Chukwudumebi Obute, 2023-08-15 This book undertakes an interdisciplinary and cross cultural interrogation of the Global South through the prisms of media and cultural studies It closely explores the quotidian re territorialization and brazen ruination of the material geographies of this vast expanse of the world by forces and proxies of neo colonialism and global capitalism of resource extraction We cite the ongoing expulsion of Palestinians from their homelands by occupational forces the emerging detritus dump across Mexico City and Lagos the infrastructural precariousness of the favelas of Brazil the unending resource war in the Democratic Republic of Congo DRC and the flagrant operation of the oil industry in the Niger Delta region of Nigeria as examples of this geographic cataclysm The centripetal forces of neo colonialism and resource extraction at full flight in the Global South aided by toxic hegemonic forces have overtly tossed some of the population to the peripheries of existence and the society at large As such this book additionally explores the resistance of the subalterns from the margins to this socio political malaise and further unmasks the knowledge production from these margins of the Global South This project is
