survival guide RIGHT NOW **Ninja Wilderness Survival Guide** Hakim Isler, 2021-05-25 Ninja master and survival expert Hakim Isler presents modern day survival strategies based on the techniques of Japan's ancient ninja. If you find yourself in an unexpected extreme situation while wilderness camping, hiking, or adventuring off the beaten path, a fundamental understanding of your surroundings can make the difference between life and death. By harnessing the powers of nature, the ninja built a legendary reputation as survivalists with an ability to thrive in even the most inhospitable situations. By studying their ancient philosophy and techniques alongside modern science, you can prepare yourself to survive in any outdoor environment. Gain real survival skills for the modern day based in the Buddhist philosophy of the five elements: Earth (protection from the harsh elements using trees, leaves, dirt, grass, and vines to build shelter), Water (effectively cool off when overheated and avoid dehydration), Fire (properly use fire to warm the body and to purify water by boiling it), Wind (harness the power of wind to ventilate shelters, smoke meat, and help build fires), and Void (apply knowledge and creativity while developing a survival plan). Isler has over 20 years of experience as a martial artist, Special Forces soldier, and security expert. With over 135 full-color photos and 60 illustrations detailing these time-tested methods, this book offers insights that are extremely practical. The foreword by Ninjutsu master Stephen K. Hayes masterfully connects the past to the present by providing unique and valuable insights for surviving mentally in the outdoors. National Geographic Extreme Weather Survival Guide

Thomas M. Kostigen, 2014-10-21 Hurricanes, floods, wildfires, tornadoes: weather is becoming extreme, and this book tells you how to plan ahead and prepare, respond to emergencies, and survive the worst-case scenarios. From the risks of building on changing coastlines to the safety kit you should have packed up at home from the telltale signs of a hurricane on the horizon to how to power up when the grid goes down, this will be the one book to carry with you through all kinds of bad weather. Divided into four sections: Hot, Cold, Wet, Dry, each chapter includes a level-headed discussion of current weather extremes, facts and details on conditions and theories for why these changes are occurring, dos and don'ts for inside and outside, and gives at a glance guidance for how to prepare for, survive, and recover from every extreme. Sidebar features include gears and gadgets, protecting your pet, and firsthand accounts from survivors and the experts who help them. Spectacular photographs of wicked weather, plus useful checklists and how-to illustrations, make page after page both useful and entertaining, even when you're contemplating the unthinkable. *The Survival Guide to British Columbia* Ian Ferguson, 2019-10-15 A completely satirical yet oddly practical guide to surviving and thriving in Canada's westernmost province. So you've arrived in British Columbia. Perhaps you're just passing through; perhaps you want to stay a while. You may even be contemplating making British Columbia your home. What you need is a well-researched, clearly written, and comprehensive guide to living and even prospering in Canada's westernmost province. This isn't it. However, the information contained in this book will allow you to experience British Columbia with minimal damage to your health and well-being. Having lived in nearly every province in the country before settling in BC, Ian Ferguson can say with great authority that things work differently here. So differently.

in fact that visitors and newcomers from other parts of Canada may put themselves in physical or social peril if they try to dress act drive work vote or socialize in the same ways as they would in Ontario New Brunswick or god forbid Alberta With practical advice little known facts and personal anecdotes Ferguson tackles everything from how to recognize a local and differentiate the various types of facial hair that delineate the male British Columbian to how to survive both natural and unnatural disasters whether it s a light dusting of snow on the southern tip of Vancouver Island or a full blown hockey riot to how BC has been governed through the ages like the time a bootlegger was put in charge of prohibition Illuminating hilarious and only mildly offensive if you have no sense of humour The Survival Guide to British Columbia will make you question why you ever came here in the first place
