Rediscovering Values On Wall Street Main Street And Your Street

David S. Dockery

Rediscovering Values On Wall Street Main Street And Your Street:

Rediscovering Values Jim Wallis, 2010-01-05 When we start with the wrong question no matter how good an answer we get it won't give us the results we want Rather than joining the throngs who are asking When will this economic crisis be over Jim Wallis says the right question to ask is How will this crisis change us The worst thing we can do now Wallis tells us is to go back to normal Normal is what got us into this situation We need a new normal and this economic crisis is an invitation to discover what that means Some of the principles Wallis unpacks for our new normal are Spending money we don't have for things we don't need is a bad foundation for an economy or a family It's time to stop keeping up with the Joneses and start making sure the Joneses are okay The values of commercials and billboards are not the things we want to teach our children Care for the poor is not just a moral duty but is critical for the common good A healthy society is a balanced society in which markets the government and our communities all play a role The operating principle of God's economy says that there is enough if we share it And much much more In the pages of this book Wallis provides us with a moral compass for this new economy one that will guide us on Wall Street Main Street and Your Street Embracing a New Economy Getting back to the way things were is not an option It is time we take our economic uncertainty and use it to find some moral clarity Too often we have been ruled by the maxims that greed is good it's all about me and I want it now Those can be challenged only with some of our oldest and best values enough is enough we are in it together and thinking not just for tomorrow but for future generations Jim Wallis shows that the solution to our problems will be found only as individuals families friends churches mosques synagogues and entire communities wrestle with the question of values together Handbuch

Evangelikalismus Frederik Elwert, Martin Radermacher, Jens Schlammelcher, 2017-07-15 Die Evangelikalen sind eine der am schnellsten wachsenden religiösen Bewegungen weltweit und gewinnen zunehmend auch im deutschsprachigen Raum an Bedeutung Dieses Handbuch vermittelt erstmals in deutscher Sprache einen Gesamtüberblick über die christlichen Gruppen die im weitesten Sinne unter dem Begriff Evangelikalismus zusammengefasst werden können Nach einführenden Kapiteln zu Begriff und Forschungsstand erläutern führende Expert_innen die Geschichte und globale Ausbreitung evangelikaler Gruppen Systematisch werden Lehre und Praxis dieser christlichen Glaubensformen dargestellt und Sozialformen sowie

Verflechtungen mit gesellschaftlichen Funktionsbereichen z.B. Wirtschaft Politik und Wissenschaft beleuchtet Agenda for a New Economy David C. Korten, 2010-07-05 The author of When Corporations Rule the World presents a critical handbook for economic revolution in this revised and updated edition Despite the lessons learned from the economic meltdown of 2008 we are more vulnerable than ever to the same kind of economic havoc Wall Street executives have returned to their culture of massive bonuses and our leaders in Washington remain unwilling to make desperately needed fundamental changes to the economy Change will instead have to come from below Agenda for a New Economy is the handbook for that revolution In this revised and updated edition David Korten has fleshed out his vision of the alternative to the corporate Wall Street economy a

Main Street economy based on locally owned community oriented living enterprises whose success is measured as much by their positive impact on people and the environment as by their positive balance sheet We will lose nothing in the process because as Korten ably demonstrates the supposed services Wall Street offers are simply a con game And Korten now offers more in depth advice on how to mount a grassroots campaign to bring about an economy based on shared prosperity ecological stewardship and citizen democracy Public Policy Jonathan Boston, Andrew Bradstock, David L. Eng, 2010-10-01

