

The book cover features a central illustration of a young woman with dark, curly hair and a pale complexion, looking directly at the viewer with a somber expression. She is wearing a dark, high-collared garment with a red, ruffled or lace-like detail around the neckline. The background is dark and atmospheric, with faint, ethereal figures or spirits visible in the shadows. The entire scene is framed by a large, ornate, golden oval mirror. In the background, several lit candles are visible, casting a warm, flickering light. The overall mood is gothic and mysterious.

The Jewel of Annual Astrology Martin Gansten, Balabhadra Daivajña, 2020-08-03 The Jewel of Annual Astrology is an encyclopaedic treatise on Tjika or Sanskritized Perso-Arabic astrology dealing particularly with the casting and interpretation of anniversary horoscopes. Authored in 1649 CE by Balabhadra Daivaj, a court astrologer to Shih Shuj governor of Bengal and second son of the Mughal emperor Shih Jah, it casts light on the historical development of the Tjika school by extensive quotations from earlier works spanning five centuries. With this first ever scholarly edition and translation of a Tjika text, Martin Gansten makes a significant contribution not only to the study of an important but little known knowledge tradition but also to the intellectual historiography of Asia and the transmission of horoscopic astrology in the medieval and early modern periods.

Whispers In The Dark Danielle Brittney Turner-Otero, 2025-03-06 Returning to her desolate childhood home after years away, Evelyn Harper is thrust into an eerie journey through memory and fear. The mansion once grand and vibrant now sits like a menacing specter on the hill, its crumbling walls and shadow-filled corners filled with secrets. As Evelyn reacquaints herself with the house's haunting atmosphere, unsettling echoes of the past begin to surface: a broken music box playing an eerie tune, shadowy whispers in empty rooms, and a photograph with a cryptic warning from her late mother. What begins as an attempt to confront the ghosts of her family's legacy unravels into something far darker as Evelyn discovers that the house is more than just a relic of her past; it's alive with the weight of something watching, waiting. To uncover the truth, she must piece together the fragments of her family's history while grappling with the growing paranoia that the house itself may not let her escape.

Welfare and vulnerability: Findings from the second round of the Myanmar Household Welfare Survey (April - June 2022) Myanmar Agriculture Policy Support Activity, 2022-09-14 The second round of the Myanmar Household Welfare Survey (MHWS), a nationally and regionally representative phone survey, was implemented between April and June 2022. It follows from a first round that was carried out between December 2021 and February 2022. This report discusses the findings from the second round related to shocks, livelihoods, coping strategies, and food security. We find that 19.6 percent of households reported security and climatic shocks in the three months prior to their interview. Further, there is an uptick in reported crime, violence, and insecurity across communities in the second round compared with the first. Theft is also an important issue, with 32 percent of households burglarized. Fifty-five percent of households report a lower income in the beginning of 2022 compared to 12 months earlier. Eighty-three percent of households use at least one coping strategy to meet daily needs during the month prior to the survey. The three most common coping strategies are spending savings, reducing nonfood expenditure, and reducing food expenditure. Seventeen percent of households have poor or borderline food consumption, more than in round one (R1) when the share was 9.4 percent. This change is in part driven by a decrease in animal-sourced food consumption from 5.0 days a week in R1 to 3.9 days a week in round two (R2). Finally, hunger is an issue.

for 40 percent of households Regression analysis reveals that self reported community insecurity and climatic shocks are strongly associated with negative outcomes for income coping and food security Finally households in Kayah and Chin are the most vulnerable they report insecurity violence and crime in their communities and compared to the other states regions are more likely to have income loss poor food consumption and hunger **Queens and Chaos** Jonathon Mast ,2023-03-01 Madelyn is going to Fae The pirates are taking Madelyn to face the Queens of Fae themselves She needs to convince them to help But Fae is a dangerous place filled with strange challenges The disaster eats away at the realm Fae flee in all directions And Queens care only for themselves Madelyn will be pushed to her limits and beyond as she faces this newest challenge
