Musicals of the Twenty-First Century Stephen Purdy,2020-05-17 Flop Musicals of the Twenty First Century offers a provocative and revealing historical narrative of a group of musicals that cost millions and that had spectacular potential but bombed anyway Unlike similar books on the topic which have taken a more truncated approach to telling the fascinating stories of these shows Stephen Purdy chooses instead to examine at length the production histories of these shows which are all bound together by a common thread In this volume Purdy focuses the lens on several seemingly infallible theatre creatives that weren t destined to repeat their successes with the shows discussed in this volume As such Purdy grounds the discussion by examining what the legendary creators of Les Miserables pop superstar Elton John wunderkind Julie Taymor and many others have in common besides being inspired storytellers of iconic Broadway musicals The answer is that that also all created shows that for one reason or a dozen didn t find an audience This particular volume shares the story of what can

happen when formidable creative teams of sell out musicals attempt to re create their success but miss the mark This is an engaging book for students practitioners and fans of musical theatre that contains thoughtful observations about luck and creative differences botched adaptations and alienated audiences all of which can determine the fate of a musical **The British Catalogue of Music** ,2002 **The Development of Popular Music Function in Film** Anthony Hogg,2019-11-27 This book offers a unique examination of the development of popular music function in film It assesses the contribution of popular music to the interpretation of the most significant films covering the period from rock n roll s initial introduction at the opening of Blackboard Jungle to the backlash against disco which followed soon after the release of Saturday Night Fever By dividing this period into five phases The Classical American Musical Phase The British Invasion Phase The New Hollywood Alienation Phase The Disco Phase and The Post Disco Conservative Phase the book pinpoints key moments at which individual developments occurred and lays out a path of expansion in popular music function Each chapter offers close analyses of this period s most innovative films examines the cultural historical technical and industrial factors peculiar to each phase and considers the influence of these upon the specific timing of functional advances The Oxford Handbook of Film Music Studies David Neumeyer,2014 The Oxford Handbook of Film Music Studies gathers two dozen original essays that chart the history and current state of interdisciplinary scholarship on music in audiovisual media focusing on four areas history genre and medium analysis and criticism and interpretation The Happiest Corpse I've Ever Seen Ethan Mordden,2025-06-25 For Ethan Mordden the closing night of the hit musical 42nd St sounded the death knell of the art form of the Broadway musical After that big orchestras real voices recognizable books and intelligent lyrics went out the window in favor of cats helicopters yodeling Frenchmen and the roof of the Paris Opera Mordden takes us through the aftermath of the days of the great Broadway musical From the long running Cats to Miss Saigon Phantom and Les Miserables to gems like The Producers he is unsparing in his look at the remains of the day Not content to scold the shows creators Mordden takes on the critics too splaying their bodies across the Great White Way like Sweeney Todd giving a close shave Once more it s curtain going up but Mordden is not applauding **20 Seasons: Broadway Musicals of the 21st Century** Amy S. Risky Business William D. Romanowski, 2017-07-28 The role of motion pictures in the popularity of rock music became increasingly significant in the latter twentieth century Rock music and its interaction with film is the subject of this significant book that re examines and extends Serge Denisoff's pioneering observations of this relationship Prior to Saturday Night Fever rock music had a limited role in the motion picture business That movie's success and the success of its soundtrack began to change the silver screen In 1983 with Flashdance the situation drastically evolved and by 1984 ten soundtracks many in the pop rock genre were certified platinum Choosing which rock scores to discuss in this book was a challenging task The authors made selections from seminal films such as The Graduate Easy Rider American Graffiti Saturday Night Fever Heat and Dirty Dancing However many productions of the period are significant not because of their success but because of their box office and record store failures Risky Business chronicles the interaction of two major mediums of mass culture in the latter twentieth century This book is essential for those interested in communications popular culture and social change
