Livre Technique Viet Vo Dao :

SELF-DEFENSE, méthodes et applications Rodolphe Bodmer, 2012-02-19 Dans la technique on y trouve la force la souplesse la ruse la stratégie l'illusion la comédie etc Ce sont des techniques que les animaux utilisent dans la nature par rapport leurs capacités L'homme depuis la nuit des temps observe tout ce que lui entoure jusqu'à l'au-delà de sa galaxie mais certains ne voient pas plus loin que le bout de leur nez dans certaines situations Cela est dû au fait que nous avons perdu notre instinct naturel de survie par une vie calme et sédentaire jusqu'au jour où l'on se fait agresser et l'on reste paralysé de peur exactement comme quand on tombe l'eau et l'on ne sait pas nager Savoir nager n'est pas synonyme de survie mais cela vous donnera confiance en vous et vous vous battrez pour sauver votre vie C'est ainsi que la pratique de la self-défense vous donnera confiance en vous Toute technique sans force de volonté n'est pas efficace cent pour cent c'est pour cela que l'esprit va de pair avec la technique

Buddhism and Politics in Twentieth Century Asia Ian Harris,2010-07-15 In this study a team of international scholars assess the manner in which Buddhist organizations and individuals have resisted come to terms with or in some cases allied themselves with the forces of war modernity westernization nationalization capitalism communism and ethnic conflict By examining issues such as left right divisions in the monastic order the rise of organized lay movements Buddhist social activism as well as explicitly Buddhist inspired political activity this book seeks to demonstrate that the emphasis on meditation and mental training is only one strand in this richly complex world historical tradition

The Divine Eye and the Diaspora Janet Alison Hoskins,2015-02-28 What is the relationship between syncretism and diaspora Caodaism is a large but almost unknown new religion that provides answers to this question Born in Vietnam during the struggles of decolonization shattered and spatially dispersed by cold war conflicts it is now reshaping the goals of its four million followers Colorful and strikingly eclectic its outrageous syncretism incorporates Chinese Buddhist and Western religions as well as world figures like Victor Hugo Jeanne d Arc Vladimir Lenin and in the USA Joseph Smith the founder of Mormonism The book looks at the connections between the age of revelations 1925 1934 in French Indochina and the age of diaspora 1975 present when many Caodai leaders and followers went into exile Structured in paired biographies to trace relations between masters and disciples now separated by oceans it focuses on five members of the founding generation and their followers or descendants in California showing the continuing obligation to honor those who forged the initial vision to bring the gods of the East and West together Diasporic congregations in California have interacted with New Age ideas and stereotypes of a Walt Disney fantasia of the East at the same time that temples in Vietnam have re opened their doors after decades of severe restrictions Caodaism forces us to reconsider how anthropologists study religious mixtures in postcolonial settings Its dynamics challenge the unconscious Eurocentrism of our notions of how religions are bounded and conceptualized
