nonWestern languages and the change and continuity in Asian translation traditions Translation and Global Asia shows a rich diversification of historical and geographical interests and covers a broad array of topics ranging from nineteenth century Buddhist translation in Tibet to twentyfirst century political translation in Malaysia This collection is strikingly rich Its authors deal with a wide range of topics in geographically diverse locations from India Thailand Japan Korea and the Philippines to different parts of China They evoke different linguistic and historical contexts from ancient times right up to the contemporary period and take a variety of approaches strongly supported by current theories in translation and cultural studies Presenting vital case studies this essential volume illustrates the importance of examining translation from a historical perspective of taking account of power relations and of studying the unique role of translators in initiating change and transmitting new ideas

Self as Image in Asian Theory and Practice Roger T. Ames, 1998-04-30 This is the third in a series dealing with the concept of self and its importance in understanding Chinese Japanese and Indian cultures The authors examine the relationship between self and image and its significance in attaining a deeper knowledge of Chinese Japanese and Indian cultures The relationship between self and image is as complex as it is fascinating It takes on different meanings and significances in diverse cultures In this volume the focus of attention is largely on representational practices and symbolic media such as literature cinema art and dance By examining both classical and contemporary works associated with China India and Japan the authors seek on the one hand to demonstrate the intricate relationship between self and image and on the other to make use of that relationship to further our understanding of these cultures
