Field edible is not to be confused with tasty **T&T Clark Handbook of Neo-Calvinism** Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo Calvinism critically advances Reformed orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 it

argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields *Trinity and Organism* James Eglinton,2012-03-29 This book explores the organic motif found throughout the writings of the Dutch Calvinist theologian Herman Bavinck 1854 1921 Noting that Bavinck uses this motif at key points in the most important loci of theology Christology general and special revelation ecclesiology and so forth it seems that one cannot read him carefully without particular attention to his motif of choice the organic By examining the sense in which Bavinck views all of reality as a beautiful balance of unity in diversity James Eglinton draws the reader to Bavinck s constant concern for the doctrine of God as Trinity If God is the Father the Son and the Holy Spirit Bavinck argues the creation must be more akin to an organism than a machine Trinity and organism are thus closely linked concepts Eglinton critiques and rejects the two Bavincks one orthodox and the other modern hermeneutic so commonplace in discussions of Bavinck s theology Instead this book argues for a reunited Herman Bavinck as a figure committed to the participation of historic orthodox theology in the modern world

A Peculiar Glory John Piper,2016-03-16 What books and words make up the Christian Scriptures What do the Scriptures claim for themselves How can we know the Scriptures are true How are the Scriptures confirmed by the peculiar glory of God John Piper examines the Bible s self authenticating nature and unique ability to showcase God s unmatched glory laying a solid foundation for the belief that God s Word is absolutely perfect and totally reliable Says the author I do not merely hold a view of Scripture I am held The glory of God shining through his Word has been an irresistible treasure The Bible is not a masterpiece hanging on the wall of an Alpine chalet Rather it is a window on the wall through which we see and admire the stunning Alpine view

Jesus Christ, Hermeneutics, and Scripture Hans Burger,2024-04-18 Soteriology not epistemology is the best entrance to theological hermeneutics and to the doctrine of Scripture The triune God uses Scripture to make the community of believers live in Christ We hear the words of Scripture in the light of Easter and Pentecost We understand Scripture from faith in Christ and with the mind of Christ At the same time we come to know Christ in Scripture and we receive the mind of Christ by reading Scripture We remain in Christ by remaining in the Word Understanding Scripture and Christlikeness mutually reinforce each other Living a Christian life with God and our neighbor in God s world will deepen our understanding of Scripture This book explores the complex relationships between Jesus Christ participation in Christ theological hermeneutics and the doctrine of Scripture It shows the necessity of a holistic approach of life knowledge understanding and renewal **The Spirit Is Moving: New Pathways in Pneumatology** ,2019-02-26 The work of the Spirit of God is a vibrant and much discussed topic in many contemporary Christian communities worldwide

Apparently the Spirit is moving Theological reflection on this phenomenon has even given rise to what is often called a pneumatological renaissance This volume not only takes stock of these remarkable developments but also probes some of their hidden aspects and highlights avenues for future exploration It contains a wide ranging but coherent assortment of essays covering the five relations of the Holy Ghost distinguished already in the Nicene Constantinopolitan Creed how does the Spirit of God relate to the Bible to the Christ to the human person to the church and to the world These essays are written as a tribute to the many inspiring theological contributions of prof Cornelis van der Kooi on the occasion of his retirement as Professor of Systematic Theology at the Faculty of Religion and Theology Vrije Universiteit Amsterdam where he taught from 1992 until 2018 Contributors are Henk A Bakker Abraham van de Beek Erik A de Boer Carl J Bosma Gijsbert van den Brink Martien E Brinkman Gerard C den Hertog Arnold Huijgen Gerrit C van de Kamp Miranda Klaver Akke van der Kooi Margriet van der Kooi Dijkstra Bruce L McCormack Richard J Mouw Bert Jan Lietaert Peerbolte Eveline van Staalduine Sulman Eep Talstra Benno van den Toren Jan Veenhof Willem van Vlastuin Pieter Vos Michael Welker Cory Willson Maarten Wisse

