Joustra, 2022-03-28 Christian realism is undergoing a renaissance in both American Christianity and around the world Caught between globalist liberalism on the one hand and pragmatic realism on the other Christians are in search of international ethics a standard and tradition in foreign policy that takes the two great books of life the Christian Scriptures and the world we live in seriously This book is an extended edited collection that mines the tradition of Christian realism in international relations and finds in it voices and mentors urgently fresh for a new age With classic authors like Reinhold Niebuhr Herbert Butterfield Paul Ramsey and Jean Bethke Elshtain and contemporaries like Marc LiVecche Rebecca Heinrichs and others this collection offers for the first time an organization periodization and collection of primary Christian realist sources for the initiate and the expert in foreign relations Remnant Christianity in a Post-Christian World W. Paul Jones, 2021-11-03 The contemporary Christian church is in critical decline both in membership and finances All attempts at reversal are failing primarily because of the consuming socioeconomic secular dynamic in which society is immersed in its self destructive course Consequently Christian imagery is losing its conceivability and credibility and past motivations that once encouraged belief have lost their appeal Without these as points of contact the demise of the institutional church will be relentless despite all efforts to halt it Yet as at other crisis points in history the divine promise has been to raise a faithful remnant with sufficient promise to outlast whatever the societal demise After carefully analyzing the ingredients of our societal crisis the author develops the contours of a Remnant Church to be set in place now within the present institutional churches This necessitates distilling a vital spirituality and discerning the heart of a preservable tradition sufficient to claim both personal and communal commitment Thereby prepared for the long haul the Remnant Church can emerge as a prophetic alternative

Although Christianity is the world's largest religion there is confusion over what it means to be Christian within contemporary society For individuals it is difficult to find form or receive a Christian identity let alone maintain one within a secular world Within organizations such as the church and professions there is often a disconnection between public and private identities and the reality of being Christian in our culture For society there is the problem of disparate portrayals of Christianity the marginalized status of Christianity with an associated lack of influence of Christians on our society and the ongoing shaping of Christian identity by the public arena itself Associated questions are should Christians try to engage in and even shape the public arena and if so how This volume examines the problem of confused and misunderstood Christian identity in a post Christian age It suggests ways of shaping Christian identity for the benefit of individuals and for the common good The importance of well formed Christian identities is illustrated by research and analysis of selected professions so that the public life of Christians can be more fulfilling and effective This book will be valuable for all those who are interested in religious identity within a secular society People of faith and religious organizations will benefit from a penetrating analysis of what it means to be Christian today Similarly those whose work involves the church counseling education and the performing arts will find specific applications that address concerns about faith in the workplace **The**

End of Youth Ministry? (Theology for the Life of the World) Andrew Root, 2020-03-17 What is youth ministry actually for And does it have a future Andrew Root a leading scholar in youth ministry and practical theology went on a one year journey to answer these questions In this book Root weaves together an innovative first person fictional narrative to diagnose the challenges facing the church today and to offer a new vision for youth ministry in the 21st century Informed by interviews that Root conducted with parents this book explores how parents perspectives of what constitutes a good life are affecting youth ministry In today s culture youth ministry can t compete with sports test prep and the myriad other activities in which young people participate Through a unique parable style story Root offers a new way to think about the purpose of youth ministry not happiness but joy Joy is a sense of experiencing the good For youth ministry to be about joy it must move beyond the youth group model and rework the assumptions of how identity and happiness are imagined by parents in American society

Prophecy in a Secular Age David True, 2021-02-09 The place of religion within a secular society has been much discussed in recent years fueled in part by Charles Taylor s *Secular Age* 2007 The conversation surrounding Taylor s work suggests a widespread interest in religion in secular or post secular contexts Even as scholars have become increasingly interested in emerging and novel forms of religion prophecy has continued to be depicted in traditional forms employed to further partisan agendas In place of secularity as religious declension and culture clash this volume explores prophetic works in a variety of forms including satire tragedy the novel Native American tradition science fiction the Bible and higher education itself Together the contributors demonstrate that there is much to learn from both religious and secular prophecy The book is inspired by the idea that prophetic works are a promising subject area for a diverse audience in both higher education and the church The volume s contributors demonstrate as much in that they work in a wide range of disciplines including religious studies biblical studies theology American studies literature philosophy and political theory

