Feminist Politics, Intersectionality and Knowledge Cultivation Radhika Govinda,2025-02-11 In Feminist Politics Intersectionality and Knowledge Cultivation Radhika Govinda engages with intersectionality as critical theory as critical methodology and as critical pedagogy to make sense of feminist politics in India and beyond and knowledge making on feminist politics as such In doing so she makes a case for theory making conducting empirical research and classroom teaching to be understood as integral parts of knowledge cultivation each feeding into the other Differently put the book encapsulates Govinda s engagement spanning fifteen years and four case studies exploring what insights an intersectional lens throws up and how these insights complicate our understandings of marginality privilege and solidarity in the field of women s and gender studies in feminist classrooms in women s and social movements in particular NGO led feminist activism state led development initiatives and digital feminist campaigns and in everyday social relations in rural and urban spaces Uncovering interrogating and disrupting the politics of coloniality and feminist complicity is an important

running thread in the book Through a reflexive account of her own location and practice in the academy at the cusp of the global north and the global south Govinda highlights the importance of being attentive to intersectional positionality and to the contextual specificities of engaging in feminist politics and knowledge making in the age of global neoliberalism
