outgrowth of the Conference on Research on the Enacted Mathematics Curriculum funded by the National Science
Foundation and held in Tampa Florida in November 2010 The volume has the potential to be useful to a range of researchers
from established veterans in curriculum research to new researchers in this area of mathematics education The chapters can
be used to generate conversation about researching the enacted mathematics curriculum including similarities and
differences in the variables that can and should be studied across various curricula As such it might be used by a curriculum
project team as it outlines a research agenda for curriculum or program evaluation It might also be used as a text in a
university graduate course on curriculum research and design The chapters in this volume are a natural complement to those
in *Approaches to Studying the Enacted Mathematics Curriculum* Heck Chval Weiss Ziebarth 2012 also published by
Information Age Publishing While the present volume focuses on a range of issues related to researching the enacted
mathematics curriculum including theoretical and conceptual issues the volume by Heck et al provides insights into different
