Classen,2019-10-27 Featuring more than 150 color photos of the U P s most beautiful historic and natural locations I ve spent many years exploring the wilderness of Michigan s Upper Peninsula U P and one thing has become apparent no matter what part in which you find yourself fascinating sights are around every corner There are parks wilderness areas and museums There are ghost towns and places named after legends There are trails to be walked and waterways to be paddled In the U P life is meant to be lived to the fullest In this book I ve listed 40 destinations from every corner of the U P that have places of interest Some reflect rich history while others highlight the natural wonders that abound So join in the adventures The Upper Peninsula is an open book the one that s in your hand Without a doubt Mikel Classen s Points North needs to be in

every library gift shop and quality bookstore throughout the country particularly those located in Michigan's Lower Peninsula. Not only does Classen bring alive the U P through his polished words his masterful use of color photography also makes this book absolutely beautiful. Points North will long stand as a tremendous tribute to one of the most remarkable parts of our country. Michael Carrier author *Murder on Sugar Island* Mikel Classen's love for Michigan's Upper Peninsula shines from every page in *Points North* a fascinating insider's guidebook to the exceptional beauty and history of Michigan's far north. Whether you're still in the planning stages of your trip or you're looking back fondly on the memories you created even if you wish merely to enjoy a virtual tour of the Upper Peninsula's natural wonders from the comfort of your armchair you need this book. Karen Dionne author of the international bestseller *The Marsh King's Daughter* Many of the places in *Points North* may sound familiar but Classen has spent time exploring them all finding out the wonders others drive by and miss. And some of them may baffle you as much as they did me the UP has a WWII glider museum. Classen has scoured every inch of the UP visiting every campground ghost town lighthouse waterfall and beach that you may have never heard of. This book is full of surprises for even the most knowledgeable visitors to the UP. And if you're like me you'll find yourself marking up the pages making notes of places you have to visit next time you're up north. Steve Lehto author of *Death's Door: The Truth Behind the Strike of 1913 and the Italian Hall Disaster and Michigan's Columbus: The Life of Douglass Houghton* Until I read this book I had not realized the large number of hidden treasures that the U P has. More than just an interesting history this book is a descriptive roadmap to these treasures. *Points North* can be used as a guide to an adventure you would never have known about on your own. The pictures and place descriptions here are fantastic. These hidden locations have suddenly become easy to find with this book I recommend it highly.
