act of questioning authority on either side of that bridge is guaranteed to evoke furious emotions in those who believe they already know the truth Bill Sweet's Journey into Prayer is the story of a father and son who courageously risked everything to explore the power of prayer an overview of what they discovered and a poignant reminder of the risks faced by all true pioneers Dean Radin Ph D Senior Scientist Institute of Noetic Sciences Author of The Conscious Universe and Entangled Minds interviewed in the movie What the Bleep Down the Rabbit Hole The name Spindrift is synonymous with what at first seems an oxymoron the scientific study of prayer This group's ground breaking work which has been part of an enormous shift in consciousness was brought forth at great personal cost the apparent suicides of the father son research team Bill Sweet's meticulous account reads like a mystery one that may never be solved But regardless of the tragedy the Spindrift research is an important part of the bridge between science and Spirit May all the good these researchers have done return to them as an enduring blessing of peace Joan Borysenko Ph D Author Seven Paths to God and A Woman's Journey to God cofounder and former Director of the Mind Body Clinic Harvard Medical School This book describes the work of some original thinkers supported by over 20 years of meticulous experimental and analytical research of ingenious design It bears on the nature of prayer and of healing and of powers of the human mind little appreciated by most people Because the philosophical background and the experimental work differs from the mainstream the research and its important implications for all of us has been largely overlooked Bill Sweet's homely and disarming writing style presents the material in a personal way that is easily accessible to readers of all backgrounds Read it enjoy it and save your judgment until you have finished and pondered it a while Theodore Rockwell nuclear engineer and Author of The Rickover Effect and Creating The New World

Grant, 2018-08-20 Divorce book for women Take back your power and create a new and better life What women often face in a divorce Feelings of loss grief and rage are common during divorce But one of the most debilitating feelings women going through divorce experience is paralyzing impotence While a woman may act forcefully to protect her children during the process she is less likely to be as vigilant about her own well being Sadly many divorce professionals lawyers mediators forensic accountants and therapists prey upon women who are dealing with this life changing experience Enter family law attorney Ann E Grant Ann Grant author of The Divorce Hacker's Guide to Untying the Knot began her career as a corporate litigator specializing in unfair business practices and consumer fraud After her divorce she created her own firm focusing on family law and a holistic approach to this life transition She lives and practices in Manhattan Beach California My purpose is to help you not just survive divorce but to obtain what you need to thrive as you begin to create your new story In The Divorce Hacker's Guide to Untying the Knot Ann Grant will help you take back your power by clarifying your rights concerning finances home children and work life She does this with a combination of empathy and practicality recognizing how difficult some actions may be Her step by step assessments checklists and to do lists are always broken down and made manageable Grant's goal is to give readers what she

provides her clients Insider information that will not only make their divorce successful but also establish their own lives firmly and successfully on a positive fresh new standing Take action Learn what you need to know Take back your power And create a new and better life If you have read Divorce Poison A Parent s Guide to Divorce or Putting Children First you will want to read The Divorce Hacker s Guide to Untying the Knot Broken Brain, Fortified Faith Virginia Pillars,2016-09-06 The terms mental illness and mental health are often used casually but many don t believe mental illness is relevant to their lives However studies show that more people live with mental illness than heart disease lung disease and cancer combined Broken Brain Fortified Faith is the story of one family s journey through schizophrenia navigating the uncharted waters of mental illness to find help for their daughter Amber and support for their family This memoir is an honest look at the stress anger education and finally hope experienced through eyes of a mother Along the way she questions her trust in God as their family encounters setbacks inadequate treatments and additional family health crises but with the help of trusted family friends education and support groups author Virginia Pillars learns to rely on her faith as she faces the challenges that often accompany mental illness **The Energies of Love** Donna Eden,David Feinstein,2014-09-04 A relationship begins with the meeting of two unique energies This union of energies determines the way you communicate fight love and want to be loved Donna Eden and David Feinstein draw on the real life experiences of couples who have attended their popular Energies of Love workshops as well as their own experience as husband and wife to show how an understanding of your energy system and that of your partner can help you build a more harmonious and loving bond We all have different ways of making sense of the world around us but when faced with conflict especially with those we care most about we tend to revert to one of four Energetic Stress Styles Visuals are extremely passionate and inspire others In moments of conflict their take on the situation can overshadow what is occurring undermining their ability to empathize with their partner Kinaesthetics are generous and compassionate but their caring nature pulls them in too many directions They try to meet others needs at the expense of their own causing resentment Digitals are rational and principled but they can become closed to others perspectives and feelings Tonals have a gift for understanding others but during conflict they can often misinterpret the signs hearing what was never said felt or thought The Energies of Love is filled with tools to help you diffuse arguments and energy exercises to increase your overall sense of joy and wellbeing This practical guide serves as a powerful resource for anyone who wishes to build a rich partnership while maintaining the spark that keeps a relationship exciting Spiritual Activism Wanda Krause,2013-12-06 Steve Jobs and others like him teach us about a higher or inner knowledge and about the use of spiritual keys for success These keys work because they are linked to universal laws that govern our universe regardless of whether we choose to learn and live by them or not Our actions all have consequences People who choose to recognize the consequence of success use keys governed by basic physics They consciously choose actions according to notions of principles Wanda Krause calls people who have learned these keys or principles and actively use them spiritual activists In

her book *Spiritual Activism Keys for Personal and Political Success* Krause provides 12 keys for success that include principles taught by mystics and are grounded in physical laws of the universe Through observations interviews and direct participation with hundreds of activists over a 12 year period she has found their challenges are becoming more and more complex yet they are still able to discover keys to success no matter what country they are in the various aspects of the culture around them or the particular challenges they face Krause presents ten activists stories to show how they achieve real success Themes include overcoming personal challenges such as substance abuse or cancer creating true miracles entrepreneurship service after a life of abandonment post war peace politics around new environmental threats terrorism politics around nuclear programs lessons from the Arab Spring compassionate justice and a new world economic system The activists provide awareness of their concerns while they provide guidance and examples using spiritual keys For Krause whether struggles are considered personal or political they are all embedded in power dynamics that must be transformed and it is her belief that spiritual activism is the only sustainable way forward It is important to note not all of those she identifies in her book as spiritual activists affirm a religious belief some are atheists some are agnostic the important message here is these are imperfect beings that truly align their goals with conscious duty and purpose with a strong inner calling and principled action *Spiritual Activism* offers the essential keys to success with success defined as achieving all that is going to help readers live with purpose These 12 keys include Living Your Purpose Spiritual Intelligence Energy Vibrations Interdependence The Law of Attraction Purification Developing Your Whole Self Beliefs of the Mind The Law of Love Intention for Manifestation Prayer Faith in the Divine Readers will easily identify with the spiritual activists in Krause s book there is nothing otherworldly or extraordinary about them other than their chosen commitment to lead a life filled with meaning and as a result they are helping to change the world for the betterment of everyone [A Moment with Eternity](#)