Ethics is a vigorously contested field There are many competing moral frameworks and different views about how normative considerations should inform the art and craft of governmental policy making What is not in dispute however is that ethics matters The ethical framework adopted by policy analysts and decision makers not only shapes how policy problems are defined framed and analysed but also influences which ethical principles and values are taken into account and their weighting As a result ethics can have a profound impact both on the character of the policy process and the choices made by decision makers PUBLIC POLICY WHY ETHICS MATTERS brings together original contributions from leading scholars and practitioners with expertise in various academic disciplines including economics philosophy physics political science public policy and theology The volume addresses three main issues first the ethical considerations that should inform the conduct of public officials and the task of policy analysis second the ethics of climate change and third ethics and economic policy While the contributors have varying views on these important issues they share a common conviction that the ethical dimensions of public policy need to be better understood and given proper attention in the policy making process *American Grace* Robert D. Putnam, David E. Campbell, 2012-02-21 Based on two new studies American Grace examines the impact of religion on American life and explores how that impact has changed in the last half century **(No More) Mediocre Me** John E. Michel, 2013-01-01 If you were to account for your life at this moment are you living up to your own potential Does your present state of affairs give you reason to be disappointed or discouraged Is your job unsatisfying your relationships far from what they could be your spiritual life a mere shadow of what it once was If you answered yes to one or more of these questions then there is a very good chance you like scores of other Americans have been lulled into accepting a life that is simply good enough This is what I term a Mediocre Me Mindset a confining way of thinking about your role in the world that convinces you to settle for the perceived safety of the status quo rather than push outside your comfort zone to try and make tomorrow a little better than you found it today In Mediocre Me you will find a simple yet profoundly powerful approach to rethinking the way you view your role in the world It s a proven means of breaking free from the grasp of mediocrity so you can lead a life of true purpose meaning and significance And perhaps the best part of all it s not a new idea The concepts in Mediocre Me are actually anchored in an over two thousand year old legend One that reminds us we are at our individual and collective best not when we are standing still unwitting prisoners of the status quo but rather when we are unafraid to reject apathy and embrace action by leading the positive change we want to see occur in our surroundings Ralph Waldo

Emerson once wrote America is another name for opportunity At a time in our nation s history when we seem more divided than united more fearful than hopeful there can be no more fence sitting It s time to begin writing a different more empowering personal leadership story of your own One that will energize you to do what you can when you can where you can to be a force for good in your part of the world when doing so is needed now more than ever **Sightings** Brett Colasacco,2019-01-24 For the past twenty years Martin Marty and the editors of Sightings a digital publication of the University of Chicago Divinity School s Martin Marty Center have published informed accessible and witty commentary on religion in current events Featuring more than seventy authors including Marty himself Eboo Patel and Krista Tippett this book collects one hundred of the best essays that originally appeared in Sightings Religion in public life fluctuates in temperature but in the last twenty years the religious climate has produced some harsh and extreme conditions that make the need for public discussion and understanding of religion more vital than ever In this volume writers intelligently engage and elucidate many critical trends issues and practices of faith in our pluralistic world Rich food for thought awaits readers here *Faith-Based Policy* John Chandler,2013-12-16 In 2001 George W Bush created the White House Office of Faith Based and Community Initiatives The driving force behind the policy was to create a level playing field where faith based organizations could compete on an equal footing with secular organizations for government funding of social aid programs Given on the one hand the continuation of faith based policy under Barack Obama and on the other the continued support by the vast majority of the American people for some form of such policy the need has emerged to clearly understand what this policy is and the issues that it raises Why First because the policy reveals new paradigms that explode traditional political and religious designations such as conservative liberal or evangelical progressive Secondly it is a policy which is setting precedents that with time will only become more entrenched in the institutional fabric of American government and the values of the culture Finally it does not seem to be a policy that is likely to just go away And if it won t go away then how should responsible policy be conducted While John Chandler s *Faith Based Policy A Litmus Test for Understanding Contemporary America* responds to this need to understand it also acknowledges that there is already a substantial amount of documentation available which taken together provides a comprehensive though sometimes biased picture of faith based policy This book contributes a relatively brief impartial analysis that draws on and synthesizes the available information More specifically in order to dissipate the confusion surrounding the perceptions that many have had concerning the intention and meaning of the policy this book provides insight into 1 the theological visions of the faith based actors behind the policy 2 how these actors have tried to apply these visions as the program has evolved in the 2000s 3 the divisiveness and debate that has characterized the faith based experiment and 4 how all of the above may be held up for contemplation by the reader as a mirror of developing American culture Together for the Common Good Nicholas Sagovsky,2015-03-09 What does the term common good means to thinkers of different primarily but not exclusively Christian traditions This book will explore

