Reel To Real:

My Religion: Reel or Real? Rev. Benjamin A. Vima, 2013-09-27 As the cradle religion I belong to has been at every age probing into her managing and conserving of the Mysterious Treasures entrusted to her with the enlightenment offered by Vatican Council II I too longed to scrutinize my own handling of Catholic Christian Faith I wanted to examine whether the religion I practice personally was real or reel tTrue or false gGenuine or false aAuthentic or artificial hHeartfelt or routine fFruitful or poisonous oOriginal or counterfeit sSingle hearted or double hearted Certainly as a priest I had lot of occasions like recollections and retreats regularly to regularly assess the genuineness of my religious holdings and practices Though I began 10ten years back gathering all my scribbles and journals of evaluation about my personal religion I started putting them seriously into a book form only after Pope Benedict XVI announced year 2012 as the Year of Faith I considered it a call from God who wanted to befriend me more intensely and to promote to my friends this habit of assessing ones own faith This is how this book was conceived and shaped This book can be considered as a self imposed act of examining my conscience about the identity nature and application and practice of religion in my life I hope and pray this effort of mine will surely assist my readers do the same not only during this Year of Faith as it would be ended 24 November 24 2013 but also later on in life when tumult of waves and trials is daunting against our faith and religion **Public Privates** Marcia R.

Movie Medievalism Nickolas Haydock,2014-01-10 This work offers a theoretical introduction to the portrayal of medievalism in popular film Employing the techniques of film criticism and theory it moves beyond the simple identification of error toward a poetics of this type of film sensitive to both cinema history and to the role these films play in constructing what the author terms the medieval imaginary The opening two chapters introduce the rapidly burgeoning field of medieval film studies viewed through the lenses of Lacanian psychoanalysis and the Deleuzian philosophy of the time image The first chapter explores how a vast array of films including both auteur cinema and popular movies contributes to the modern vision of life in the Middle Ages while the second is concerned with how time itself functions in cinematic representations of the medieval The remaining five chapters offer detailed considerations of specific examples of representations of medievalism in recent films including *First Knight* *A Knight s Tale* *The Messenger* *The Story of Joan of Arc* *Kingdom of Heaven* *King Arthur* *Night Watch* and *The Da Vinci Code* The book also surveys important benchmarks in the development of Deleuze s time image from classic examples like Bergman s *The Seventh Seal* and Kurosawa s *Kagemusha* through contemporary popular

cinema in order to trace how movie medievalism constructs images of the multivalence of time in memory and representation

hemorrhage while under Czech police interrogation for having signed the human rights manifesto Charta 77. Although many of his works are available in French and German in this volume, Erazim Kohák has translated Patocka's central philosophical texts into English for the first time. As a student and personal friend of Husserl, Patocka was keenly aware of the focal role of reason in the constitution of experienced reality. Simultaneously, as a student of Heidegger, he was no less aware of the irreducible autonomy of that reality. This double recognition led Patocka on a lifelong philosophical quest for a synthesis that would bridge modernity's split between the freedom of humans and the givenness of the world, and more broadly between the Enlightenment and romanticism. For the philosophical reader, Patocka's perceptive writings provide the most helpful key to understanding the basic modern dialogue acted out by Husserl and Heidegger. Yet Patocka, widely respected for his writings on culture and the arts as well as for his studies of J. A. Comenius and the history of science, offers much more: a comprehensive attempt to come to terms with our intellectual heritage and our divided present. Kohák, as well as translating the writings, provides a comprehensive introduction covering the full scope of Patocka's thought and a complete bibliography of his writings. The result is an intellectually rich volume equally well suited as an introduction to Patocka, an advanced study in phenomenology, and a historical insight into philosophy behind the Iron Curtain since 1938. *Forever Stardust* Will Brooker, 2017-01-30. Most of the many books about David Bowie track his artistic changes chronologically throughout his career. This book uniquely examines Bowie's sameness: his recurring themes, images, motifs, and concepts as an artist across all his creative work, from lyrics and music through to costumes, storyboards, films, plays, and painting. To be published on Bowie's 70th birthday, *Forever Stardust* looks at Bowie's work not as a linear evolution through calendar time to his tragic death in January 2016, but as a matrix, a dialogue, a network of ideas that echo back and forth across the five decades of his career, interacting with each other and with the surrounding culture. It explores Bowie's creative output as a whole, tracing the repetitions and obsessions that structure his work, discovering what they tell us about Bowie in all his forms, from Ziggy Stardust to David Jones. David Bowie challenged cultural expectations from the early 1970s until his final masterpiece, *Blackstar*. *Forever Stardust* offers a new understanding of this remarkable, significant artist. *The Distractions* Liza Monroy, 2025-01-14. Solitary tech worker Mischa Osborn is mourning the shelving of her passion project: an artificial intelligence algorithm capable of love. When a chance encounter with a social media celebrity leads her spiraling into an all-consuming obsession, simultaneously, someone or something is watching. Mischa Osborn spends her days as a ProWatcher, keeping distracted people on task and lonely ones accompanied from her Brooklyn Megabuilding while eating PetriMeat Steaks and working out with her favorite personal trainer, a straight-talking algorithm named Tory. Her carefully constructed, isolated existence is suddenly upended by a chance realspace encounter with a HighlightReel celebrity, Nicol's Ad n Luchano. On their first date, hiking in Kuulsuits and watching DroneBeez pollinate flowers, Mischa experiences a brief but intense realspace connection. Mischa takes to relentlessly watching Nic on Reel. As Mischa's ReelWatching spirals into an all

consuming obsession and even realspace stalking Mischa takes increasingly desperate measures to be seen and valued sucking others into her vortex of obsession until she completely loses control Meanwhile someone is equally obsessed with Mischa tracking her every move and perhaps even influencing her choices A tale of how technology enables obsession envy and unrelenting comparison told through an eccentric cast of interconnected characters The Distractions invites us to reflect on who we are watching and why
