Written by two well known scholars in the field of literary study this well respected text puts an emphasis on the individual contributors to the development of literary criticism from Plato and Aristotle to the present. **Critical Theory Since Plato** Hazard Adams, Leroy Searle, 2005 **CRITICAL THEORY SINCE PLATO** is a chronologically arranged anthology that presents a broad survey of the history and development of literary criticism and theory in Western culture. Written by two well known scholars in the field of literary study this well respected text puts an emphasis on the individual contributors to the development of literary criticism from Plato and Aristotle to the present. **Critical Theory Since Plato, Pp. 1041-1048** H. Adams, *Close Reading* Frank Lentricchia, Andrew DuBois, 2003 A reader intended for courses presenting the continuity of close reading from New Criticism through poststructuralism. Image and Ideology in Modern/Postmodern Discourse David B. Downing, Susan Bazargan, 1991-01-01 This book addresses the function and status of the visual and verbal image as it relates to social political and ideological issues. The authors first articulate some of the lost connections between image and ideology then locate their argument within the modernist postmodernist debates. The book addresses the multiple trans disciplinary problems arising from the ways cultures authors and texts mobilize particular images in order to confront conceal work through or resolve contradictory ideological conditions. **Machado de Assis and Narrative Theory** Earl E. Fitz, 2019-06-05 This book makes the argument that Machado de Assis hailed as one of Latin American literature's greatest writers was also a major theoretician of the modern novel form. Steeped in the works of Western literature and an imaginative reader of French Symbolist poetry Machado creates between 1880 and 1908 a new narrative one that will presage the groundbreaking theories of Swiss linguist Ferdinand de Saussure by showing how even the language of narrative cannot escape being elusive and ambiguous in terms of meaning. It is from this discovery about the nature of language as a self referential semiotic system that Machado crafts his new narrative. Long celebrated in Brazil as a dazzlingly original writer Machado has struggled to gain respect and attention outside the Luso Brazilian ken. He is the epitome of the outsider or marginal the iconoclastic and wildly innovative genius who hails from a culture rarely studied in the Western literary hierarchy and so consigned to the status of eccentric. Had the Brazilian master written not in Portuguese but English French or German he would today be regarded as one of the true exemplars of the modern novel in expression as well as in theory. Published by Bucknell University Press Distributed worldwide by Rutgers University Press. Polens kritische Theoretiker Christoph Maisch, 2024-06-04 Gab es Kritische Theoretiker in Polen Christoph Maisch verbindet erkenntnistheoretische Ideen des polnischen Wissenschaftstheoretikers Ludwik Fleck mit Ansätzen des Instituts für Sozialforschung in Frankfurt bis zum Ende der 1930er Jahre. Methodisch innovativ bringt er zwei Debatten über Wertefreiheit Ideologie und Objektivität

zusammen die im deutschsprachigen Raum von Otto Neurath und Max Horkheimer in Polen zwischen Fleck und Izydora Dambaska gef hrt wurden Die transnationale Analyse dieses doppelten Positivismusstreits zeigt welche enge Beziehungen zwischen den ideologie und erkenntniskritischen Kontexten beider Staaten Anfang des 20. Jahrhunderts bestanden und wie sie sich entwickelten

After the New Criticism Frank Lentricchia, 2018-12-14 This work is the first history and evaluation of contemporary American critical theory within its European philosophical contexts In the first part Frank Lentricchia analyzes the impact on our critical thought of Frye, Stevens, Kermode, Sartre, Poulet, Heidegger, Sussure, Barthes, L. vi. Strauss, Derrida and Foucault among other less central figures In a second part Lentricchia turns to four exemplary theorists on the American scene: Murray Krieger, E. D. Hirsch Jr., Paul de Man and Harold Bloom and an analysis of their careers within the lineage established in part one Lentricchia's critical intention is in evidence in his sustained attack on the more or less hidden formalist premises inherited from the New Critical fathers Even in the name of historical consciousness he contends contemporary theorists have often cut literature off from social and temporal processes By so doing he believes that they have deprived literature of its relevant values and turned the teaching of both literature and theory into a rarefied activity All along the way with the help of such diverse thinkers as Saussure, Barthes, Foucault, Derrida and Bloom Lentricchia indicates a strategy by which future critical theorists may resist the mandarin attitudes of their fathers

