## **Bernard Vincent The Transatlantic Republican Thomas:**

**The Transatlantic Republican** Bernard Vincent, 2005 This collection of essays by Bernard Vincent covers most aspects of Thomas Paine's life, thought and works. It highlights Paine's contribution to the American and French Revolutions as well as the active role he played in the intellectual debates of the Age of Enlightenment in particular through his heated arguments with Edmund Burke or the Abbe Raynal. More than two centuries later, those debates on the universal nature of human rights or the exceptionalism of the American experience seem today to be more relevant than ever. Not only have *Common Sense*, *Rights of Man* and *The Age of Reason* become classics of Anglo-American literature, but from the moment they appeared, they ushered in a new type of writer, a new way of writing and a new class of readers. How Paine stormed the Bastille of Words and in so doing served both the republic of letters and the cause of democracy is the real subject of this book.

**New Directions in Thomas Paine Studies** S. Cleary, I. Stabell, 2016-04-08 Named moral father of the Internet by *Wired Magazine* and quoted by President Barack Obama in his historic first inaugural address, Thomas Paine is an American revolutionary figure who continues to intrigue and infuriate. *New Directions in Thomas Paine Studies* offers an interdisciplinary perspective on Paine's distinctive influence on a number of eighteenth-century discourses, from politics and literature to human rights and religion. This volume aims to expand the field of study on one of the most important figures not simply in the American but the global revolutionary period of the late eighteenth century. Drawing on an international group of scholars who hope to deconstruct the nationalistic boundaries that have hampered Paine studies for decades, the essays offer not only new interpretations of Paine's major works but new methodologies that reflect the enduring presence of Paine in American cultural discourse.

**Die europäische Verfassungsdiskussion des 18. Jahrhunderts** Ulrike Müßig, 2008  
English summary: The modern term constitution is closely associated with the revolutions of 1776 and 1789. The discussion surrounding the preconditions of the constitution not only reflects how the revolution was able to overcome the old class-conscious society but rather the general process of legal regulation of governance in the spirit of the Enlightenment. The concentration of monarchies in the world of European constitutions after 1800 was a mirror of Napoleonic state authoritarianism. In her study, Ulrike Müßig demonstrates that the growing strength of the parliaments after the July Revolution in 1830/31 led to a smooth transition from a constitutional to a parliamentary system with consistent laws. The balance of power between the monarch and parliament was changing. This evolutionary understanding of constitutional history is the key to Ulrike Müßig's study on the European constitutional discussion in the 18th century. German description: Die Entstehung des modernen Verfassungsbegriffs ist mit den Revolutionen von 1776 und 1789 verbunden. Der Verfassungsdiskurs reflektiert nicht nur die revolutionäre Überwindung der altständischen Gesellschaft sondern den allgemeinen Verrechtlichungsprozess staatlicher Herrschaft im Zeichen der Aufklärung. In der Monarchiekonzentration der europäischen Verfassungswelt nach 1800 spiegelt sich der napoleonische Staatsautoritarismus. Ulrike Müßig

veranschaulicht in ihrem Ausblick auf den europäischen Konstitutionalismus dass das Erstarken der Parlamente nach der französischen Julirevolution 1830 31 zu einem fließenden Übergang vom konstitutionellen zum parlamentarischen System bei gleichbleibendem Normenbestand geführt hat Die Regierung des Monarchen war zwar formal nicht an die parlamentarischen Mehrheitsverhältnisse gebunden ihre Berücksichtigung war jedoch politische Normalität Dadurch kam es in Frankreich Belgien und England zu einem erheblichen Parlamentarisierungsschub während in der deutschen Verfassungspraxis der repressive bundespolitische Rahmen einen dauerhaften Einfluss der Kammern auf die monarchisch bestimmten Regierungen verhindert hat Gerade diese Offenheit des Konstitutionalismus im Verhältnis zwischen Monarch und Parlament zeigt dass es Verfassungsgeschichte nicht mit statischen Ordnungszusammenhängen der Herrschaftsbegründung und -begrenzung zu tun hat Das Kräfteverhältnis der Verfassungsgrossen ist vielmehr in Bewegung Dieses evolutionäre Verständnis der Verfassungsgeschichte beherrscht die Studie zur europäischen Verfassungsdiskussion

