Hyperbole and a Half Allie Brosh, 2013-10-29 This is a collection of Allie Brosh's wonderful and painful stories about how she learned to cope with life with ADHD combining astute observational stories with naive illustrations *HandiLand* Elizabeth A. Wheeler, 2019-08-21 *HandiLand* looks at young adult novels fantasy series graphic memoirs and picture books of the last 25 years in which characters with disabilities take center stage for the first time These books take what others regard as weaknesses for instance Harry Potter's headaches or Hazel Lancaster's oxygen tank and redefine them as part of the hero's journey *HandiLand* places this movement from sidekick to hero in the political contexts of disability rights movements in the United States the United Kingdom and Ghana Elizabeth A. Wheeler invokes the fantasy of *HandiLand* an ideal society ready for young people with disabilities before they get there as a yardstick to measure how far we've come and how far we still need to go toward the goal of total inclusion The book moves through the public spaces young people with disabilities have entered including schools nature and online communities As a disabled person and parent of children with disabilities Wheeler offers an inside look into families who collude with their kids in shaping a better world Moving funny and beautifully written *HandiLand* *The Crippest Place on Earth* is the definitive study of disability in contemporary literature for young readers *Metaphors of Mental Illness in Graphic Medicine* Sweetha Saji, Sathyaraj Venkatesan, 2021-10-21 This book investigates how graphic medicine enables sufferers of mental illness to visualise the intricacies of their internal mindscape through visual metaphors and reclaim their voice amidst stereotyped and prejudiced assumptions of mental illness as a disease of deviance and violence In this context by using Lakoff and Johnson's conceptual metaphor theory CMT this study uncovers the broad spectrum of the mentally ill's experiences a relatively undertheorised area in medical humanities The aim is to demonstrate that mentally ill people are often represented as either grotesquely exaggerated or overly romanticised across diverse media and biomedical discourses Further they have been disparaged as emotionally drained and unreasonable individuals incapable of active social engagements and against the healthy sane society The study also aims to unsettle the sanity insanity binary and its related patterns of fixed categories of normal abnormal which depersonalise the mentally ill by critically analysing seven graphic narratives on mental illness *Hyperbole and a Half* Allie Brosh, 2013-10-29 1 New York Times Bestseller Funny and smart as hell Bill Gates Allie Brosh's *Hyperbole and a Half* showcases her unique voice leaping wit and her ability to capture complex emotions with deceptively simple illustrations FROM THE PUBLISHER Every time Allie Brosh posts something new on her hugely popular blog *Hyperbole and a Half* the internet rejoices This full color beautifully illustrated edition features more than fifty percent new content with ten never before seen essays and one wholly revised and expanded piece as well as classics from the website like *The God of Cake Dogs* *Don't Understand Basic Concepts Like Moving* and her astonishing *Adventures in Depression and Depression Part Two* which

have been hailed as some of the most insightful meditations on the disease ever written Brosh's debut marks the launch of a major new American humorist who will surely make even the biggest scrooge or snob laugh We dare you not to FROM THE AUTHOR This is a book I wrote Because I wrote it I had to figure out what to put on the back cover to explain what it is I tried to write a long third person summary that would imply how great the book is and also sound vaguely authoritative like maybe someone who isn't me wrote it but I soon discovered that I'm not sneaky enough to pull it off convincingly So I decided to just make a list of things that are in the book Pictures Words Stories about things that happened to me Stories about things that happened to other people because of me Eight billion dollars Stories about dogs The secret to eternal happiness These are lies Perhaps I have underestimated my sneakiness