Fusion of Critical Horizons in Chinese and Western Language, Poetics, Aesthetics Ming Dong Gu, 2021-07-07 This book begins with a reflection on dichotomies in comparative studies of Chinese and Western literature and aesthetics Critiquing an oppositional paradigm Ming Dong Gu argues that despite linguistic and cultural differences the two traditions share much common ground in critical theory, aesthetic thought, metaphysical conception and reasoning Focusing on issues of language, writing and linguistics, metaphor, metonymy and poetics, mimesis and representation and lyricism, expressionism, creativity and aesthetics Gu demonstrates that though ways of conception and

modes of expression may differ the two traditions have cultivated similar aesthetic feelings and critical ideas capable of fusing critical and aesthetic horizons With a two way dialogue this book covers a broad spectrum of critical discourses and uncovers fascinating connections among a wide range of thinkers theorists scholars and aestheticians thereby making a significant contribution to bridging the aesthetic divide and envisioning world theory and global aesthetics **Afterlives of Modernism** John Carlos Rowe,2015-02-05 In times of liberal despair it helps to have someone like John Carlos Rowe put things into perspective in this case with a collection of essays that asks the question Must we throw out liberalism s successes with the neoliberal bathwater Rowe first lays out a genealogy of early twentieth century modernists such as Gertrude Stein John Dos Passos William Faulkner and Ralph Ellison with an eye toward stressing their transnationally engaged liberalism and their efforts to introduce into the literary avant garde the concerns of politically marginalized groups whether defined by race class or gender The second part of the volume includes essays on the works of Harper Lee Thomas Berger Louise Erdrich and Philip Roth emphasizing the continuity of efforts to represent domestic political and social concerns While critical of the increasingly conservative tone of the neoliberalism of the past quarter century Rowe rescues the value of liberalism s sympathetic and socially engaged intent even as he criticizes modern liberalism s inability to work transnationally **The Idea of Difficulty in Literature** Alan C. Purves,1991-09-03 This book redefines the nature of textual difficulty in literature and shows the implications of the new definition for teachers at all levels of education Contrary to the traditional use of grade levels or readability formulae the authors redefine difficulty in terms of readers and the texts they meet They base their arguments on contemporary linguistic theory on historical and comparative studies of criticism on literary theory about readers and texts on post Freudian psychology on empirical research concerning the nature of reading literature and on studies of classrooms curricula and testing What emerges is a coherent work that builds a case for seeing difficulty in literature as a human phenomenon more than a textual one **Academic Child** Hazard Adams,2014-01-10 A leading scholar of English romanticism and literary theory and criticism Hazard Adams writes of a lifetime as a student a teacher and an academic administrator The child of academically minded parents both teachers at Cleveland s Hawken School Adams tells of his family s experiences at Hawken and later Seattle s Lakeside School then his Marine Corps service and education at Princeton and the University of Washington In addition to an illuminating account of his academic career his experiences researching and teaching in Ireland his administrative work in the founding faculty at the University of California s Irvine campus and finally his experiences under the first endowed professorship in the humanities at the University of Washington the memoir also voyages into memories of family friends and colleagues and offers singularly well informed comments on the current state of higher education and the academic experience An Introduction to Literary Studies Mario Klarer,2013-06-19 In this classic beginner s guide to English literature Mario Klarer offers a concise and accessible discussion of central issues in the study of literary texts looking at definitions of key terms such as literature and

text the genres of fiction poetry drama and film periods and classifications of literature theoretical approaches to texts the use of secondary resources guidelines for writing research essays The new and expanded edition is fully updated to include a wider range of textual examples from world literature additional references to contemporary cinema a section on comparative literature an extended survey of literary periods and genres recent changes in MLA guidelines information on state of the art citation management software the use and abuse of online resources The book also features suggestions for further reading as well as an extensive glossary of key terms *Ariel and the Police* Frank Lentricchia,1988 In *Ariel and the Police* Frank Lentricchia searches through the totalizing desires for power that have built and help to maintain tangible and intangible structures of confinement and purification within and sometimes as the house of modernism And what he finds in his lyrical effort to redeem the subject for history is that someone lives there slyly sometimes even playfully defiant