*The Political Philosophy of Thomas Paine* Jack Fruchtman, 2009-09-01 A study of the work philosophy and life of the influential eighteenth century American writer This concise thoughtful introduction to the work of Thomas Paine author of *Common Sense* and *Rights of Man* explores the impact of one of the most influential minds of the American and French Revolutions and the sources from which his thinking evolved In Jack Fruchtman Jr s helpful interpretation Paine built his argument for radical revolution in 1776 on a study of nature and Providence and a belief in natural rights Men and women owed it to themselves to break the chains of rank hierarchy and even organized religion in order to live freely embracing the possibilities of invention progress and equality that lay ahead In 1793 at the height of the French Revolution and its secularizing fury Paine reminded readers that it was nature s God who created natural rights The rights of man thus held out both the great potential of freedom and the requirement that human beings be responsible for those who were the least fortunate in society On balance we may think of Paine as a secular preacher for the rule of reason A compelling portrait of Thomas Paine as a serious complex and often surprising writer This is a very useful volume for new students of U S political thought as well as for scholars seeking a quick but illuminating overview of Paine s writings and philosophy Choice A great way for the newcomer to appreciate the range diversity and raw power and brilliance of Paine s ideas Claremont Review of Books Fruchtman s concise analysis is tightly focused A coherent vision of Paine s work encompassing his many contradictions Times Literary Supplement UK

Thomas Paine J. C. D. Clark, 2018-03-16 Thomas Paine 1737 1809 was England s greatest revolutionary no other reformer was as actively involved in events of the scale of the American and French Revolutions and none wrote such best selling texts with the impact of *Common Sense* and *Rights of Man* No one else combined the roles of activist and theorist or did so in the age of revolutions fundamental as it was to the emergence of the modern world But his fame meant that he was taken up and reinterpreted for current use by successive later commentators and politicians so that the historic Paine was too often obscured by the usable Paine J C D Clark explains Paine against a

revised background of early and mid eighteenth century England He argues that Paine knew and learned less about events in America and France than was once thought He de attributes a number of publications and passages hitherto assumed to have been Paine s own and detaches him from a number of causes including anti slavery women s emancipation and class action with which he was once associated Paine s formerly obvious association with the early origin and long term triumph of natural rights republicanism and democracy needs to be rethought As a result Professor Clark offers a picture of radical and reforming movements as more indebted to the initiatives of large numbers of men and women in fast evolving situations than to the writings of a few individuals who framed lasting and eventually triumphant political discourses *THE BOOK OF THOMASES* Dr. Thomas Clough Daffern,2018-03-10 This book is a unique compilation of thinkers and scholars and

interesting intellectuals with the Christian name of Thomas **European Contexts for English Republicanism** Gaby Mahlberg,Dirk Wiemann,2016-04-22 *European Contexts for English Republicanism* offers new perspectives on early modern English republicanism through its focus on the Continental reception of and engagement with seventeenth century English thinkers and political events Looking both at political ideas and at the people that shaped them the collection examines English republican thought in its wider European context during the later seventeenth and eighteenth century In a number of case studies the contributors assess the different ways in which English republican ideas were not only shaped by the thought of the ancients but also by contemporary authors from all over Europe such as Hugo Grotius or Christoph Besold They demonstrate that English republican thinkers did not only act in dialogue with Continental authors and scholars their ideas in turn also left a long lasting legacy in Europe as they were received transformed and put to new uses by thinkers in France Italy the Netherlands Germany and Poland Far from being an exclusively transatlantic affair as much of the established scholarship suggests English republican thought also left its legacy on the European Continent finding its way into wider debates about the rights and wrongs of the English Civil War and the nature of government while later translations of English republican works also influenced the key thinkers of the French Revolution and the liberals of the nineteenth century Bringing together a range of fresh and original essays by British and European scholars in the field of early modern intellectual history and English studies this collection of essays revises a one sided approach to English republicanism and widens the scope of study beyond linguistic and national boundaries by looking at English republicans and their continental networks and legacy **Political Dissent: A Global Reader** Derek Malone-France,2011-12-16 This is a

global anthology of great texts in the history of political dissent Volume 1 spans the ancient and early modern world beginning with the Book of Isaiah from the eighth century BCE and ending with John C Calhoun s South Carolina Exposition from the early nineteenth century CE Volume 2 begins with Elizabeth Cady Stanton and the Seneca Falls Declaration of Sentiments from the mid nineteenth century and ends with the 2008 online Chinese human rights manifesto Charter 08 The selected texts come from across the ideological spectrum representing a wide range of political cultural philosophical and

religious perspectives Each text has been framed with an introduction that describes its historical context and importance and provides readers with assistance in interpreting the text including explanations of unfamiliar terms and concepts These introductions have been written for a general audience Each text is also accompanied by a list of Suggestions for Further Reading which points interested readers toward reliable sources for further exploration of the text its author and or the historical moment or issues involved This anthology should be accessible and useful to anyone from advanced high school students to scholarly specialists

