Howard Hughes His Life And Madness:

Howard Hughes Donald L. Barlett, James B. Steele, 2011-04-11 The life that inspired the major motion picture The Aviator starring Leonardo DiCaprio and directed by Martin Scorsese Howard Hughes has always fascinated the public with his mixture of secrecy dashing lifestyle and reclusiveness This is the book that breaks through the image to get at the man Originally published under the title Empire The Life Legend and Madness of Howard Hughes *Howard Hughes* James B. Steele, Donald L. Bartlett, 2012-11 Whether he was courting public attention in the roles of aviator playboy and entrepreneur or shunning it as a recluse Howard Hughes commanded headlines throughout his career Yet the image of his life his power and his business empire that caught the public imagination was almost completely false Hughes s fortune actually came from his father s tool company and later from the Hughes Aircraft Company yet these flourished simply because Hughes was prevented from interfering in their workings In fact Hughes was a disastrous businessman no company under his control ever built a successful aircraft he nearly destroyed TWA and completely destroyed a major film studio and even his gambling empire in Las Vegas was crippled by corruption His personal life was even more disastrous he feared rightly that he was mad and spent most of his fortune and the last 18 years of his life trying to prevent anyone finding out He spent his time naked eating little addicted to drugs and tranquillisers a physical wreck and died surrounded by men who nurtured his madness for their own ends
