Syrian refugees who have settled in Turkey or are passing through the country on their way to Europe as well as issues facing Kurdish minorities Roma and other minority groups living in or transiting through Turkey This collection is challenged by two competing poles One pole is centered in xenophobic nationalism Around this pole migrants and refugees are described as criminals religious fanatics and moochers who challenge the working class and the freedoms that come with life in the West The second pole laments the insecurity that migrants and refugees face Around this pole movers are described as victims who lack so much at home In this example migrants and refugees are moving because there are no jobs and few prospects for work civil liberties are proscribed and banned in the face of state imposed limits and there are no opportunities to strike out on a unique path to the future Complicating both poles is the 24 hour news cycle that denies us the opportunity to understand and analyze Instead we are forced to pick one pole or the other In either case the outcome dehumanizes the mover signals their pathos and emphasizes why they are different Social Work with Refugees, Asylum Seekers and Migrants Rachel Larkin, Lauren Wroe, Reima Ana Maglajlic, 2019-08-21 Social work is an international profession and is increasingly having to respond to the needs of displaced people and those impacted by immigration control systems This book will be a vital resource for service providers students and academics specifically those who provide services to people whose lives are impacted by borders Child Welfare Practice with Immigrant Children and Families Alan Dettlaff, Rowena Fong, 2014-06-11 Children in immigrant families represent nearly one fourth of all children living in the United States As this population of children has increased so has their representation among children involved in child welfare and related systems Once immigrant families come to the attention of these systems they often have multiple and complex needs that must be addressed to ensure children's safety and well being Culturally competent practice with Latino Asian and African immigrants requires that professionals understand the impact of immigration and acculturation on immigrant families to conduct adequate assessments and provide interventions that respond appropriately to their needs Professionals also need to be familiar with federal and state policies that affect immigrant families and how those policies may affect service delivery At the system level child welfare agencies need to educate and train a culturally competent workforce that responds appropriately to children and families from diverse cultures This book addresses these critical issues and provides recommendations for the development of culturally competent assessment intervention and prevention activities in child welfare agencies This information can be used as a resource by child welfare administrators practitioners and students to improve the child welfare system's response to immigrant children and families and promote culturally competent practice This book was published as a special issue of the Journal of Public Child Welfare **Encyclopedia of** Social Work ,1965 Integrative Social Work Practice with Refugees, Asylum Seekers, and Other Forcibly **Displaced Persons** Nancy J.
