*Tax Systems and Tax Reforms in South and East Asia* Luigi Bernardi,Angela Frascini,Parthasarathi Shome,2007-01-24 This book examines the present status recent tax reforms and planned tax policies in some South and East Asia countries since the 1990s The evidence is presented in a user friendly manner but at the same time uses technically sophisticated methods The main countries studied are China India Japan Malaysia South Korea and Thailand It is unique for being the first systematic treatment of the topic hitherto the information available has been widely dispersed and difficult to access It should prove to be a natural companion to two previous books on taxation published by Routledge and also edited by Luigi Bernardi The Critical Handbook of Money Laundering Petrus C. van Duyne,Jackie H. Harvey,Liliya Y.

Gelemerova,2018-12-30 The overarching aim of this book is to bring order to the subjects of money laundering and of the anti money laundering frameworks that have been written over the past thirty years It provides scholars practitioners and policy makers with a guide to what is known of the subject thus far The book examines critically the underlying assumptions of research and of policy making in the field and offers a systematic review of the most important policy and academic literature on the subject **Proceedings of IAC-MEBM in Vienna 2016** group of authors,2016-11-18 International Academic Conference on Management Economics Business and Marketing in Vienna Austria 2016 IAC MEBM 2016 November 25 26 2016 *EJEG Volume 9 Issue 1* , *An Inquiry Into Well-being and Destitution* Partha Dasgupta,1995 An interdisciplinary book by one of the most respected scholars in what is broadly development economics but encompasses the most recent insights from philosophical research and empirical work on resource allocation nutrition science and anthropology It has been widely recognized as a seminal work presenting a wide ranging description of the causes and remedies of poverty and undernourishment and addressing the current debate over methods of estimating their incidence

Taxation in the Digital Economy Nella Hendriyetty,Chris Evans,Chul Ju Kim,Farhad Taghizadeh-Hesary,2022-07-11 A robust and efficient tax administration in a modern tax system requires effective tax policies and legislation Policy frameworks should cover all aspects of tax administration and include the essential processes of capturing processing analyzing and responding to information provided by taxpayers and others concerning taxpayers affairs By far the greatest challenges facing tax administrations in all countries are those posed by the continuing developments in the digital economy Whereas societies are grappling to come to terms with the transitions from the third industrial or digital revolutions revenue authorities grapple with the consequences for the sustainability of their tax bases and the efficient administration and collection of taxes This book presents a critical review of the status of tax systems in Asia and the Pacific in the era of the

digital economy The book suggests how countries can maximize their domestic resource mobilization when confronted by the challenges that digitalization inevitably produces as well as how they can best harness or take advantage of aspects of digitalization to serve their own needs The full implications of the COVID 19 crisis are still too uncertain to predict but it is clear that the crisis will accelerate the trend towards digitalization and also increase pressures on public finances This in turn may shape the preference for and the nature of both multilateral and unilateral responses to the tax challenges posed by digitalization and the need to address them This book will be a timely reference for those researching on taxation in digital economy and for policy makers The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

**The Equity Impact of the Value-Added Tax in Bangladesh** Mr. Shahabuddin Mosherraf Hossain, 1994-10-01 This paper investigates the income distributional implications of different value added tax VAT schemes in Bangladesh The results indicate that a revenue neutral uniform VAT is regressive in its impact on the income of different households This paper explores an alternative policy package consisting of a basic rate of VAT with exemptions for certain commodity groups chosen on the basis of their distributional characteristics The welfare consequences of the alternative package are found to be superior to those of the uniform VAT
