Ask and analyse 100 typical IELTS Speaking Part One questions

Without looking below, choose a number at random. Your partner will ask you that question from below. Continue until your teacher stops the game, switching roles after each question. You can try to avoid or get the same questions as other people by remembering the numbers if you like, but you can't write the numbers down. If you can't understand the question that you are supposed to ask, ask your teacher what it means. If the person answering doesn't understand the question, they should ask their partner to repeat, explain or rephrase the question.

Other useful functions for the person answering the question:

1   Checking (again) what the question means

2   Commenting on the question/ Filling silence while pausing for thought/ Dealing with difficult questions

3   Commenting on the match or possible (mismatch) between the question and the answer

4   Vague language/ Saying you are not sure (e.g. you can't remember exactly)

5   Changing your mind halfway through an answer/ Correcting wrong information

6   Explaining things that the examiner might not know or understand (e.g. names of things which are specific to your country)

7   Giving reasons

8   Different (past, present or future) time expressions ("a few days ago" etc)

9   Different tenses and other similar verb forms ("planning to" etc)