The Divine Authenticity of Scripture A. T. B. McGowan, 2008-05-21 Andrew McGowan examines the evangelical understanding of the nature and use of Scripture McGowan emphasizes the work of the Holy Spirit in relation to Scripture and argues that we should speak of spiration rather than inspiration of Scripture

The Word of God for the People of God, 2010-01-04 This book fills a real need for pastors and students Though there is currently a large body of material on the theological interpretation of Scripture most of it is highly specific and extremely technical J Todd Billings here provides a straightforward entryway for students and pastors to understand why theological interpretation matters and how it can be done A solid constructive theological work The Word of God for the People of God presents a distinctive Trinitarian participatory approach toward reading Scripture as the church Billings s accessible yet substantial argument for a theological hermeneutic is rooted in a historic vision of the practice of scriptural interpretation even as it engages a wide range of contemporary issues and includes several exegetical examples that apply to concrete Christian ministry situations

Talking with Mormons Richard J. Mouw, 2012-04-30 For over a decade Fuller Seminary president Richard Mouw has participated in Mormon evangelical dialogue with a view to developing a better understanding between the two groups His participation in these discussions has drawn severe criticism and even anger from people who believe such talks are pointless or even dangerous This brief highly accessible book is his answer Advocating humility patience and a willingness to admit our own shortcomings Mouw shows why it is necessary to move beyond stark denunciation to a dialogue that allows both parties to express differences and explore common ground Without papering over significantly divergent perspectives on important issues like the role of prophecy the nature of God and the creeds Mouw points to areas in which Mormon evangelical dialogue evidences hope for the future In so doing he not only informs readers but also models respectful evangelical debate

Adventures in Evangelical Civility Richard J. Mouw, 2016-11-01 A Hopeful Calvinist s Quest for

Common Ground Richard Mouw one of the most influential evangelical voices in America has been on a lifelong quest for commonness engaging with others in a positive manner and advocating for a convicted civility when conversing with those with whom we disagree Through nearly half a century of scholarship leadership and ministry Mouw has sought to learn from non Christian scholars and other faith traditions and to cultivate a civility that is compatible with his Calvinist convictions In *Adventures in Evangelical Civility* Mouw reflects on his almost fifty years of Christian public life which provides a unique lens for understanding twentieth century evangelicalism He explores themes such as common grace the imago Dei and interfaith dialogue offering a critical assessment of the strengths and weaknesses of what he has accomplished as a spokesperson for evangelical and Reformed perspectives

The Survivor's Guide to Theology M. James Sawyer, 2016-04-11 Men and women embarking on the study of systematic theology quickly find themselves awash in a sea of unfamiliar theological terms historical names and philosophical isms *The Survivor's Guide to Theology* is both a life preserver to help stay afloat and a compass to help navigate these often unfamiliar waters While many books on systematic theology provide introductory material still the reader is often forced to dive right into actual theology without adequate framework for understanding Resources for building this framework are available but scattered This unique book brings them together in one place *The Survivor's Guide to Theology* is ideal for both introduction and review reference The first part deals with the question What is Theology It addresses issues categories theory of knowledge and more The second part surveys nine major theological systems For each the author provides history and background overview of content and theological distinctive and a critique The final part provides the reader with biographical sketches of significant theologians a brief dictionary of common theological terms and an annotated bibliography of major theological works

Words of Life Timothy Ward, 2012-12-17 Throughout Christian history the overwhelmingly predominant view of the Bible has been that it is itself the living and active word of God Timothy Ward explains and defends what we are really saying when we trust and proclaim as we must that the Bible is God's word In particular he describes the nature of the relationship between the living God and Scripture He examines why in order to worship God faithfully we need to pay close attention to the Bible why in order to be faithful disciples of Jesus the Word made flesh we need to base our lives on the words of the Bible and why in order to keep in step with the Holy Spirit we need to trust and obey what the Bible says Ward offers an understanding of the nature of Scripture under three main headings A biblical outline shows that the words of the Bible form a significant part of God's action in the world A theological outline focuses on the relationship of Scripture with each of the persons of the Trinity A doctrinal outline examines the attributes of Scripture A final chapter explores some significant areas in which the doctrine of Scripture should be applied Grounded in the relevant scholarship this excellent lucid exposition of the nature and function of Scripture stands firmly in line with the best of the theological traditions and is expressed in a form appropriate for the twenty first century

