Speaking of Duke Richard H. Brodhead, 2017-03-02 Over the course of his thirteen years as president of Duke University Richard H Brodhead spoke at numerous university ceremonies community forums and faculty meetings and even appeared on The Colbert Report *Speaking of Duke* collects dozens of these speeches in which Brodhead speaks both to the special character and history of Duke University and to the general state of higher education In these essays Brodhead shows a university thinking its way forward through challenges all institutes of higher education have faced in the twenty first century including an expanding global horizon an economic downturn that has left a diminished sense of opportunity and a shaken faith in the value of liberal arts education and pressure to think more deeply about issues of equity and inclusion His audiences range

from newly arrived freshmen and new graduates both facing uncertainty about how to build their future lives to seasoned faculty members. On other occasions he makes the case to the general public for the enduring importance of the humanities. What results is a portrait of Duke University in its modern chapter and the social and political climate that it shapes and is shaped by. While these speeches were given on official occasions they are not impersonal official pronouncements; they are often quite personal and written with grace, humor, and an unwavering belief in the power of education to shape a changing world for the better. Brodhead notes that it is an underappreciated fact that a great deal of the exercise of power by a university leader is done through speaking by articulating the aspirations of the school and the reasons for its choices and by voicing the shared sense of mission that gives a learning community its reality. Speaking of Duke accomplishes each of those and demonstrates Brodhead's conviction that higher education is more valuable now than ever. *Unbecoming Modern* Saurabh Dube, Ishita Banerjee-Dube, 2006. *Unbecoming Modern: Colonialism, Modernity, Colonial Modernities* explores the vital impact of the colonial pasts of India, Mexico, China, and even the United States on the processes through which these countries have become modern. The collection is unique as it brings together a range of disciplines and perspectives. The topics discussed include the Zapatista movement in southern Mexico, the image of the South in recent African American literature, the theories of Andre Gunder Frank about the early modernization of Asian countries, and the contradictions of the colonial state in India.

Modern Pagan and Native Faith Movements in Central and Eastern Europe Kaarina Aitamurto, Scott Simpson, 2014-10-20. The resurgence of religiosity in post-communist Europe has been widely noted, but the full spectrum of religious practice in the diverse countries of Central and Eastern Europe has been effectively hidden behind the region's range of languages and cultures. This volume presents an overview of one of the most notable developments in the region: the rise of Pagan and Native Faith movements. *Modern Pagan and Native Faith Movements in Central and Eastern Europe* brings together scholars from across the region to present both systematic country overviews of Armenia, Bulgaria, the Czech Republic, Hungary, Latvia, Lithuania, Poland, Romania, Russia, Slovenia, and Ukraine, as well as essays exploring specific themes such as racism and the internet. The volume will be of interest to scholars of new religious movements, especially those looking for a more comprehensive picture of contemporary paganism beyond the English-speaking world.

Moss Beach June Morrall, 2010. Moss Beach has long been a picturesque seaside place with scenic cliffs and unusual marine gardens. The town is separated from the dense San Francisco area by Devil's Slide, a moody geographical barrier of tumbling rocks that now supports U.S. Highway One. The developers of the Ocean Shore Railroad envisioned Moss Beach as one of a string of resorts along the San Mateo County coastline. The railroad did not endure, but the automobile era brought prosperity to the secluded area, which hummed with activity during Prohibition and became a strategic and controlled location during World War II. Early settler Jurgen Wienke, who built the original Moss Beach Hotel in the 1880s, would be amazed at how this little town has evolved. Abundantly endowed with natural beauty, the Moss Beach of yesterday can still be
