I and Thou Martin Buber, 2013-10-24 The publication of Martin Buber's *I and Thou* was a great event in the religious life of the West Reinhold Niebuhr Martin Buber was a prolific and influential teacher and writer who taught philosophy at the Hebrew University in Jerusalem from 1939 to 1951 Having studied philosophy and art at the universities of Vienna Zurich and Berlin he became an active Zionist and was closely involved in the revival of Hasidism Recognised as a landmark of twentieth century intellectual history *I and Thou* is Buber's masterpiece In this book his enormous learning and wisdom are distilled into a simple but compelling vision It proposes nothing less than a new form of the Deity for today a new form of human being and of a good life In so doing it addresses all religious and social dimensions of the human personality Translated by Ronald Gregor Smith **Martin Buber's I and Thou** Kenneth Kramer, 2003 Martin Buber's classic philosophy of dialogue *I and Thou* is at the core of Kenneth Paul Kramer's scholarly and impressive *Living Dialogue* Practicing Buber's *I and Thou* In three main parts paralleling the three of *I and Thou* and focusing upon Buber's key concepts nature spirit becoming forms true community the real I the eternal Thou turning and the two fundamental dialogues the I Thou and the I It the book clarifies puts into practice and vigorously affirms the moral validity of Buber's philosophy with its extension to love marriage the family the community and God in the conviction that genuine dialogue will effect better relations with one another the world and God Well researched and replete with a glossary of Buberian terms practice exercises for true dialoguing and discussion questions *Living Dialogue* emerges as an invaluable guide to *I and Thou* Highlights A lens through which to see and understand the philosopher and his work anew A must read for undergraduates as well as relationship counselors therapists and general readers who will benefit from the work's clarity and ease of expression Includes a foreword by Maur *I And Thou* By Martin Buber, 2024-12-31 Martin Buber's *I and Thou* has long been acclaimed as a classic Many prominent writers have acknowledged its influence on their work students of intellectual history consider it a landmark and the generation born since World War II considers Buber as one of its prophets **The Hermeneutics of Doctrine** Anthony C. Thiselton, 2007-11-08 Throughout the book Thiselton shows how perspectives that arise from hermeneutics shed fresh light on the theological method reshape horizons of understanding and reveal the relevance of doctrine for formation and for life Buber's Way to "I and Thou" Rivka Horwitz, 1988 Rivka Horwitz's pioneering work traces the development of Martin Buber's 1937 masterpiece *I and Thou* from its earliest stages Aspects of Alterity Brian Treanor, 2006 Every other is truly other but no other is wholly other This is the claim that *Aspects of Alterity* defends Taking up the question of otherness that so fascinates contemporary continental philosophy this book asks what it means for something or someone to be other than the self After a thorough assessment and critique of otherness in Levinas's and Marcel's work including a discussion of the relationship of ethical alterity to theological assumption *Aspects of Alterity* traces the transmission and development of these two conceptions of otherness Ultimately *Aspects of Alterity* makes a case for a

