Der Sündenbock in der öffentlichen Kommunikation Christine Viertmann, 2014-10-06 Christine Viertmann leistet eine interdisziplinäre Analyse des Sündenbock Phänomens im Kontext der Medienberichterstattung über die ehemaligen CEOs Josef Ackermann Deutsche Bank Werner Seifert Deutsche Börse und Hartmut Mehdorn Deutsche Bahn Die Untersuchung zeigt wie und warum Vorstandsvorsitzende nationaler Traditionsunternehmen zu Projektionsflächen gesellschaftlicher Konflikte werden können Der Sündenbock Mechanismus ist eine unumgängliche komplexitätsreduzierende Lösungsstrategie für gesellschaftliche Problemstellungen Anhand der drei Fallstudien werden Medientexte und Bilder auf Elemente einer Sündenbock Erzählung hin untersucht Darüber hinaus wird in Experteninterviews mit Journalisten und Unternehmensvertretern über die Bedeutung des Sündenbocks in der öffentlichen Kommunikation diskutiert Das Ergebnis Wirtschaftsjournalismus ist mythisch Topmanagern werden nicht selten Eigenschaften zugeschrieben die archaischen Opfermerkmalen entsprechen *Crisis Management in a Complex World* Dawn R. Gilpin, Priscilla J. Murphy, 2008-07-31 Managers business owners public relations practitioners and others grapple daily with issues that have the potential to radically redefine the reputation of a person company or industry They confront a fundamental question about contemporary crisis management to what extent is it possible to control events and stakeholder responses to them in order to contain

escalating crises or safeguard an organization's reputation In *Crisis Management in a Complex World* authors Dawn Gilpin and Priscilla Murphy address this question head on Operating from a strong theoretical orientation this book marks a sharp departure from other crisis management texts which focus on nuts and bolts procedures and information distribution in an effort to simplify the turbulent reality of a crisis situation Instead this book pairs real world examples from across the globe with theory based analysis to show why simplification often fails to alleviate crises and can even intensify them Gilpin and Murphy propose a new complexity based approach to organizational learning that can allow organizations to adapt quickly to changing circumstances This volume addresses both scholars and high level practitioners of public relations organizational communication and strategic management Strongly cross disciplinary the book draws on theories from communication the physical sciences and business It invites controversy and ultimately aims to change the way people conceptualize and prepare for crises

Organizational learning in tourism and hospitality crisis management Zahed

Ghaderi, Alexandros Paraskevas, 2021-12-06 Tourism and hospitality organizations have always been exposed to disruptions stresses and crises making the management of these adversities a necessary skill The prolonged and complex turbulence that the industry is often facing from epidemics and pandemics climate change and extreme environmental phenomena or political instability and economic crashes raise questions Do these organizations learn from the crises they experience If so how do they learn and what do they do with this learning *Organizational Learning in Tourism and Hospitality Crisis Management* brings together an array of expert academic analyses of the latest thinking and practice on these questions Drawing on studies conducted around the world including Greece Iran Japan Malaysia Mexico Spain Turkey UK and USA the contributors apply a wide range of organizational learning and knowledge management theoretical perspectives and concepts to offer new insights into crisis induced learning in a tourism and hospitality context The book will be an excellent resource for scholars and students as well as managers of tourism and hospitality organizations tourism policymakers and government officials who are involved in tourism destination management

Crisis Leadership Tim Johnson, 2017-11-16

Anyone in a leadership position is only too aware that we live in uncertain times disaster can strike any business at any time and usually without warning Public institutions too face a range of threats from global recession resurgent terrorism and a stream of appalling natural disasters For leaders in such organisations these crisis situations can present both opportunities and threats How they lead through such challenging times will propel their careers to new heights or destroy them completely *Crisis Leadership* examines the challenges faced by leaders at each stage of the crisis lifecycle from the instant they learn of the crisis through to moments of critical decision making and the final tumultuous days Tim Johnson offers a unique insight into the lessons learned by people in the most challenging of situations Blended with operational guidance from the author's extensive experience in crisis management *Crisis Leadership* provides an overview of the crisis lifecycle to ensure that readers will come away from this book with a deeper appreciation of the critical nature of each key stage and the

leadership challenges they bring from the first signs of an emerging crisis to dealing with the long term consequences they can create Risk and Crisis Management in the Public Sector Lynn T Drennan, Allan McConnell, Alastair Stark, 2014-12-24

Every decision that is made by managers and policy makers in a public sector organization requires an evaluation and a judgement of the risks involved This vital requirement has been recognised in the growth of risk management However risks can never be fully prevented which means that public managers also have to be crisis managers Today s crises develop in unseen ways they escalate rapidly and transform through the interdependencies of modern society and their frequency is growing the global financial crisis the European volcanic ash cloud the Japanese tsunami and subsequent Fukushima nuclear plant meltdown the Christchurch earthquake and the Queensland floods All highlight the extreme challenges that public sector organizations across the world have had to face in recent years Risk and Crisis Management in the Public Sector Second Edition responds to these challenges by presenting the only guide for public managers and public management students which combines lessons about risk and crisis management together in a single accessible text It equips readers and public managers with the knowledge and skills to understand key issues and debates as well as the capacity to treat risks and better prepare for respond to and recover from crisis episodes This exciting new edition enhances the original text with contemporary cases and a greater focus on the international trans boundary and multi agency dimensions of risk and crisis management These enhancements reflect the fact that today s public manager must increasingly operate within a global and interdependent governance context
