*Gender Power and Mediation* Jamila A Chowdhury, 2012-11-30 This book investigates the practice of family mediation and some of the challenges that may hinder its effective use by marginalised groups in a society Those challenges include gendered power disparity and family violence especially towards women and the discussion extends to how the challenges can be overcome through a practice of evaluative mediation to provide fair outcomes for women Unlike other contemporary books on mediation this book not only discusses different theories of power and equity in mediation it also includes a number of verbatim quotes from different mediation sessions to demonstrate how those theories are operationalised in a real life context While other contemporary texts on mediation focus on Western style facilitative mediation and its limitations in attaining fair justice for women enduring gendered power disparity and family violence this text emphasises an evaluative mediation style that is embedded in Eastern social practices Instead of focusing on gendered power disparity and family violence as limitations on the practice of facilitative mediation this book details the practice of evaluative mediation which may provide fair justice to women despite the presence of gendered power disparity and family violence in a society

MacMillan's Magazine Sir George Grove, David Masson, John Morley, Mowbray Morris, 1892 *Australian Books in Print* 1995 Thorpe, D. W., Staff, 1995-04 This unique reference provides detailed bibliographic information on over 60 000 in print books published in or about Australia or written by Australian authors There are also details on over 3 000 publishers distributors whose titles are represented as well as information on all trade associations literary awards more *Research Handbook on the Politics of Constitutional Law* Mark Tushnet, Dmitry Kochenov, 2023-11-03 This Research Handbook deals with the politics of constitutional law around the world using both comparative and political analysis delivering global treatment of the politics of constitutional law across issues regions and legal systems Offering an innovative critical approach to an array of key concepts and topics this book will be a key resource for legal scholars and political science scholars Students with interests in law and politics constitutions legal theory and public policy will also find this a beneficial companion Marriage Law and Practice in the Long Eighteenth Century Rebecca Probert, 2009-07-02 This book uses a wide range of primary sources legal literary and demographic to provide a radical reassessment of eighteenth century marriage It disproves the widespread assumption that couples married simply by exchanging consent demonstrating that such exchanges were regarded merely as contracts to marry and that marriage in church was almost universal outside London It shows how the Clandestine Marriages Act of 1753 was primarily intended to prevent clergymen operating out of London's Fleet prison from conducting marriages and that it was successful in so doing It also refutes the idea that the 1753 Act was harsh or strictly interpreted illustrating the courts pragmatic approach Finally it establishes that only a few non Anglicans married according to their own rites before the Act while afterwards most save the exempted Quakers and Jews similarly married in church In short eighteenth century couples complied with whatever the law required for a valid marriage

*The Legal, Medical and Cultural Regulation of the Body* Stephen W. Smith, 2016-03-03 The regulation of the body provides an important concern in law medical practice and culture This volume contributes to existing research in the area by encouraging experts from a range of related disciplines to consider the legal cultural and medical ways in which we regulate the body further exploring how conceptions of self liberalism property and harm inform and influence contentious legal and ethical questions about what we can and cannot do to or with our own bodies **New Constitutional Horizons**

Cormac S. Mac Amhlaigh, 2022-03-21 We live in a pluralist world of multi level law and governance More than ever before multiple legal systems and governing authorities at different levels sub state state supranational international are recognized as applying to and claiming authority over the affairs of the same sets of individuals and institutions Yet our constitutional theories fail to adequately capture this pluralist state of affairs This book examines some of the key conceptual and theoretical puzzles which the contemporary state of multilevel pluralism poses for our constitutional theories It offers fresh perspectives on these questions by addressing the pluralism of norms and authorities from the viewpoint of legality and legitimacy respectively proposing novel solutions for pluralizing constitutional theory in the light of contemporary multilevel governance Our turbulent times are on a steady trajectory of ever more pluralism of law and governance to tackle the defining social and political problems of our age including populism pandemic and climate change and this book provides an essential intervention in debates on how to pluralize constitutional theory to better understand and perhaps more importantly legitimize the tools to address these increasingly shared problems *Research Handbook on Partnering across the Life Course*

**Contingency in International Law** Ingo Venzke, Kevin Jon Heller, 2021-04-22 This book poses a question that is deceptive in its simplicity could international law have been otherwise Today there is hardly a serious account left that would consider the path of international law to be necessary and that would refute the possibility of a

different law altogether But behind every possibility of the past stands a reason why the law developed as it did Only with a keen sense of why things turned out the way they did is it possible to argue about how the law could plausibly have turned out differently The search for contingency in international law is often motivated as it is in this volume by a refusal to resign to the present state of affairs By recovering past possibilities this volume aims to inform projects of transformative legal change for the future The book situates that search for contingency theoretically and carries it into practice across many fields with chapters discussing human rights and armed conflict migrants and refugees the sea and natural resources foreign investments and trade In doing so it shows how politically charged questions about contingency have always been

The Judicial House of Lords Louis Blom-Cooper QC, Brice Dickson, Gavin Drewry, 2009-08-13 The House of Lords served as the highest court in the UK for over 130 years In 2009 the new UK Supreme Court took over its judicial functions closing the doors on one of the most influential legal institutions in the world and a major chapter in the history of the UK legal system This volume gathers over 40 leading scholars and practitioners from the UK and beyond to provide a comprehensive history of the House of Lords as a judicial institution charting its role working practices reputation and impact on the law and UK legal system The book examines the origins of the House's judicial work the different phases in the court's history the international reputation and influence of the House in the legal profession the domestic perception of the House outside the law and the impact of the House on the UK legal tradition and substantive law The book offers an invaluable overview of the Judicial House of Lords and a major historical record for the UK legal system now that it has passed into the next chapter in its history

**Global Politics** Aggie Hirst, Diego de Merich, Joe Hoover, Roberto Roccu, 2023 Global Politics Myths and Mysteries is an innovative introduction to key concepts in international relations exposing the myths of the discipline and making critical thinking engaging and relatable for students

**The European Codification Process** Ugo Mattei, 2003-01-01 This volume contains thoughts on the issue of Codification of European Private Law and on the present state of European Private Law by one of the protagonists of the debate that is unfolding in Europe Taking a sometimes

sharply critical view Professor Mattei attempts to unveil what he considers biases strategies and ideologies that affect the European legal process The work attempts to open a basic and genuine political debate between legal scholars which he considers an unavoidable prerequisite of any major reform process in private law Challenging the claim of technocratic neutrality shared by much of the most influential European legal academy the author uses the tools of Comparative Law and Economics to set priorities on the table and to show some of the real stakes of the present process The work explores fundamental areas of European private law from the sources to contracts to trust law