hermeneutic account of otherness Jacket Foundations of Theological Study Richard Viladesau, Mark Stephen Massa, 1991 This is a collection of readings in theology classical and contemporary intended for college level students It covers the major themes of an introductory course in theology the experience of the sacred the notion of God Revelation Jesus Christ and the Christian life *Ecofeminist Literary Criticism* Greta Claire Gaard, Patrick D. Murphy, 1998 Ecofeminist Literary Criticism is the first collection of its kind a diverse anthology that explores both how ecofeminism can enrich literary criticism and how literary criticism can contribute to ecofeminist theory and activism Ecofeminism is a practical movement for social change that discerns interconnections among all forms of oppression the exploitation of nature the oppression of women class exploitation racism colonialism Against binary divisions such as self other culture nature man woman humans animals and white non white ecofeminist theory asserts that human identity is shaped by more fluid relationships and by an acknowledgment of both connection and difference Once considered the province of philosophy and women s studies ecofeminism in recent years has been incorporated into a broader spectrum of academic discourse Ecofeminist Literary Criticism assembles some of the most insightful advocates of this perspective to illuminate ecofeminism as a valuable component of literary criticism *Idolatry and Representation* Leora Batnitzky, 2009-07-06 Although Franz Rosenzweig is arguably the most important Jewish philosopher of the twentieth century his thought remains little understood Here Leora Batnitzky argues that Rosenzweig s redirection of German Jewish ethical monotheism anticipates and challenges contemporary trends in religious studies ethics philosophy anthropology theology and biblical studies This text which captures the hermeneutical movement of Rosenzweig s corpus is the first to consider the full import of the cultural criticism articulated in his writings on the modern meanings of art language ethics and national identity In the process the book solves significant conundrums about Rosenzweig s relation to German idealism to other major Jewish thinkers to Jewish political life and to Christianity and brings Rosenzweig into conversation with key contemporary thinkers Drawing on Rosenzweig s view that Judaism s ban on idolatry is the crucial intellectual and spiritual resource available to respond to the social implications of human finitude Batnitzky interrogates idolatry as a modern possibility Her analysis speaks not only to the question of Judaism s relationship to modernity and vice versa but also to the generic question of the present s relationship to the past a subject of great importance to anyone contemplating the modern statuses of religious tradition reason science and historical inquiry By way of Rosenzweig Batnitzky argues that contemporary philosophers and ethicists must relearn their approaches to religious traditions and texts to address today s central ethical problems A Constructive Theology of Intellectual Disability Molly Claire Haslam, 2012 Responding to how little theological research has been done on intellectual as opposed to physical disability this book asks on behalf of individuals with profound intellectual disabilities what it means to be human That question has traditionally been answered with an emphasis on an intellectual capacity the ability to employ concepts or to make moral choices and has ignored the value of individuals who lack such intellectual capacities The author suggests

rather than human being be understood in terms of participation in relationships of mutual responsiveness which includes but is not limited to intellectual forms of communicating. She supports her argument by developing a phenomenology of how an individual with a profound intellectual disability relates drawn from her clinical experience as a physical therapist. She thereby demonstrates that these individuals participate in relationships of mutual responsiveness though in nonsymbolic bodily ways. To be human to image God, she argues, is to respond to the world around us in any number of ways bodily or symbolically. Such an understanding does not exclude people with intellectual disabilities but rather includes them among those who participate in the image of God. Gustav Landauer als jüdischer Intellektueller? Sebastian Venske, 2025-03-17

Das Buch geht der Frage nach, ob der bekannte Anarchist Gustav Landauer 1870-1919 auch als jüdischer Intellektueller gelten kann und wie er in die jüdische Geistes- und Kulturgeschichte seiner Zeit einzuordnen ist. Dabei wird ebenfalls der Einfluss seines Aufwachsens und der von ihm als jüdisch verstandenen angeeigneten Traditionen auf sein Werk untersucht. Als intellektuelle Biografie entfaltet das Buch die chronologische Entwicklung Landauers im Laufe seines Lebens und zeigt Brüche, Wendungen und Kontinuitäten auf. Dazu werden Texte und Briefe ausgewertet und analysiert sowie die Freundschaft zu Martin Buber besonders in den Blick genommen, um Landauers Entwicklung nachzuvollziehen. Seine Entwicklung wird durch die jüdische Kultur und Geistesgeschichte des Kaiserreiches kontextualisiert. Es ist die erste umfassende Studie zu Gustav Landauer vor dem Hintergrund der jüdischen Geistes- und Kulturgeschichte. Das Buch bringt es den bisherigen Forschungsstand zusammen und reflektiert diesen kritisch. Außerdem wertet die Studie bekanntes Archivmaterial aber auch neue Archivreise aus. Damit ergibt sich ein neues Fundament für die zukünftige Landauerforschung in diesem Bereich.