how the term is used both practically and theoretically **The Bible: Culture, Community, Society** Angus Paddison, Neil Messer, 2013-03-28 This book brings ethical political historical and theological questions into contact with the Bible as a living authoritative text Working with Words Stanley Hauerwas, 2011-02-16 The crucial challenge for theology is that when it is read the reader thinks This is true Recognizing claims that are true enables readers to identify an honest expression of life's complexities The trick is to show that theological claims the words that must be used to speak of God are necessary if the theologian is to speak honestly of the complexities of life The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary This new collection of essays lectures and sermons by Stanley Hauerwas is focused on the central challenge risk and difficulty of this necessity working with words about God The task of theology is to help us do things with words God is not a word peculiar to theology but if God is a word to be properly used by Christians the word must be disciplined by Christian practice It should therefore not be surprising that like any word we must learn how to say God *Christian Leadership Essentials* David S. Dockery, 2011-03-15 *Christian Leadership Essentials* finds university president David S. Dockery assembling a great wealth of tried and true insights on the distinctive methods of leading Christian organizations and institutions No matter how much experience a faith based leader may already have there are plenty of fresh thoughts and indispensable guiding principles here on topics including finance and budget planning mission and vision employee relations theological foundations mentoring crisis management and more A majority of the nineteen contributors are active academic presidents including Robert B Sloan Houston Baptist University A Biblical Model of Leadership Judson Carlberg Gordon College Managing the Organization Jon Wallace Azusa Pacific University Financial Oversight and Budget Planning Evans Whitaker Anderson University South Carolina Development Campaigns and Building Projects Carl Zylstra Dordt College Accreditation and Government Relations Jim Edwards Anderson University Indiana Relationships with Multiple and Various Constituencies Phil Eaton Seattle Pacific University Employee Relations in a Grace filled Community Barry Corey Biola University Engaging the Culture and Randall O'Brien Carson Newman College The Leader as Mentor and Pastor From Wall Street to Main Street Reginald F. Davis, 2013-10-24 *From Wall Street to Main Street* the moral toxicity in our country is alarming There are frightening signs that America is on the same path to destruction as the Roman Empire was before its fall Since America has embraced secular progressivism and redefined its traditional spiritual values our nation has greatly declined History points to the judgment of God that came upon nations for their moral toxicity Unless America repents returns to God reorders its priorities and sets its financial house in order future generations will ask Why has the mighty fallen America needs to heed Abraham Lincoln who said America will never be destroyed from the outside If we falter and lose our freedom it will be because we destroyed ourselves from within *From Wall Street to Main Street* is a trumpet blast not only to alert Americans to our spiritual and moral decline but also to encourage our citizens to save this great republic Our struggle is not merely social economic and political it is spiritual There

