

The Rājāvaliya

And the first ever translation of the Alakadvaya Yoddhaya

This compendium contains English translations of the Sinhala works *Rājāvaliya*, an account of the kings of Sri Lanka from the earliest times up to about the end of Portuguese domination and the *Alakadvaya Yoddhaya*, a source of the *Rājāvaliya* for the period beginning with the Chinese intervention to the gradual decline and fall of the Sitāvaka Kingdom following the death of King Rājasingha I. Based on the critical editions of the Sinhala texts prepared by the

translator himself, these works can claim to be the most authentic translations presented to the English reader. The lengthy introductions deal with the value of these works as chronicles of Sri Lanka compiled in the Sinhala language, quite independent of the traditional Pali chronicles.

Dr. A.V. Suraweera, Senior Professor of Sinhala, founder Director of the reputed Programme in Writership and Communication, University of Sri Jayewardenepura, Sri Lanka, Guest Professor, London University, resigned from University service after thirty four years to enter into active politics and contest the General Elections 1994.

He was elected to Parliament and appointed Deputy Minister of Cultural and Religious Affairs. He has a record of over forty books in Sinhala and English published so far including several works on literature and culture, translations, four collections of short stories, five novels, critical editions of classical texts, children's stories in addition to numerous research articles published in reputed journals here and abroad. His works have been translated into English, Tamil, Russian, German, Bahasa Malaysia, Japanese etc. By way of recognition of his services to the University and scholarship, the University of Sri Jayewardenepura had conferred on him the title of Professor Emeritus and also the Degree of D.Litt. (Honoris causa).

He died at the age of 83 in January 2014.

"Ravanisation": The Revitalisation of Ravana among Sinhalese Buddhists in Post-War Sri Lanka Deborah de Koning, 2022 This book discusses Ravanisation the revitalisation of Ravana among Sinhalese Buddhists in post war after 2009 Sri Lanka The Hindu Ramayana generally portrays Ravana as a cruel king How and why then has Ravana gained the interest of Sinhalese Buddhists This study takes an ethnographic perspective to answer these questions The book discusses multiple Ravana representations that have emerged at an urban Buddhist site the Sri Devram Maha Viharaya and a rural site Lakegala and discloses how Ravanisation relates to Sinhalese Buddhist ethno nationalism In addition the material ritual and spatial perspectives offer unique insights in the personal and local relevance of Ravana **Portuguese Encounters with Sri Lanka and the Maldives** Chandra R. de Silva, 2017-03-02 Portuguese Encounters with Sri Lanka and the Maldives Translated Texts from the Age of the Discoveries is designed to provide access to translations of 16th and 17th century documents which illustrate various aspects of this encounter combining texts from indigenous sources with those from the Portuguese histories and archives These documents contribute to the growing understanding that different groups of European colonizers missionaries traders and soldiers had conflicting motivations and objectives Scholars have also begun to emphasize that the colonized were not mere victims but had their own agendas and that they occasionally successfully manipulated colonial powers The texts in this volume help to substantiate these assertions while also illustrating the changing nature of the interactions The present volume contains chapters covering the Portuguese arrival in Sri Lanka and their first encounters with the island and its peoples their subsequent relations with Kandy and Jaffna and a final chapter on Portuguese relations with the Maldiv Islands A historical introduction provides the context in which the documents can be read and a select bibliography indicates the most recent and authoritative secondary works on the subject *The Work of Culture* Gananath Obeyesekere, 1990-11-27 This volume is the product of two decades of field research by one of Sri Lanka's distinguished anthropological interpreters **Ravana's Kingdom** Justin W. Henry, 2022 In Ravana's Kingdom Justin W. Henry delves into the historical literary reception of the Ramayana in Sri Lanka charting how the demon king antagonist Ravana has become an unlikely cultural hero among Sinhala Buddhists over the past decade *The Political History of the Kingdom of Kotte, 1400-1521* Jī. Pī. Vī Sōmaratna, 1975 *Placing the Origins of the Buddha* Bhadragee S. Hewage, 2022-08-04 Our understanding that the Buddha emerged from the Middle Gangetic region of the Indian subcontinent has been largely unchallenged for the past 200 years However can we truly trust our existing knowledge regarding the geographical locations associated with early Buddhism Could the Buddha's origins in fact lie elsewhere Tracking the general theory explaining the Buddha's emergence from the Middle Ganges this book explores the lesser known story of colonial Sri Lanka's connections to the wider nineteenth century orientalist quest of placing the Buddha across the northern expanses of the subcontinent By doing so this book highlights the many flaws and inconsistencies that continue to

