Imagining the Balkans Maria Todorova, 2009-04-15 If the Balkans hadn't existed they would have been invented was the verdict of Count Hermann Keyserling in his famous 1928 publication *Europe* Over ten years ago Maria Todorova traced the relationship between the reality and the invention Based on a rich selection of travelogues diplomatic accounts academic surveys journalism and belles lettres in many languages *Imagining the Balkans* explored the ontology of the Balkans from the sixteenth century to the present day uncovering the ways in which an insidious intellectual tradition was constructed became

mythologized and is still being transmitted as discourse Maria Todorova who was raised in the Balkans is in a unique position to bring both scholarship and sympathy to her subject and in a new afterword she reflects on recent developments in the study of the Balkans and political developments on the ground since the publication of *Imagining the Balkans* The afterword explores the controversy over Todorova's coining of the term Balkanism With this work Todorova offers a timely updated accessible study of how an innocent geographic appellation was transformed into one of the most powerful and widespread pejorative designations in modern history *The Balkans: Old, New Instabilities* Giorgio Fruscione, 2020-06-15 2020 could be a crucial year for the Western Balkans For over twenty years the region has been stuck in a never ending transition Politics economics and geopolitics are still falling prey to old and new sources of instability With the path towards EU integration still uncertain many governments in the region are marked by autocratic tendencies and international actors strive for a bigger say in the region NATO is expanding to the Balkans but regional security still depends on foreign soft power and influence And while recipes for economic transition focus mainly on foreign direct investments that often lack transparency Balkan societies are losing their citizens to substantial emigration What are the factors contributing to Western Balkans instability in the age of Covid 19 Will the region continue to be ground for renewed geopolitical competition How can the Balkans leave the transition phase and find a sustainable balanced path onwards *Law, Sexuality, and Society* David Cohen, 1994-02-25 Examines the regulation of sexuality the family and unorthodox religious beliefs in classical Athens by placing the question in a larger comparative and theoretical framework **Facing the Victorious Turks** Andrew Orr, 2024-09-12 At the end of World War I parts of the defeated Ottoman Empire were seized and partitioned by the Allied Powers In response the newly formed Turkish National Movement waged a military campaign to win Turkey's independence eventually leading to the declaration of the Republic of Turkey in 1923 In *Facing the Victorious Turks* Andrew Orr argues that French military intelligence and diplomatic officials Orientalism and racism led them to misinterpret the Turkish War of Independence by placing Europeans at the center of their analysis of the Middle East French observers flawed understanding of Muslims and Islam fed conspiracy theories that distorted their understanding of Germany the emerging Soviet Union Middle Eastern politics and colonialism It allowed them to perceive and report the danger of Middle East wide revolts without questioning whether it was European rule itself that was causing the political turmoil French military leaders were thus able to escape the sort of self reflection that might have exposed the exploitative nature of colonialism and pushed them to question the moral and strategic justifications for colonial rule Orr's study draws on French and British military diplomatic and intelligence documents published Turkish sources journalistic accounts and combatants and aid workers journals It also takes advantage of US intelligence and diplomatic papers that included correspondence with French military and diplomatic officials in Constantinople *Facing the Victorious Turks* is valuable reading for anyone interested in nationalism and imperialism intelligence studies French involvement in the Middle East and modern Turkish history *Freundschaftsbande*