*Thomas Paine* Joyce Chumbley, Leo Zonneveld, 2009 *Common Sense* Sophia Rosenfeld, 2011-05-02 Common sense has always been a cornerstone of American politics In 1776 Tom Paine's vital pamphlet with that title sparked the American Revolution And today common sense the wisdom of ordinary people knowledge so self evident that it is beyond debate remains a powerful political ideal utilized alike by George W Bush's aw shucks articulations and Barack Obama's down to earth reasonableness But far from self evident is where our faith in common sense comes from and how its populist logic has shaped modern democracy *Common Sense A Political History* is the first book to explore this essential political phenomenon The story begins in the aftermath of England's Glorious Revolution when common sense first became a political ideal worth struggling over Sophia Rosenfeld's accessible and insightful account then wends its way across two continents and multiple centuries revealing the remarkable individuals who appropriated the old seemingly universal idea of common sense and the new strategic uses they made of it Paine may have boasted that common sense is always on the side of the people and opposed to the rule of kings but Rosenfeld demonstrates that common sense has been used to foster demagoguery and exclusivity as well as popular sovereignty She provides a new account of the transatlantic Enlightenment and the Age of Revolutions and offers a fresh reading on what the eighteenth century bequeathed to the political ferment of our own time Far from commonsensical the history of common sense turns out to be rife with paradox and surprise

*NGOs* Thomas Davies, 2014-01-11 In the first historical account of international NGOs from the French Revolution to the present Thomas Davies places the contemporary debate on transnational civil society in context In contrast to the conventional wisdom which sees transnational civil society as a recent development taking place along a linear trajectory he explores the long history of international NGOs in terms of a cyclical process characterized by three major waves the era to 1914 the inter war years and the period since the Second World War The breadth of transnational civil society activities explored is unprecedented in its diversity from business associations to humanitarian organizations peace groups to socialist movements feminist organizations to pan nationalist groups The geographical scope covered is also extensive and the analysis is richly supported with reference to a diverse array of previously unexplored sources By revealing the role of civil society rather than governmental actors in the major transformations of the past two and a half centuries this book is for anyone interested in obtaining a new perspective on world history The analysis concludes in the second decade of the twenty first century providing insights into the trajectory of transnational civil society in the post 9 11 and post

financial crisis eras      **21 Signs of His Coming: Major Biblical Prophecies Being Fulfilled In Our Generation** David Taylor,2009      **Hibiscus Masonic Review** Peter Millheiser MD FACS,2019-04-22 HIBISCUS MASONIC REVIEW Vol 4 2019 Editor Peter J Millheiser MD FACS AN INTERNATIONAL JOURNAL OF MASONIC HISTORY AND CULTURE Freemasonry In Hungary Between The Eighteenth And Twentieth Centuries An Analysis Of The Draskovich Observance A Masonic Document Of The Late Eighteenth Century From Croatia The Enigmatic Code Of The American South And The Cultural Genesis Of The Scottish Rite s Mother Council Benjamin Franklin s Autobiography And Rabbi Mendel Lefin s Book Of Spiritual Accounting In Late Eighteenth Century Vienna And Philadelphia A Study In Atlantic History The Impetus For The Grand Lodge Of 1717 The Anti Apocalyptic Masonic University Of Kabbalah The Belgian Wagner Society And Their Link With Freemasonry Distinguished Ohio Freemasons American Exceptionalism The Apotheosis Of Thomas Dunckerley John Theophilus Desaguliers And The Newtonian Revolution Masons At The Bailey A Hundred Years Of Craft Freemasonry In England This is the fourth volume of an international journal exploring the historical sociological literary philosophical and cultural backgrounds of Freemasonry The authors in this collection include some of the leading Masonic researchers and historians and have published extensively on these aspects of Masonic culture      *Starker Liberalismus* Walter Oswalt,2024-03-04 In Europa und den USA des 17 und 18 Jahrhunderts revoltierten mehrere Bewegungen f r einen starken Liberalismus in England die Leveller in den USA Unabh ngigkeitsk mpfer um Tom Paine und in Frankreich der Cercle Social Sie k mpften nicht nur f r Menschenrechte und Demokratie sondern auch gegen eine Machtkonzentration in der Wirtschaft Trotz gro er Anh ngerschaft wurden sie verfolgt eingekerkert oder ermordet und ihr Gedankengut geriet in Vergessenheit Walter Oswalt macht ihre Ideen und L sungsvorschl ge in diesem posthum erscheinenden Band zug nglich und zeigt wie aktuell ihre Tradition in der heutigen Welt einer globalisierten Wirtschaft ist Mit einem Vorwort von Carsten Herrmann Pillath      **Holy Nation** Sarah Crabtree,2015-07-13 In this investigation of Quakers in early America Sarah Crabtree elaborates on the tensions caused by Quakers conception of themselves as people beholden not to states but to Christ Quakers were no less than a triple threat to their governments because they claimed loyalties above and beyond the state resisted the military strategies that were used to bolster the state and became political activists pushing for reform In resisting both the compulsion and the exercise of state power Quakers put forth alternative definitions of nation and citizenand yet many Quakers often found themselves drawn to political and social reform efforts that required recognizing and engaging with nations and states Crabtree argues that the resulting conflicts between obligations to church and state illuminate similar contemporary conflicts      **Information Theory ,      Thomas Paine. Major Works: Common Sense / The American Crisis / The Rights Of Man / The Age Of Reason / Agrarian Justice** Thomas Paine,2017-03-16 Thomas Paine or Pain February 9 1737 O S January 29 1736 June 8 1809 was an English American political activist philosopher political theorist and revolutionary One of the Founding Fathers of the United States he authored the two most influential