inform our current understanding of the Buddha's geographical origins and urges us to rethink the very foundation on which our knowledge of early Buddhism is based *The Buddhist Viṣṇu* John Clifford Holt, 2008 John Holt's groundbreaking study examines the assimilation, transformation and subordination of the Hindu deity Visnu within the contexts of Sri Lanka's history and Sinhala Buddhist religious culture Holt argues that political agendas and social forces as much as doctrinal concerns have shaped the shifting patterns of the veneration of Visnu in Sri Lanka Holt begins with a comparative look at the assimilation of the Buddha in Hinduism He then explores the role and rationale of medieval Sinhala kings in assimilating Visnu into Sinhala Buddhism Offering analyses of texts many of which have never before been translated into English Holt considers the development of Visnu in Buddhist literature and the changing practices of deity veneration Shifting to the present Holt describes the efforts of contemporary Buddhist monks in Sri Lanka to discourage the veneration of Visnu suggesting that many are motivated by a reactionary fear that their culture and society will soon be overrun by the influences and practices of Hindus Muslims and Christians European and Non-European Societies, 1450-1800 Robert Forster, 2019-07-16 First published in 1997 this is the first of two volumes It looks at the process of European expansion which brought into contact societies and cultures across the world which had been initially alien to one another Conflict and violent conflict was one aspect of this interaction but accommodation, mutual adaptation and institutional and behavioural synthesis were also present though often biased in favour of European norms The intent of this book is to avoid treating colonization, dominance and exploitation as the only focuses of attention In the first volume Robert Forster explores issues of formative influences, the impact of Eurocentrism on historiography and the reaction against it and the differing approaches and perceptions of the Europeans notably the Spanish French and English In this period he distinguishes three modes of interaction: that of the trading empires generally in Africa and Asia where the European control of the encounter was slighter and those of the regions of settlement as in North America and of exploitation typified by the Caribbean where the European impact was profound The second volume focuses on the Americas and uses the topics of religion, class, gender and race as its points of entry The Buddha in Sri Lanka Gananath Obeyesekere, 2017-08-07 This book examines culture, religion and polity in the context of Buddhism Gananath Obeyesekere, one of the foremost analytical voices from South Asia, develops Freud's notion of dream work, the work of culture and ideas of no self, anatta to understand Buddhism in contemporary Sri Lanka This work offers a restorative interpretation of Buddhist myths in contrast to the perspective involving deconstruction The book deals with a range of themes connected with Buddhism including oral traditions and stories, the religious pantheon, philosophy, emotions, reform movements, questions of identity and culture and issues of modernity This fascinating volume will greatly interest students, teachers and researchers of religion and philosophy especially Buddhism, ethics, cultural studies, social and cultural anthropology, Sri Lanka and modern South Asian history The Sinhalese Nandadeva Wijesekera, 1990

Re-exploring the Links Jorge Manuel Flores, 2007 The island of Ceilao occupied a permanent and singular place in the political imagination of early modern Portugal Concurrently the Portuguese left a strong imprint in the Sri Lankan collective memory of the period Five centuries later a group of historians art historians anthropologists and linguists reflect on the multiple dimensions of this phenomenon by rethinking texts and maps ruined churches and ivory caskets oral tales and Creole communities Authored by 15 international scholars Re exploring the Links is divided in four parts Political Realities and Cultural Imagination Religion Conflict and Interaction Space and Heritage Construction Representation Language and Ethnicity Identity and Memory While published on the occasion of the Portuguese arrival in Sri Lanka five centuries ago this book is far from being a celebratory piece Re exploring the Links does not conform to nationalist models of historical interpretation and refuses both the rhetoric of discovery and the rhetoric of aggression The aim of the volume is not to celebrate encounters but to reinvent an academic debate independent of any political agenda and concerning a history that is Portuguese and Sri Lankan alike

their knowledge is on shakier grounds As for religion in foreign lands well for many that information is nonexistent Author
 Leonard Pintos Being a Christian in Sri Lanka Historical Political Social and Religious Considerations is a critique based on
 the observations and experience of a Sri Lankan Christian Pinto shares the history and importance of religion in his native
 land Youll learn about Portuguese Dutch and British rule in the country formerly known as Ceylon and how each affected
 religion there Pinto dispels popular views about how ruling countries dealt with Christianity and other religions and with
 those who practiced them Youll learn how religion is practiced today from someone who lives it firsthand Pintos book goes
 beyond the boundaries of Sri Lanka in assessing the problems faced by Christianity from the corrosive effects of the Age of
 Enlightenment In Being a Christian in Sri Lanka Historical Political Social and Religious Considerations Pinto comes to the
 conclusion Sri Lanka would benefit from a Sri Lankan national identity for all its citizens Hegemony based on ethnicity and
 religion is dissuaded Youll also find Pintos conclusions relevant to other countries *1506 A.D. the First Portuguese Arrival*