Echoes of Exodus Bryan D. Estelle, 2018-01-30 Israel's exodus from Egypt is the Bible's enduring emblem of deliverance

But more than just an epic moment the exodus shapes the telling of Israel's and the church's gospel. In this guide for biblical theologians, preachers, and teachers, Bryan Estelle traces the exodus motif as it weaves through the canon of Scripture, wedding literary readings with biblical theological insights.

God's Word Alone---The Authority of Scripture Matthew Barrett, 2016-09-20. Scholar and pastor Matthew Barrett retraces the historical and biblical roots of the doctrine that Scripture alone is the final and decisive authority for God's people. God's Word Alone is a decisive defense of the Bible as the inspired and inerrant Word of God. Revitalizing one of the five great declarations of the Reformation, sola Scriptura, Barrett analyzes what the idea of sola Scriptura is and what it entails, clarifying why the doctrine is truth and why it's so essential to Christianity. Surveys the development of this theme in the Reformation and traces the crisis that followed, resulting in a shift away from the authority of Scripture. Shows that we need to recover a robust doctrine of Scripture's authority in the face of today's challenges and why a solid doctrinal foundation built on God's Word is the best hope for the future of the church. This book is an exploration of the past in order to better understand our present and the importance of reviving this indispensable doctrine for the Christian faith and church today.

THE FIVE SOLAS. Historians and theologians have long recognized that at the heart of the sixteenth-century Protestant Reformation were five declarations often referred to as the solas. These five statements summarize much of what the Reformation was about and they distinguish Protestantism from other expressions of the Christian faith that they place ultimate and final authority in the Scriptures, acknowledge the work of Christ alone as sufficient for redemption, recognize that salvation is by grace alone, through faith alone, and seek to do all things for God's glory. The Five Solas Series is more than a simple rehashing of these statements but instead expounds upon the biblical reasoning behind them, leading to a more profound theological vision of our lives and callings as Christians and churches.

Three Views on the New Testament Use of the Old Testament Zondervan, 2009-08-30. Three approaches to questions about the theological connection between the Old and New Testaments. The relationship between the Testaments is not as simple and straightforward as it sometimes appears. When New Testament authors appeal to Old Testament texts to support their arguments, what is the relationship between their meanings and what was originally intended by their Old Testament forebears? Leading biblical scholars, Walter Kaiser, Darrell Bock, and Peter Enns, present their answers to questions about the use of the Old Testament in the New Testament, addressing elements such as Divine and human authorial intent, context of passages, historical and cultural considerations, the theological grounds for different interpretive methods. Each author applies his framework to specific texts so that readers can see how their methods work out in practice. Each contributor also receives a thorough critique from the other two authors. *Three Views on the New Testament Use of Old Testament* gives readers the tools they need to develop their own views on the meaning, contexts, and goals behind the New Testament citations of the Old. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows

readers to evaluate the different positions on a specific issue and form their own educated opinion *Reading Scripture with the Church* A. K. M. Adam, Stephen E. Fowl, Kevin J. Vanhoozer, Francis Watson, 2006-10-01 Theological interpretation of the Bible is key to the health and vitality as well as the belief and practice of the church Just how it is done has been the subject of much discussion and debate over the centuries In *Reading Scripture with the Church* four leading biblical scholars make the case for theological interpretation Each author is given the opportunity to interact with the other three and all four interact with premodern modern and postmodern approaches to biblical interpretation This is an important book for pastors teachers and other serious students of the Bible who will be motivated to embrace the task of interpreting the Bible with greater energy caution and precision
