Sheila Heti, 2012-06-19 Chosen as one of fifteen remarkable books by women that are shaping the way we read and write in the 21st century by the book critics of The New York Times Funny odd original and nearly unclassifiable unlike any novel I can think of David Haglund The New York Times Book Review Brutally honest and stylistically inventive cerebral and sexy San Francisco Chronicle Named a Book of the Year by The New York Times Book Review The New Yorker San Francisco Chronicle Salon Flavorpill The New Republic The New York Observer The Huffington Post A raw startling genre defying novel of friendship sex and love in the new millennium a compulsive read that's like spending a day with your new best friend Bookforum Reeling from a failed marriage Sheila a twentysomething playwright finds herself unsure of how to live and create When Margaux a talented painter and free spirit and Israel a sexy and depraved artist enter her life Sheila hopes that through close sometimes too close observation of her new friend her new lover and herself she might regain her footing in art and life Using transcribed conversations real emails plus heavy doses of fiction the brilliant and always innovative Sheila Heti crafts a work that is part literary novel part self help manual and part bawdy confessional It's a totally shameless and dynamic exploration into the way we live now which breathes fresh wisdom into the eternal questions What is the sincerest way to love What kind of person should you be *The Self-Help Compulsion* Beth Blum, 2020-01-28 Samuel Beckett as a guru for business executives James Joyce as a guide to living a good life The notion of notoriously experimental authors sharing a shelf with self help books might seem far fetched yet a hidden history of rivalry influence and imitation links these two worlds In *The Self Help Compulsion* Beth Blum reveals the profound entanglement of modern literature and commercial advice from the late nineteenth century to the present day Blum explores popular reading practices in which people turn to literature in search of practical advice alongside modern writers rebukes of such instrumental purposes As literary authors positioned themselves in opposition to people like Samuel Smiles and Dale Carnegie readers turned to self help for the promises of mobility agency and practical use that serious literature was reluctant to supply Blum unearths a series of unlikely cases of the love hate relationship between serious fiction and commercial advice from Gustave Flaubert's mockery of early DIY culture to Dear Abby's cutting diagnoses of Nathanael West and from Virginia Woolf's ambivalent polemics against self improvement to the ways that contemporary global authors such as Mohsin Hamid and Tash Aw explicitly draw on the self help genre She also traces the self help industry's tendency to popularize quote and adapt literary wisdom and considers what it might have to teach today's university Offering a new history of self help's origins appeal and cultural and literary import around the world this book reveals that self help's most valuable secrets are not about getting rich or winning friends but about how and why people read *Authorship's Wake* Philip Sayers, 2020-12-10 *Authorship's Wake* examines the aftermath of the 1960s critique of the author epitomized by Roland Barthes's essay *The Death of the Author* This critique has given rise to a body of writing that confounds generic distinctions

separating the literary and the theoretical Its archive consists of texts by writers who either directly participated in this critique as Barthes did or whose intellectual formation took place in its immediate aftermath These writers include some who are known primarily as theorists Judith Butler others known primarily as novelists Zadie Smith David Foster Wallace and yet others whose texts are difficult to categorize the autofiction of Chris Kraus Sheila Heti and Ben Lerner the autotheory of Maggie Nelson These writers share not only a central motivating question how to move beyond the critique of the author subject but also a way of answering it by writing texts that merge theoretical concerns with literary discourse Authorship s Wake traces the responses their work offers in relation to four themes communication intention agency and labor

[Girl on Girl](#) Sophie Gilbert, 2015-04-29 Named a most anticipated book of Spring by Washington Post Harper's Bazaar Marie Claire Bustle LitHub Our Culture Kirkus AV Club and WNYC From Atlantic critic and Pulitzer Prize finalist Sophie Gilbert a blazing critique of early aughts pop culture What happened to feminism in the twenty first century This question feels increasingly urgent in a moment of cultural and legislative backlash when widespread uncertainty about the movement's power focus and currency threatens decades of progress Sophie Gilbert identifies an inflection point in the late 1990s and early 2000s when the energy of third wave and riot grrrl feminism collapsed into a regressive period of hyper objectification sexualization and infantilization Mining the darker side of nostalgia Gilbert trains her keen analytic eye on the most revealing cultural objects of the era across music film television fashion tabloid journalism and more What she recounts is harrowing from the leering gaze of the paparazzi to the gleeful cruelty of early reality TV and a burgeoning internet culture vicious toward women in the spotlight and damaging for those who weren't Gilbert tracks many of the period's dominant themes back to the rise of internet porn which gained widespread influence as it began to pervade our collective consciousness The result is a devastating portrait of a time when a distinctly American blend of excess materialism and power worship collided with the culture's reactionary puritanical and chauvinistic currents Amid a collective reconsideration of the way women are treated in public *Girl on Girl* is a blistering indictment of the matrix of misogyny that undergirded the cultural production of the early twenty first century and continues to shape our world today

