**Speaking Up for Animals** Lisa Kemmerer,2015-11-17 Speaking Up for Animals highlights eighteen courageous members of a growing international animal advocacy movement that is overwhelmingly powered by women These remarkable activists take us with them as they lift factory farmed chickens and cows from quagmires of filth free gigantic sea lions caught in fishing gear and secure undercover footage of dogs crying for mercy on stainless steel vivisection tables In the process these dedicated women expose the many ways that most of us are complicit in the suffering and exploitation of animals and creatively suggest a variety of ways in which we might help bring change    **Feminism, Gender and**

**Universities** Miriam E. David,2016-04-15 Feminism Gender and Universities demonstrates the positive and robust impacts that feminism has had on higher education through the eyes and in the words of the participants in changing political and social processes Drawing on the collective biography of leading feminist scholars from around the world and current evidence relating to gender equality in education this book employs methods including biographies life histories and narratives to show how the feminist project to transform women s lives in the direction of gender and social equality became an educational and pedagogical one Through careful attention to the ways in which feminism has transformed feminist academic women s lives the author explores the importance of education in changing socio political contexts raising questions about further changes that are necessary Delving into the deeper and more hidden echelons of education the book examines the contested nature of current managerial or business approaches to university and education revealing these to be incompatible with feminist thought A plea for more careful attention to education and the ways in which the processes of knowledge making influence and are influenced by gender and sexual relations Feminism Gender and Universities will appeal to scholars across the social sciences with interests in gender pedagogy and modern academic life    **Curators** Lance Grande,2017-03-21 Over the centuries natural history museums have evolved from being little more than musty repositories of stuffed animals and pinned bugs to being crucial generators of new scientific knowledge They have also

become vibrant educational centers full of engaging exhibits that share those discoveries with students and an enthusiastic general public At the heart of it all from the very start have been curators Yet after three decades as a natural history curator Lance Grande found that he still had to explain to people what he does This book is the answer and oh what an answer it is lively exciting up to date it offers a portrait of curators and their research like none we've seen one that conveys the intellectual excitement and the educational and social value of curation Grande uses the personal story of his own career most of it spent at Chicago's storied Field Museum to structure his account as he explores the value of research and collections the importance of public engagement changing ecological and ethical considerations and the impact of rapidly improving technology Throughout we are guided by Grande's keen sense of mission of a job where the why is always as important as the what This beautifully written and richly illustrated book is a clear eyed but loving account of natural history museums their curators and their ever expanding roles in the twenty first century

*Publishers' Weekly*, 1893 *Animals and their Relation to Gods, Humans and Things in the Ancient World* Raija Mattila, Sanae Ito, Sebastian Fink, 2019-03-11

While Human Animal Studies is a rapidly growing field in modern history studies on this topic that focus on the Ancient World are few The present volume aims at closing this gap It investigates the relation between humans animals gods and things with a special focus on the structure of these categories An improved understanding of the ancient categories themselves is a precondition for any investigation into the relation between them The focus of the volume lies on the Ancient Near East but it also provides studies on Ancient Greece Asia Minor Mesoamerica the Far East and Arabia
