Maya Angelou Mary Jane Lupton, 2016-01-18 This book presents the extraordinary life and writings of Maya Angelou. It examines the changing viewpoints in her six autobiographies within the context of women's and African American autobiographies, with specific reference to the slave narrative and to contemporary fiction and film. *Maya Angelou: The Iconic Self* examines this iconic artist's work as an autobiographer, offering an up to date assessment of Angelou's contributions to American literature and to American and international culture. This is the only book to interpret Angelou's autobiographies as unique experiments in the history of black narrative. It attests to Angelou's creativity in transforming the typical single volume autobiography into a six volume personal and cultural adventure that tells the truth but reads like fiction. The narratives cover the years from the Great Depression, 1941, to the days following the assassinations of Malcolm X, 1965, and Martin Luther King, 1968, emphasizing Angelou's roles as mother, daughter, granddaughter, wife, and friend. This revised edition also presents information about Maya Angelou's funeral and her continuing legacy since her death in 2014. The depth and scope of the book's observations regarding Angelou's autobiographies will be of great interest to readers seeking an analysis of the interconnections among Angelou's writings, as well as serve students taking courses in women's studies or black culture studies.

Singing Down the Barriers Emery Stephens, Caroline Helton, 2023-07-03 Never has there been a more urgent time to foster cultural humility, diversity, and community dialogue while addressing systemically exclusionary teaching practices in vocal music. *Singing Down the Barriers* offers readers from all ethnic backgrounds a space in which to better understand the historical and cultural barriers to researching, programming, and performing repertoire by composers from the African diaspora. Emery Stephens and Caroline Helton present a pedagogical guide for singers, singing teachers, students, and administrators that will assist not only with programming but also in creating sustainable, brave spaces for critical conversations on race, equity, and American music. The book is divided into three parts. Part one presents historical context for African American song from the 19th century to the 21st century. Part two examines the culture of academic institutions and provides a framework for positive change. Part three