Revelation 1-11 (ITC) Peter J. Leithart, 2018-02-22 The Book of Revelation is the last book in the canon of the New Testament and its only apocalyptic document though there are short apocalyptic passages in various places in the gospels and the epistles This first of two volumes on Revelation offers systematic and thorough interpretation of the book of Revelation Revelation brings together the worlds of heaven earth and hell in a final confrontation between the forces of good and evil Its characters and images are both real and symbolic spiritual and material and it is frequently difficult to know the difference between them Revelation s cryptic nature has ensured that it would always be a source of controversy This commentary focuses on the theological content gleaned the best from both the classical and modern commentary traditions and showing the doctrinal

development of Scriptural truths Scholarship on the book of Revelation has nonetheless not only endured but even captured the imagination of generations of Bible students both professionals and laypeople alike Through its focus on the message of the book through scholarly analysis this International Theological Commentary reconnects to the ecclesial tradition of biblical commentary as an effort in ressourcement though not slavish repetition

Age of Anxiety Anthony M. Wachs, Jon D. Schaff, 2019-11-29 Age of Anxiety Meaning Identity and Politics in 21st Century Film and Literature analyzes literature and films that speak to our age of anxiety resulting from the decline of narratives that provided individuals with a meaningful human life The authors argue that the twentieth century sought to free individuals from the constraints of authoritative cultural traditions and institutions liberating the autonomous self Yet this has given rise to anxiety rather than liberation Instead of deriving one's sense of purpose from one's role and place within a community the consumer has been deceived into thinking that their identity can be purchased through the meaning represented by the conspicuous consumption of a brand The same phenomenon manifests itself in politics within recent populist revolts against globalist politics In addition the rapid pace of technological development is driving an unprecedented faith in the malleability of human beings raises doubts as to what it means to be a person Utilizing paradigms from the fields of Communication Rhetoric and Political Philosophy the book shows how the self has been displaced from its natural habitat of the local community The book traces the origins of modern anxiety as well as possible remedies Considered in the book are such popular culture artifacts as Downton Abbey WALL E HackSaw Ridge Westworld and Lord of the Rings and zombie films

What Are We Waiting For? William H. Petersen, 2017-09-01 Offers a new perspective on Advent including resources Everyone knows that Advent is about waiting but author William H Petersen asks what are we waiting for In this book he argues for a liturgical renewal in the life and mission of the Church by proposing an expanded seven week observance of Advent taking its cue from the shape and substance of the Revised Common Lectionary while noting and critiquing the Church's complicity in the Christmas culture Resources for a more authentic observance of Advent other than a simple short four week count down to Christmas are proposed and presented With a renewed emphasis on eschatological formation into the Body of Christ during an expanded season this counter cultural approach gets beyond the secular and commercial Christmas preparation madness Instead it provides the Church and the seasonally harried Christians who make up the Church with the opportunity to enter each new liturgical year not simply as engaging a routine cycle but with ever deeper understandings broader horizons and higher expectations in furthering our life and mission as reflection and agent of the Reign of God Kingdom of Christ

Jesus in the everyday tasks of being human Each episode offers at least one group activity that is designed to catalyze group action on your local stage and build your congregation's practice of taking off the old ways of being human and putting on the true image of God Christ The Drama concludes with additional tools for those who lead small groups in the heartwork of discipleship as well as a neighborhood survey for those who lead congregations in the fieldwork of discipling the nations

The Pastor in a Secular Age (Ministry in a Secular Age Book #2) Andrew Root, 2019-06-18 In Faith Formation in a Secular Age the first book in his Ministry in a Secular Age trilogy Andrew Root offered an alternative take on the issue of youth drifting away from the church and articulated how faith can be formed in our secular age In The Pastor in a Secular Age Root explores how this secular age has impacted the identity and practice of the pastor obscuring his or her core vocation to call and assist others into the experience of ministry Using examples of pastors throughout history from Augustine and Jonathan Edwards to Martin Luther King Jr and Nadia Bolz Weber Root shows how pastors have both perpetuated and responded to our secular age Root turns to Old Testament texts and to the theology of Robert Jenson to explain how pastors can regain the important role of attending to people's experiences of divine action offering a new vision for pastoral ministry today
