called before the House Un American Activities Committee in 1952 fired from his newspaper job and blacklisted for five years Yet he never lost faith in America and emerged on the other side with his family and optimism intact In a sweeping drama that moves from the Depression and Spanish Civil War to the HUAC hearings and end of the McCarthy era Maraniss weaves his father's story through the lives of his inquisitors and defenders as they struggle with the vital 20th century issues of race fascism communism and first amendment freedoms Remarkably balanced forthright and unwavering in its search for the truth The New York Times A Good American Family evokes the political dysfunctions of the 1950s while underscoring what it really means to be an American It is clear eyed and empathetic Publishers Weekly starred review tribute from a brilliant writer to his father and the family he protected

in dangerous times      **A Time of Paradox** Glen Jeansonne, 2006-03-02 In this lively and provocative synthesis distinguished historian Glen Jeansonne explores the people and events that shaped America in the twentieth century Comprehensive in scope *A Time of Paradox* offers a balanced look at the political diplomatic social and cultural developments of the last century while focusing on the diverse and sometimes contradictory human experiences that characterized this dynamic period Designed with the student in mind this cogent text provides the most up to date analysis available offering insight into the divisive election of 2004 the War on Terror and the Gulf Coast hurricanes Substantive biographies on figures ranging from Samuel Insull to Madonna give students a more personalized view of the men and women who influenced American society over the past hundred years      **This is Not a President** Diane Rubenstein, 2008 Read The Chronicle of Higher Ed Author Interview In *This Is Not a President* Diane Rubenstein looks at the postmodern presidency from Reagan and George H W Bush through the current administration and including Hillary Focusing on those seemingly inexplicable gaps or blind spots in recent American presidential politics Rubenstein interrogates symptomatic moments in political rhetoric popular culture and presidential behavior to elucidate profound and disturbing changes in the American presidency and the way it embodies a national imaginary In a series of essays written in real time over the past four presidential administrations Rubenstein traces the vernacular use of the American presidency as currency as grist for popular biography as fictional TV material to explore the ways in which the American presidency functions as a transitional object that allows the American citizen to meet or discover the president while going about her everyday life The book argues that it is French theory primarily Lacanian psychoanalysis and the radical semiotic theories of Jean Baudrillard that best accounts for American political life today Through episodes as diverse as Iran Contra George H W Bush vomiting in Japan the 1992 Republican convention the failed nomination of Lani Guinier and the Iraq War *This Is Not a President* brilliantly situates our collective investment in American political culture      *The President's Words* Michael Nelson, Russell L. Riley, 2010-10-25 When Ronald Reagan invoked a shining city on a hill or George H W Bush a thousand points of light their words were engraved on the public's consciousness as signatures to their personal beliefs and a catalysts for political action Such iconic phrases in presidential speeches are often the creation of presidential speechwriters who are entrusted with framing a message consistent with each administration's broad goals and reflecting each president's personality and rhetorical skills This book takes a closer look at presidential speeches over the course of six administrations Editors Michael Nelson and Russell Riley have brought together an outstanding team of academics and professional writers including nine former speechwriters who worked for every president from Nixon to Clinton to examine how the politics and crafting of presidential rhetoric serve the various roles of the presidency They consider four types of speeches convention acceptance speeches inaugural addresses state of the union addresses and crisis and other landmark speeches that often rise out of unpredictable circumstances Together these scholars and writers enable readers to sort out the idiosyncratic from the institutional while gaining insider perspectives on the

operating style and rhetorical manner of each of the six presidents The book is rich in character sketches such as Jimmy Carter s attempt to tie his understanding of original sin to the practice of American politics and brimming with insights into the internal dynamics of the White House including tales of internecine bloodletting under Ronald Reagan Most significant these discussions help us better understand the contemporary presidency by revealing the enduring and evolving features of the institution underscoring how the operating style and rhetorical manner of each president shapes the speechwriting process in the service of his broader policymaking goals These essays show not only how speechmaking has become a major presidential activity but also how speechwriters have become important political actors in their own right They offer students and observers of the political scene a rare opportunity to consider the crafting of those utterances before weighing their effects

**The Presidential Difference** Fred I. Greenstein, 2012-11-28 Fred I Greenstein has long been one of our keenest observers of the modern presidency In *The Presidential Difference* he provides a fascinating and instructive account of the presidential qualities that have served well and poorly in the Oval Office beginning with Franklin D Roosevelt s first hundred days He surveys each president s political skill vision cognitive style organizational capacity ability to communicate and emotional intelligence and argues that the last is the most important in predicting presidential success Throughout Greenstein offers a series of bottom line judgments on each of his thirteen subjects as well as an overarching theory of why presidents succeed or fail In this new edition Greenstein assesses President George W Bush in the wake of his two terms The book also includes a new chapter on the leadership style of President Obama and how we can expect it to affect his presidency and legacy

**Encyclopedia of Religion in the South** Samuel S. Hill, Charles H. Lippy, Charles Reagan Wilson, 2005 The publication of the *Encyclopedia of Religion in the South* in 1984 signaled the rise in the scholarly interest in the study of Religion in the South Religion has always been part of the cultural heritage of that region but scholarly investigation had been sporadic Since the original publication of the ERS however the South has changed significantly in that Christianity is no longer the primary religion observed Other religions like Judaism Buddhism and Hinduism have begun to have very important voices in Southern life This one volume reference the only one of its kind takes this expansion into consideration by updating older relevant articles and by adding new ones After more than 20 years the only reference book in the field of the Religion in the South has been totally revised and updated Each article has been updated and bibliography has been expanded The ERS has also been expanded to include more than sixty new articles on Religion in the South New articles have been added on such topics as Elvis Presley Appalachian Music Buddhism Bill Clinton Jerry Falwell Fannie Lou Hamer Zora Neale Hurston Stonewall Jackson Popular Religion Pat Robertson the PTL Sports and Religion in the South theme parks and much more This is an indispensable resource for anyone interested in the South religion or cultural history
