County Line Bill Cameron:

County Line Bill Cameron, 2011-06-01 When the steadfast Ruby Jane Whittaker drops out of sight dogged ex cop Skin Kadash sets out to discover what drove the woman he loves to leave her life behind so suddenly and without explanation The discovery of a dead man in her apartment followed by an attack by a mysterious stalker leads Skin first to California then across the country on a desperate journey deep into Ruby Jane s haunted past and toward an explosive confrontation which will determine if either has a future

East Texas Logging Railroads Murry Hammond, 2016-04-11 When the first logging railroad was built in Jasper County in the 1870s the virgin East Texas forest spread across a vast area the size of Indiana That first eight mile logging line heralded a boom era of lumbering and railroading that would last well into the 20th century Before the era was over thousands of miles of logging railroads would be built and hundreds of communities would spring up along their routes As times changed the mills closed and nearly all of the early rail lines were abandoned but most of the communities they helped establish survived those changes and thrive into the present day

The Settle-Carlisle Railway Paul Salvesson, 2019-09-23 The line from Settle to Carlisle is one of the world s great rail journeys It carves its way through the magnificent landscape of the Yorkshire Dales where it becomes the highest main line in England descending to Cumbria s lush green Eden Valley with its view of the Pennines and Lakeland fells But the story of the line is even more enthralling From its earliest history the line fostered controversy it probably should never have been built arising only from a political dispute between two of the largest and most powerful railway companies in the 1860s Its construction through some of the most wild and inhospitable terrain in England was a herculean task Tragic accidents affected those who built worked and travelled the line After surviving the Breeching cuts of the 1960s the line faced almost certain closure in the 1980s only to be saved by an expected last minute reprieve This book describes the history behind the inception and creation of the line the challenges of constructing the 72 mile railway and its seventeen viaducts and fourteen tunnels threat of closure in the mid 1980s and the campaign to save it and finally the line today and its future
