I Reality And Subjectivity David R Hawkins:

I David R. Hawkins, 2003 This book explains the very essence of consciousness as it evolved from its primordial appearance as life on earth on up through evolution as the human ego and hence the transcendence of the ego as the spiritual Reality of Enlightenment and the Presence of Divinity The uncommon clarity and lucidity with which the highly evolved subject matter is presented facilitates the reader's understanding and comprehension The nature of consciousness is described in terms that recontextualize and simplify the spiritual process The nonlinear reality of the enlightened sage is thereby made comprehensible to the reasoning mind *The Eye of the I* David R. Hawkins, MD/PHD, 2013-08-01 A brilliant work that dissolves the barriers between the known and the unknown science and spirituality and Enlightenment from world renowned author psychiatrist clinician and spiritual teacher David R Hawkins M D Ph D Delve deep into the mysteries of consciousness and the spiritual realm in this classic by Dr David Hawkins a leading figure in the field of self realization and personal development This groundbreaking work illuminates your path to spiritual growth awakening and enlightenment by exploring the intricate mind body connection and the power of positive thinking I consider myself a student of David Hawkins and return to his books and work time and time again His wisdom deeply resonates with my lived experiences he is often able to beautifully articulate what I cannot put into words Vex King The Eye of the I which calibrates at 950 is more advanced than Power vs Force which calibrates at 850 and brilliantly reveals the very core of the spiritual process critical to the state of Enlightenment This is the second volume of a trilogy that began with Power vs Force and came before the third volume entitled I Reality and Subjectivity The intrinsic power of the information in this classic will elevate the consciousness of the reader Included are verbatim dialogues with advanced students instructions and explanations that illuminate the spiritual teachings The Eye of the I dissolves the barriers between the Newtonian linear paradigm of the ego and the nonlinear reality of Enlightenment With the resolution of the self the Self shines forth and reveals one's true identity With a blend of metaphysics meditation and motivational wisdom this book is your key to unlocking an elevated consciousness and achieving personal transformation An essential read for anyone on a spiritual journey or those seeking enlightenment offering guidance and encouragement for awakening and raising your consciousness So open your mind nurture your spirit and embrace your highest self with Dr David Hawkins and join the millions of readers whose lives have been transformed by his empowering philosophy *Daily Reflections from Dr. David R. contribute to them Success comes about automatically from knowing where to look Not what to look for but where to look We do not look at what we have nor at what we do but at what we are Once we find within ourselves what we've been searching for we won't have to bother looking out there We can't own that which is great within ourselves unless we learn to recognize it in others Peace comes with total inner surrender to what is By continuously letting go it is possible to stay in that state of freedom Feelings come and go and eventually you realize that you are not your feelings but that the real you is merely witnessing them

A new paradigm of reality? Gonzalo Rodríguez-Fraile, 2015-11-04 The vision that culture has historically offered about reality has failed to help humans to live fully or to achieve their potential A knowledge revolution has been taking place in recent years that once it is understood can completely transform human beings offering new solutions to personal and collective problems because their root causes have been identified at last What we now know means that we can understand spiritual truths and their multiple dimensions without abandoning rationality This new vision is strong enough to put an end to human suffering and boost inner peace which is for what every being human yearns New science sees an intelligent design in the whole Universe Quantum physics has revolutionized our knowledge of reality All scientists are now aware of the quantum enigmas but not everyone agrees on how to interpret them This book offers an interpretation that might explain them and one that is based on the idea of science within consciousness As you read the book it will become evident that this interpretation most closely resembles the vision of reality that both the perennial wisdom of Humanity and the teachings of the great spiritual masters have offered us throughout history The first part of the book outlines briefly what some of the leading thinkers on science and philosophy have to say about reality and how this new vision of the world is converging with what the perennial wisdom of Humanity has been saying throughout our history The second part seeks to explain what can happen to us when we are exposed to this new knowledge and how all of us can change inside ourselves in the light of this information This book aims to unite not divide helping Humanity to raise its level of consciousness allowing us to live a higher quality life in accordance with our spiritual dimension

power of positive thinking i.e. how thoughts and attitude can shape their future yet despite a plethora of books on this subject no previous author has credibly explained how mere thoughts are able to tangibly influence future events To explain the connection Dr Donlan presents a new paradigm of nature coupled with a viable explanation of how our right cerebral hemisphere has evolved circuitry that can tap into the hidden domain of the metaphysical To support this premise he exposes the reader to the worlds of physics metaphysics brain architecture and evolution Donlan then introduces the many problems associated with the current model and contrasts it with a new view which remedies many of the issues facing theoretical

physicists today Important to its central theme the book s proposed paradigm supports the remarkable notion that the future can only be created with thoughts In the final analysis the author brings his readers through the necessary steps to put this knowledge to work to help them pre ordain their own realities **Ordaining Reality in Brief** Joseph E. Donlan,2009 Many people believe in the Power of Positive Thinking but no one had succeeded in credibly explaining how mere thoughts can tangibly influence future occurrences To explain the connection Joseph Donlan presented highly plausible theories in two preceding books Each of these books presents a new paradigm of nature and couples it with a convincing explanation of how our right brain hemispheres have a unique ability to tap into the hidden domain of the metaphysical This final book in the series also supports these premises however it does so at a higher more condensed level so that readers with no background in science can gain enough information to appreciate the divergent worlds of physics and metaphysics and gain a view of nature that undeniably links mind to matter Ordaining Reality Made Easy Joseph E. Donlan,2009 Many people believe in the Power of Positive Thinking but no one has succeeded in credibly explaining how mere thoughts can tangibly influence future occurrences To explain the connection this book presents a new paradigm of nature and couples it with a convincing explanation of how our right brain hemispheres have a unique ability to tap into the hidden domain of the metaphysical To support this premise the reader is lightly exposed to the divergent worlds of physics and metaphysics and is then introduced to a new view of nature that undeniably links mind to matter Important to its charge the new perspective makes the case that the future can only be created with thoughts In the final analysis the author brings his readers through the necessary steps to put this knowledge to work to help them create their own realities **Indestructible Success:** Seth Braun,2011-03-28 Indestructible Success delivers instruction on the essentials of the inner game of success the fundamentals of the outer game the ground rules of extraordinary service and the nuts and bolts of incredible effectiveness in light of modern challenges This book walks you through no nonsense solutions in a step by step manner so you can Conquer Your Fears Set and Accomplish Your Biggest Goals Handle Emotional Upset Create a Unstoppable Attitude Help More People Generate Massive Confidence Seth Braun provides practical tools to develop inner strength and outer actions to create happiness and prosperity personally and professionally Joshua Rosenthal Founder Institute for Integrative Nutrition If Keeping a sound mind while building your business seems hopeless chances are you never heard of Seth Braun Rose Payne Founder High Level Wellness Seth Braun has created a monumental resource for coaches wanting their own transformation This book is about integrating all the different possibilities in one s life from divorce and back to growing a successful business receiving money from known and unknown sources walking your talk and connecting with the divine Seth is the coach s coach This is an invaluable resource to sharpen your inner and outer game and take the limits out of the sky Stacey Morgenstern Health Coach Marketing Expert Consciousness Volume II Dr. J.L.
