Why Isn't Government Policy More Preventive? Paul Cairney, Emily St Denny, 2020-01-09 If prevention is better than cure why isn't policy more preventive Policymakers only have the ability to pay attention to and influence a tiny proportion of their responsibilities and they engage in a policymaking environment of which they have limited understanding and even less control This simple insight helps explain the gap between stated policymaker expectations and actual policy outcomes *Why Isn't Government Policy more Preventive* uses these insights to produce new empirical studies of wicked problems with practical lessons The authors find that the UK and Scottish governments both use a simple idiom prevention is better than cure to sell a package of profound changes to policy and policymaking Taken at face value this focus on prevention policy seems like an idea whose time has come Yet prevention is too ambiguous until governments give it meaning No government has found a way to turn this vague aim into a set of detailed consistent and defensible policies This book examines what happens when governments make commitments without knowing how to deliver them It compares their policymaking contexts roles and responsibilities policy styles language commitments and outcomes in several cross cutting policy areas including health families justice and employability to make sense of their experiences The book uses multiple insights from policy theory to help research and analyse the results The results help policymakers reflect on how to avoid a cycle of optimism and despair when trying to solve problems that their predecessors did not

Innovative Approaches to EU Multilevel Implementation Eva Thomann, Fritz Sager, 2019-10-23 Multi level governance systems like the European Union EU calibrate integration with member state discretion in order to implement common yet context sensitive solutions to shared policy problems Research on implementation in the EU typically focuses on legal compliance with EU policy However this focus gives us an incomplete picture of EU implementation its diversity and practice The contributions of this collection represent a shift toward a more performance oriented perspective on EU implementation as problem solving They approach implementation fundamentally as a process of interpretation of superordinate law by actors who are embedded within multiple contexts arising from the coexistence of dynamics of Europeanization on the one hand and what has been termed domestication on the other Moving beyond legal compliance the

contributions provide new evidence on the diversity of domestic responses to EU policy the roles and motivations of actors implementing EU policy and the black box of EU law in action and its enforcement By reassessing the relative importance of EU policy and domestic factors and actors for the outcomes of EU implementation the results give insight into on the nuanced interplay between Europeanization and domestication forces useful for both EU researchers and practitioners The chapters originally published as a special issue in the Journal of European Public Policy Governance and Democracy in the Asia-Pacific Stephen McCarthy, Mark R. Thompson, 2020-03-17 This book explores the theoretical and empirical relationship between democracy and governance in the Asia Pacific region Examining a variety of country cases and themes addressing the theoretical tension between governance and democracy it illuminates how this impacts political and civil societies across the region Analysing the character structure and current trajectories of polities in the Asia Pacific democratic or otherwise this book demonstrates that the role of civil society political society and governance has significantly differed in practice from what has been commonly assumed within the international community The book includes both theoretical investigations tracing the modern development of the concepts of governance development and democratization as well as regional and country specific observations of major issues presenting comprehensive country level studies of China Singapore Thailand Cambodia the Philippines Myanmar Fiji and the Solomon Islands Presenting fascinating insight into non democratic governance civil society and the rule of law in illiberal contexts Governance and Democracy in the Asia Pacific will prove to be of great use to students and scholars of Asian politics and society as well as international and comparative politics *Policy Accumulation and the Democratic Responsiveness Trap* Christian Adam, Steffen Hurka, Christoph Knill, Yves Steinebach, 2019-04-11 Responsiveness to societal demands entails policy accumulation which undermines the ability of democracies to communicate implement and evaluate public policy *Research Handbook on Health Care Policy* Martin Powell, Tuba I.