is hope and this hope is in the struggle to make God justice and morality central in our nation once again **My Neighbor's Faith: Stories of Interreligious, Encounter, Growth, and Transformation** Jennifer Howe Peace, 2012 This groundbreaking volume gathers an array of inspiring and penetrating stories about the interreligious encounters of outstanding community leaders scholars public intellectuals and activist from the United States Europe and the Middle East With wisdom wit courage and humility these writers from a range of religious backgrounds share their personal experience of border crossing and the lessons learned from their interreligious adventures We live in the most religiously diverse society in the history of humankind Every day people of different religious beliefs and practices encounter one another in a myriad of settings How has this new situation of religious diversity impacted the way we understand the religious other ourselves and God Can we learn to live together with mutual respect working together for the creation of a more compassionate and just world Contributors include Mary Boys Rita Nakishima Brock Arthur Green Ruben Habito Paul Knitter Michael Lerner Eboo Patel Judith Plaskow Paul Raushenbush Arthur Waskow and many more *Living Into Hope* Rev. Joan Brown Campbell, 2010 Inspires and challenges us to live life fully not carefully or cautiously but wholly engaged with the world and with the messiness of humanity and dares us to claim our freedom to care to risk and to step out into the unknown and live as people of hope *Christian Ethics* Stivers, Laura, A., Martin-Schramm, James B., 2020-08-15 The fifth edition of this classic introduction to Christian ethics via the case method approach utilizing case studies of contemporary ethical issues **Christ Across the Disciplines** Roger Lundin, 2013-10-03 In Christ across the Disciplines a group of distinguished scholars from across the theological spectrum explores the dynamic relationship between the Christian faith and the life of the mind Although the essays in this volume are rooted in a rich understanding of the past they focus primarily on how Christian students teachers and scholars might best meet the challenges of intellectual and cultural life in a global world This book ranges widely over the broad terrain of contemporary academic and cultural life covering such topics as the enormous growth of political activism in late twentieth century evangelicalism the dynamics of literature and faith in the African American experience the dramatic implications of globalization for those who profess Christ and practice the life of the mind and more **The Routledge Companion to Critical Marketing** Mark Tadajewski, Matthew Higgins, Janice Denegri-Knott, Rohit Varman, 2018-09-21 The Routledge Companion to Critical Marketing brings together the latest research in Critical Marketing Studies in one authoritative and convenient volume The world's leading scholars and rising stars collaborate here to provide a survey of this lively subdiscipline In doing so they demonstrate how a critical approach yields an enriched understanding of marketing theory and practice its role in society and its relationship with consumers themselves It is the first attempt to capture the state of Critical Marketing research in many years As such this seminal work is unmissable for scholars and students of marketing and consumer research as well as those exploring sociology media studies anthropology and consumption scholarship more generally *Both Swords and Ploughshares* Ineke Bockting, Linda

Martz,2015-10-13 This collection of essays examines interactions of war peace and religion in the United States a country where religious faith was and still is often deeply felt and widely held where faith has provided a set of values to uphold with fervor or to transgress in protest and where religion has been used to legitimize both armed violence and passive resistance These essays analyze the mythos of America as a place of religious freedom yet one imbued with a socially imposed civil religion and underpinned by a heavy presumption of Protestant dominance With subjects ranging from the War of Independence to the early 21st century the contributions to this volume focus on a variety of historical and chronological circumstances in order to consider what concrete tangible outcomes what artifacts were produced by the interface of war peace and religion the swords and ploughshares of the title This volume thus presents a variety of often multifaceted responses that reflect its interdisciplinary scope Some contributions refer to fine art pieces including statues paintings and murals and others to works of literature theology or public speaking Some of these interfaces were performed on stage or in film while yet others were heard on the radio or read in newspapers or journals Some of the essays gathered here concern individuals working through the meaning of armed conflict in terms of their own personal faith while others examine the impact of such conflicts on a larger scale as with whole faith communities or in the shaping of national or foreign policy The first part Communities looks at interfaces that served to structure a whole community The second Margins examines instances where the relationship between religion and war and peace has occupied a more marginal space within a faith community The final section turns this interface Outward situating it away from American soil or noting how foreign war shaped the spirituality of those returning

#Occupy the Bible Susan Thistlethwaite,2013-11-07 Jesus of Nazareth said and did a lot about money and power in his own time But Jesus wasn't a free market capitalist despite what some conservative Christians would like us to believe in the twenty first century Jesus occupied the Temple in Jerusalem effectively the national bank of his time and threw out those who were exploiting the poor Jesus organized fishermen whose industry had been wrecked by the Roman Empire His followers included powerful women of means who were last at the cross first at the tomb and who went on to become missionaries Jesus taught in the streets preaching that God's side is not that of the wealthy and powerful and that all believers need to confront inequality now Occupy the Bible is an eye opening no holds barred look at the real message of Jesus using the Scriptures that are foundational for the Christian faith Occupy the Bible is also a practical how to guide for potential Christian occupiers people sincerely committed to confronting the rising poverty and economic inequality in the United States using the powerful unvarnished message of Jesus of Nazareth

The Enigmatic Realm of **Rediscovering Values On Wall Street Main Street And Your Street**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Rediscovering Values On Wall Street Main Street And Your Street** a literary masterpiece penned by a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of people who partake in its reading experience.
