**The No-State Solution** Daniel Boyarin, 2023-01-31 A provocative manifesto arguing for a new understanding of the Jews peoplehood A self consciously radical statement that is both astute and joyous Kirkus Reviews Today there are two seemingly mutually exclusive notions of what the Jews are either a religion or a nation ethnicity The widespread conception is that the Jews were formerly either a religious community in exile or a nation based on Jewish ethnicity The latter position is commonly known as Zionism and all articulations of a political theory of Zionism are taken to be variations of that view In this provocative book based on his decades of study of the history of the Jews Daniel Boyarin lays out the problematic aspects of this binary opposition and offers the outlines of a different and very old answer to the question of the identity of a diaspora nation He aims to drive a wedge between the nation and the state only very recently conjoined and recover a robust sense of nationalism that does not involve sovereignty

*The Humanitarian Engagement of the Church in Nigeria* Emmanuel Ayebome, 2019-05 Human dignity decent life and human rights are effects of extensive humanitarian struggles by a people to achieve reasonable life for all The possibility of such El Dorado was stalled in the past by unforeseen circumstances and other man made tribulations in global history However these struggles will remain incomplete without a global perspective Thus taking the responsibility to understand humanity and her shortfalls in other parts of the globe becomes necessary This quest consequently triggers the thorough study on how where and why their plight is intrinsically tied to their social cultural religious and political background Such genuine consequent studies can uproot the causal effect and thus guarantee the success of that developmental slogan of helping people to help themselves This study attempts to provide a platform that could chart a path towards sustainable answers to basic social questions

*Philosophy of Education in the Era of Globalization* Yvonne Raley, Gerhard Preyer, 2009-12-04 Rather than having formed a global community today s society is more fragmented than ever In light of this education faces some formidable new challenges The authors of this collection of essays explore these challenges and suggest some novel ways of dealing with them

Proselytization Revisited Rosalind I. J. Hackett, 2014-12-05 The act of converting people to certain beliefs or values is highly controversial in today s postcolonial multicultural world Proselytization has been viewed by some as an aggressive act of political domination Proselytization Revisited offers a comprehensive overview of the many arguments for and against proselytization in different regions and contexts Proselytization is examined in the context of rights talk globalisation and culture wars The volume brings together essays demonstrating the global significance of proselytization ranging from Christians in India to Turkish Islamic Movements and the Wiccan use of modern media technologies The cross cultural and multidisciplinary nature of this collection of essays

provides a fresh perspective and the book will be of value to readers interested in the dynamic interaction of beliefs ideas and cultures      Transforming Professional Practice in Education Simon Gibbs,David Leat,Wilma Barrow,2022-11-30

Focusing on teaching and learning in educational institutions Transforming Professional Practice in Education explores the value of enhancing dialogue to improve both professional relationships and practices Offering a critique of the present state of education this book focuses on the belief that education should be about being and becoming human and how everyone implicated in education learns through dialogue with others and that humans are relational beings who develop and flourish within reciprocal relationships The authors offer an alternative to reductive and systems driven procedures by building a case for psychologically robust educational methods They provide an authoritative and theoretically well grounded rationale for psychological approaches to professional practice to promote debate about the purposes of education Rich with practical examples the chapters discuss the risks of professional isolation ethics vs morals in education the nature of relationships in education and interventions that would ground these ideas in practice This book is important reading for clinical educational and other applied psychologists It is also of value to those within educational institutions such as SENDCos and those responsible for the safety of children and young people who are seeking to develop their understanding of how dialogue enhances professional encounters and who are looking for alternative ways of engaging with education which improve mental health and wellbeing      **Culture, Deafness & Music** ,2025-05-01 This book is a timely and thought provoking book

and an important contribution to the expanding transdisciplinary field of Deaf Studies Authors most of whom are Deaf critically examine aspects of Deaf culture reflect on diversity within the Deaf community and advocate for the recognition of Deaf people as a linguistic cultural minority Grounded in critical pedagogy as its theoretical framework the book highlights the persistent oppressive forces faced by Deaf people and also the challenges to these oppressive forces to promote social justice through acts of resistance and affirmation particularly expressed through the arts including music      African

Catholicism and Hermeneutics of Culture Joseph Ogbonnaya,2014-08-05 The study of Christianity in the non Western world reveals a demographic shift in the center of Christianity from the Northern Hemisphere to the South But the contradictory aspect of the massive African conversion to Christian faith is the grinding poverty level in Africa This condition raises important theological and ecclesiological questions that demand urgent answers Therefore the research objectives of this book are to examine African Catholicism s involvement in human promotion and to seek a new way of theologizing Christianity that moves sub Saharan African peoples to action against the massive injustices that keep them poor Drawing on Africae Munus the Post Synodal Apostolic Exhortation of the Second African Synod 2011 and Bernard Lonergan s notion of culture African Catholicism and Hermeneutics of Culture argues that to truly be the spiritual lung of humanity African Catholicism must appropriate the Christian message to transform African attitudes and personhood and so foster a self reliant commitment to integral African development      **Jews on the Move: Modern Cosmopolitanist Thought and its**

**Others** Cathy Gelbin, Sander L. Gilman, 2019-12-18 Jewish cosmopolitanism is key to understanding both modern globalization and the old and new nationalism Jewish cultures existing in the Western world during the last two centuries have been and continue to be read as hyphenated phenomena within a specific national context such as German Jewish or American Jewish culture Yet to what extent do such nationalized constructs of Jewish culture and identity still dominate Jewish self expressions and the discourses about them in the rapidly globalizing world of the twenty first century In a world in which Diaspora societies have begun to reshape themselves as part of a super or nonnational identity what has happened to a cosmopolitan Jewish identity In a post Zionist world where one of the newest and most substantial Diaspora communities is that of Israelis in the new globalized culture is being Jewish suddenly something that can reach beyond the older models of Diasporic integration or nationalism Which new paradigms of Jewish self location within the evolving and conflicting global discourses about the nation race Genocides anti-Semitism colonialism and postcolonialism gender and sexual identities does the globalization of Jewish cultures open up To what extent might transnational notions of Jewishness such as European Jewish identity create new discursive margins and centers Is there a possibility that a virtual makom Jewish space might constitute itself Recent studies on cosmopolitanism cite the Jewish experience as a key to the very notion of the movement of people for good or for ill as well as for the resurgence of modern nationalism These theories reflect newer models of postcolonialism and transnationalism in regard to global Jewish cultures The present volume spans the widest reading of Jewish cosmopolitanisms to study Jews on the move This book was originally published as a special issue of the *European Review of History*     *The Social Foundations of World Trade* Sungjoon Cho, 2015 Sungjoon Cho critiques the conventional contract model of the WTO and proposes an alternative notion of community
