Planning and Budgeting

Solutions to Review Questions

13-1.

Next period's budget has more detail because it is closer in time than the longer-range forecasts. The budget plan is a blueprint for operations in the coming period. It must be sufficiently detailed so that it provides adequate direction to the various people responsible for operations.

13-2.

Cash receipts and disbursements often take place in different time periods from when items are recognized in the income statement and balance sheet. Thus, a company needs to prepare a cash budget to ensure that cash needs will be met.

13-3.

Answers will vary, but examples include:

- a. Econometric methods—using economic data to forecast using statistical models;
- b. Delphi technique—collecting and synthesizing the opinion of experts;
- c. Estimates from salespeople and other knowledgeable personnel;
- d. Trend analysis—statistical analysis of historical data;
- e. Market research—collecting information on the macroeconomic trends in the industry and in the local markets.