The Religious Existentialists and the Redemption of Feeling Anthony Malagon, Abi Doukhan, 2019-06-27. Traditional philosophizing has generally depended upon reason as its primary access to truth. Subjective experiences such as feelings, the passions, and emotions have typically been viewed as secondary to reason, untrustworthy, or both. *The Religious Existentialists and the Redemption of Feeling* revisits how the movement of existentialism via the religious existentialists has contributed to a rethinking of the role of subjective experience in contrast to the rationalist and idealist traditions, thus reframing the importance of feelings in general for the philosophical enterprise as a whole. Through the considerations of a variety of thinkers, this collection provides a fresh look at the contributions of twentieth-century existentialists, thereby recontextualizing the very notion of existentialism, offering a powerful and genuine reevaluation of the significance of subjectivity, and underscoring the continued relevance of the religious existentialists. Being Versus Word in Paul Tillich's Theology? Gert Hummel, Doris Lax, 1999. Only 10 of the 25 essays are in English; the rest being in German. They consider various aspects of theologian Paul Tillich's 1886-1965 thought. Among the topics are epistemological incorrigibility in the theology of Tillich, his logos ontology, and Habermas's theory of communicative practice, revising his The Challenge to Friendship in Modernity. Heather Devere, Preston King, 2013-11-05. In antiquity, it was not only Aristotle who assumed the people are more

to be understood in relation to one another than as individual or solitary constructs This examination considers the changing attitudes to friendship since antiquity **Elevations** Richard A. Cohen,1994-12-12 Elevations is a series of closely related essays on the ground breaking philosophical and theological work of Emmanuel Levinas and Franz Rosenzweig two of the twentieth century s most important Jewish philosophers Focusing on the concept of transcendence Richard A Cohen shows that Rosenzweig and Levinas join the wisdom of revealed religions to the work of traditional philosophers to create a philosophy charged with the tasks of ethics and justice He describes how they articulated a responsible humanism and a new enlightenment which would place moral obligation to the other above all other human concerns This elevating pull of an ethics that can account for the relation of self and other without reducing either term is the central theme of these essays Cohen also explores the ethical philosophy of these two thinkers in relation to Nietzsche Husserl Heidegger Buber Sartre and Derrida The result is one of the most wide ranging and lucid studies yet written on these crucial figures in philosophy and Jewish thought **Ethics in Human Communication** Richard L. Johannesen,Kathleen S. Valde,Karen E.

Whedbee,2008-01-09 Broad in scope yet precise in exposition the Sixth Edition of this highly acclaimed ethics text has been infused with new insights and updated material Richard Johannesen and new coauthors Kathleen Valde and Karen Whedbee provide a thorough comprehensive overview of philosophical perspectives and communication contexts pinpointing and explicating ethical issues unique to human communication Chief among the authors objectives are to provide classic and contemporary perspectives for making ethical judgments about human communication sensitize communication participants to essential ethical issues in the human communication process illuminate complexities and challenges involved in making evaluations of communication ethics and offer ideas for becoming more discerning evaluators of others communication Provocative questions and illustrative case studies stimulate reflexive thinking and aid readers in developing their own approach to communication ethics A comprehensive list of resources spotlights books scholarly articles videos and Web sites useful for further research or personal exploration **An Analytical Interpretation of Martin Buber's I and Thou** ,1975

The Existential Philosophy of Etty Hillesum Meins G. S. Coetsier,2014-01-09 In The Existential Philosophy of Etty Hillesum Meins G S Coetsier breaks new ground by demonstrating the Jewish existential nature of Etty Hillesum s spiritual and cultural life in light of the writings of Martin Buber Emmanuel Levinas and Dietrich Bonhoeffer Hillesum s diaries and letters written between 1941 and 1943 illustrate her struggle to come to terms with her personal life in the context of the Second World War and the Shoah By finding God under the rubble of the horrors she rediscovers the divine presence between humankind while taking up responsibility for the Other as a way to embrace justice and compassion In a fascinating accessible and thorough study Coetsier dispels much of the confusion that assails readers when they are exposed to the bewildering range of Christian and Jewish influences and other cultural interpretations of her writings The result is a convincing and profound picture of Etty Hillesum s path to spiritual freedom **The Social Self in Zen and American**

Pragmatism Steve Odin,1996-01-01 The thesis of this work is that in both modern Japanese philosophy and American pragmatism there has been a paradigm shift from a monological concept of self as an isolated I to a dialogical concept of the social self as an I Thou relation including a communication model of self as individual society interaction It is also shown for both traditions all aesthetic moral and religious values are a function of the social self arising through communicative interaction between the individual and society However at the same time this work critically examines major ideological conflicts arising between the social self theories of modern Japanese philosophy and American pragmatism with respect to such problems as individualism versus collectivism freedom versus determinism liberalism versus communitarianism and relativism versus objectivism