pamphlets at the start of the American Revolution and he inspired the rebels in 1776 to declare independence from Britain His ideas reflected Enlightenment era rhetoric of transnational human rights He has been called a corsetmaker by trade a journalist by profession and a propagandist by inclination

**Thomas Paine and the French Revolution** Carine Lounissi, 2018-06-12 This book explores Thomas Paine's French decade from the publication of the first part of *Rights of Man* in the spring of 1791 to his return trip to the United States in the fall of 1802 It examines Paine's multifarious activities during this period as a thinker writer member of the French Convention lobbyist adviser to French governments officious diplomat and propagandist Using previously neglected sources and archival material Carine Lounissi demonstrates both how his republicanism was challenged bolstered and altered by this French experience and how his positions at key moments of the history of the French experiment forced major participants in the Revolution to defend or question the kind of regime or of republic they wished to set up As a member of the Lafayette circle when writing the manuscript of *Rights of Man* of the Girondin constellation in the Convention one of the few democrats who defended universal suffrage after Thermidor and as a member of the Constitutional Circle which promoted a kind of republic which did not match his ideas Paine baffled his contemporaries and still puzzles the present day scholar This book intends to offer a new perspective on Paine and on how this major agent of revolutions contributed to the debate on the French Revolution both in France and outside France

*James Monroe Diplomatic Correspondence* Brett F. Woods, 2021-10-01 In 1789 George Washington took office as the first American president just as the French Revolution was about to erupt In 1794 he sent James Monroe to serve as the first international ambassador to Paris which was still reeling from the Reign of Terror Monroe was resourceful in getting his bearings in the shifting social and political sands He had major accomplishments including protecting U S trade from French attacks and achieving the release of patriot Thomas Paine and Adrienne de Lafayette the wife of the Marquis de Lafayette from French jails But the French Revolution led to war between Britain and France in 1793 and after Monroe arrived in France the U S and Great Britain concluded the Jay Treaty The treaty outraged the French because it appeared to favor Britain Monroe had not been fully briefed on the treaty but he was tasked with repairing the rift it caused Indeed he achieved some success in what was probably an impossible task Washington recalled Monroe from his post in November 1796 and he returned to the United States Monroe's letters provide our best window into his thinking and that of his correspondents the prevailing atmosphere in that turbulent era and the efforts he made to perform his duty in good faith

**The Legacy of Thomas Paine in the Transatlantic World** Sam Edwards, Marcus Morris, 2017-11-22 As early as 1892 Moncure Conway the author of the first scholarly Paine biography noted that whilst Paine's life up to 1809 was certainly fascinating his subsequent life that is his afterlife was even more thrilling Vilified by Theodore Roosevelt as a filthy little atheist yet employed by Ronald Reagan in his campaign to make America great again Paine's words and ideas have been both celebrated and dismissed by generations of politicians and presidents An Englishman by birth an American by adoption and a

Frenchman by decree Paine has been invoked and appropriated by groups and individuals across the transatlantic political spectrum This was particularly apparent following the bicentennial of Paine's death in 2009 an event that prompted new scholarship examining troublesome Tom's ideas and ideals whilst in Thetford Lewes and New Rochelle his three transatlantic homes he was feted and commemorated Yet despite all this interest the precise forms and function of Paine's post mortem presence have still not received the attention they deserve With essays authored by experts on both sides of the Atlantic and beyond this book examines the transatlantic afterlife of Thomas Paine offering new insights into the ways in which he has been used and abused remembered and represented in the two hundred years since his death