What Should We Tell Our Daughters? Melissa Benn, 2013-09-26 We have reached a tricky crossroads in modern women's lives and our collective daughters are bearing the brunt of some intolerable pressures Although feminism has made great strides forward since our mothers and grandmothers day many of the key issues equality of pay equality in the home representation at senior level in the private public and political sectors remain to be tackled Casual sexism in the media and in everyday life is still rife and our daughters face a

host of new difficulties as they are bombarded by images of unrealistically skinny airbrushed supermodels celebrity role models who depend on their looks and partners for status and by competitive social media The likes of Natasha Walter and Katie Roiphe deal with feminism from an adult point of view but our daughters need to be prepared for stresses that are coming into play now as early as pre school This is a manifesto for every mother who has ever had to comfort a daughter who doesn't feel pretty for every young woman who outperforms her male peers professionally and wonders why she is still not taken seriously and for anyone interested in the world we are making for the next generation

The Digital Banal Zara Dinnen, 2018-01-02 Contemporary culture is haunted by its media Yet in their ubiquity digital media have become increasingly banal making it harder for us to register their novelty or the scope of the social changes they have wrought What do we learn about our media environment when we look closely at the ways novelists and filmmakers narrate and depict banal use of everyday technologies How do we encounter our own media use in scenes of waiting for e mail watching eBay bids programming as work and worrying about numbers of social media likes friends and followers Zara Dinnen analyzes a range of prominent contemporary novels films and artworks to contend that we live in the condition of the digital banal not noticing the affective and political novelty of our relationship to digital media Authors like Jennifer Egan Dave Eggers Sheila Heti Jonathan Lethem Gary Shteyngart Colson Whitehead Mark Amerika Ellen Ullman and Danica Novgorodoff and films such as The Social Network and Catfish critique and reveal the ways in which digital labor isolates the individual how the work of programming has become an operation of power and the continuation of the Californian ideology which has folded the radical into the rote and the imaginary into the mundane The works of these writers and artists Dinnen argues also offer ways of resisting the more troubling aspects of the effects of new technologies as well as timely methods for seeing the digital banal as a politics of suppression Bridging the gap between literary studies and media studies The Digital Banal recovers the shrouded disturbances that can help us recognize and antagonize our media environment

Eros, Pleasure, Friendship, and The Good Life James J. Winchester, 2025-07-03 The book invites its readers to explore the role erotic love pleasure and friendship play in crafting a good life These topics are enduring themes that

captures the heart of human existence and have been the focus of many works of philosophy and literature. However, there remains scope for further examination. This book offers a compelling case to expand the exploration beyond the preponderance of white male canonical figures that have dominated the field in order to include an array of scholars that more accurately capture the diversity of humanity. It does so by drawing on Greek, Asian, African, Continental, and Feminist thinkers and exploring a myriad of literary works to illustrate and interrogate the theories.

The Narrowing Alexandra Shaker, 2025-03-04. A powerful reframing of anxiety. Anna Mathur, author of *The Uncomfortable Truth*. Compassionate, thoughtful, and nuanced. I loved this beautiful, brilliant book. Lucy Jones, author of *Matrescence*. A transformative and compassionate exploration of anxiety. Galit Atlas, Ph.D., author of *Emotional Inheritance*. Most of us are intimately familiar with anxiety and with its increasing hold on our minds, our hopes and plans, and our bodies. But how well do we really understand it, and what can we do to transform it into something new, into resilience or courage or creativity? In this extraordinary book, Dr. Alexandra Shaker, a clinical psychologist, takes us on a journey through the body, from brain to blood to heart to guts, to examine the connections between our emotional, psychological, and physical lives. She unravels what the body can teach us about anxiety and what we can learn from our long cultural history of the anxious impulse. Melding psychology, neuroscience, history, and literature, she considers why, despite all the checklists and scientific advancements, we are still struggling to outrun our oldest terrors, and how a new approach focused on accepting anxiety as part of the human condition can help revolutionise our relationship with it.
