Creating Characters with Personality Tom Bancroft, 2016-02-16 From *Snow White* to *Shrek*, from *Fred Flintstone* to *SpongeBob SquarePants*, the design of a character conveys personality before a single word of dialogue is spoken. *Designing Characters with Personality* shows artists how to create a distinctive character, then place that character in context within a script, establish hierarchy and maximize the impact of pose and expression. Practical exercises help readers put everything together to make their new characters sparkle. Lessons from the author, who designed the dragon Mushu voiced by Eddie Murphy in Disney's *Mulan*, plus big name experts in film, TV, video games and graphic novels make a complex subject accessible to every artist.