Theory's Empire Daphne Patai,Wilfrido Corral,2005-04-20 Not too long ago literary theorists were writing about the death of the novel and the death of the author today many are talking about the death of Theory Theory as the many theoretical ism s among them postcolonialism postmodernism and New Historicism are now known once seemed so exciting but has become ossified and insular This iconoclastic collection is an excellent companion to current anthologies of literary theory which have embraced an uncritical stance toward Theory and its practitioners Written by nearly fifty prominent scholars the essays in *Theory's Empire* question the ideas catchphrases and excesses that have let Theory congeal into a predictable orthodoxy More than just a critique however this collection provides readers with effective tools to redeem the study of literature restore reason to our intellectual life and redefine the role and place of Theory in the academy

Resistance to Science in Contemporary American Poetry Bryan Walpert,2011-09-26 This book examines types of resistance in contemporary poetry to the authority of scientific knowledge tracing the source of these resistances to both their literary precedents and the scientific zeitgeists that helped to produce them Walpert argues that contemporary poetry offers a palimpsest of resistance using as case studies the poets Alison Hawthorne Deming Pattiann Rogers Albert Goldbarth and Joan Retallack to trace the recapitulation of romantic arguments inherited from Keats Shelly and Coleridge which in turn were produced in part in response to Newtonian physics modernist arguments inherited from Eliot and Pound arguments influenced in part by relativity and quantum theory and postmodernist arguments arguments informed by post structuralist theory e g Barthes Derrida Foucault with affinities to arguments for the limitations of science in the philosophy sociology and rhetoric of science Some of these poems reveal the discursive ideologies of scientific language reveal in other words the performativity of scientific language In doing so these poems themselves can also be read as performative acts and therefore as forms of intervention rather than representation Reading Retallack alongside science studies scholar Karen Barad the book concludes by proposing that viewing knowledge as a form of intervention rather than representation offers a bridge between contemporary poetry and science *Introduction to the Literary Art of the Gospel of John* Paul Jaesuk

Jo,2022-05-24 The Gospel of John is a magnificent book Intricate fabrics interweave its beautiful robe and its material is a finely twisted linen of many colors Throughout the history of the church interpreters have long been captivated by its loveliness and power Many modern interpreters however would not hesitate to call it puzzling confusing or ridden with riddles at least What is John is therefore a fascinating question that lingers During the last half century literary theories have been brought into the study of the Fourth Gospel with varying degrees of success New analytical lenses are cast over the Gospel to render its secrets but it feels as if only those who are initiated into its mystery have the knowledge Reading and rereading strategies are offered but the path out of the vast labyrinth is difficult to find The Gospel of John however surprisingly reads much like the Old Testament In fact its form is deeply imbued in the styles of Old Testament poetry narratives and prophets that when they are properly understood together John s message comes across clearly Taking a comprehensive view of the styles of the Old Testament this book takes you to see John in its grand design Chinese Theories of Fiction Ming Dong Gu,2007-06-01 In this innovative work Ming Dong Gu examines Chinese literature and traditional Chinese criticism to construct a distinctly Chinese theory of fiction and places it within the context of international fiction theory He argues that because Chinese fiction or xiaoshuo was produced in a tradition very different from that of the West it has formed a system of fiction theory that cannot be adequately accounted for by Western fiction theory grounded in mimesis and realism Through an inquiry into the macrocosm of Chinese fiction the art of formative works and theoretical data in fiction commentaries and intellectual thought Gu explores the conceptual and historical conditions of Chinese fiction in relation to European and world fiction In the process Gu critiques and challenges some accepted views of Chinese fiction and provides a theoretical basis for fresh approaches to fiction study in general and Chinese fiction in particular Such masterpieces as the Jin Ping Mei The Plum in the Golden Vase and the Honglouloumeng The Story of the Stone are discussed at length to advance his notion of fiction and fiction theory
