**Public Speaking** David Zarefsky,2006-01 Public Speaking Strategies for Success proposes that at all stages of the public speaking process, students learn how to develop and apply strategies to speaking situations they encounter throughout their lives. David Zarefsky, one of today's leading scholars in speech communication, encourages students to think through and about the public speaking process. Zarefsky urges students to consider the diversity of audiences, occasions, and speakers and to choose a specific purpose, a relevant topic, and the appropriate material to make their speeches successful. The new edition focuses on providing students with more diverse and clearer examples, updated information on technology and its role in public speaking, and a strong balance of theory and skills. This affordable Books a la Carte Edition features the exact same content from our traditional textbook in a convenient notebook-ready loose leaf format, allowing students to take only what they need to class. As a bonus, the Books a la Carte Edition is accompanied by a full-color laminated Study Card that's a perfect tool to help students prepare for exams.

**One Health, 2nd Edition** Jakob Zinsstag, Esther Schelling, Lisa Crump, Maxine Whittaker, Marcel Tanner, Craig Stephen,2020-09-30 One Health: the concept of combined veterinary and human health has now expanded beyond emerging infectious diseases and zoonoses to incorporate a wider suite of health issues. Retaining its interdisciplinary focus, which combines theory with practice, this new edition illustrates the contribution of One Health collaborations to real-world issues such as sanitation, economics, food security, and vaccination programmes. It includes more non-infectious disease issues and climate change discussion alongside revised case studies and expanded methodology chapters to draw out implications for practice. Promoting an action-based, solutions-oriented approach, One Health: The Theory and Practice of Integrated Health Approaches highlights the lessons learned for both human and animal health professionals and students.
