Globalisierung des Wettbewerbsrechts Dietmar Baetge, 2008 Die Globalisierung der unternehmerischen Aktivit ten schreitet voran Sie f hrt dazu dass Wettbewerbspolitik und Kartellrecht immer weniger als die alleinige Angelegenheit nationaler Gesetzgeber verstanden werden k nnen Zwar sind w hrend des letzten Jahrzehnts eine Reihe von Aufs tzen und monografischen Beitr gen erschienen die der Internationalisierung der Wettbewerbsordnung gewidmet sind Eine umfassende Analyse der zahlreichen und in ihren

Formen durchaus unterschiedlichen Internationalisierungsansätze gibt es indes bis heute nicht Dietmar Baetge fällt insofern eine Lücke Neuartig ist darüber hinaus auch die eingehende Untersuchung und Symbiose von völkerrechtlichen und wettbewerbsrechtlichen Regelungsmodellen wie sie im nationalen bilateralen regionalen und weltweiten Maßstab gelten Dabei nimmt er sowohl die theoretischen als auch die rechtspolitischen Fragen in den Blick Basic Documents on International Trade Law Chia-Jui Cheng, 2012-04-27 Anyone involved in trade law knows the time consuming nature of obtaining primary source material and consulting each of the main trade laws Now in its fourth edition Basic Documents in International Trade Law solves this problem by assembling in a single easy to use resource a very comprehensive collection of the most important and frequently used documents on the law of international trade In addition to its obvious practical value this work reveals much about the process of harmonization in international trade law and the operation of the key international trade bodies This makes the book a helpful reference for international business lawyers researchers legislators and government officials in the field Since the successful publication of the previous editions of the book the appearance of new conventions and model laws has considerably enriched the law of international trade and the present edition contains a wealth of new material The book has been substantially revised and several new instruments have been included Among the most significantly important improvements to this new edition are new chapters added to different parts of the book a redesigned and thoroughly revised Part 6 reflecting the expansion of intellectual property rights under the framework of treaties administered by World Intellectual Property Organization and bibliographies and other research resources updated and enlarged to include an extraordinarily rich collection of books and articles in many trading languages besides English including for the first time major Chinese works in the international trade law field As the late Prof Clive M Schmitthoff commented on the first edition the book is not only of practical usefulness but has also considerable jurisprudential value and reveals the methodology of the harmonization process in the area of international trade law The International Business Lawyer first commented in 1987 that the book can only be described as a vade mecum for every international business lawyer an assessment that now seems more merited than ever *The World Trade System* Jagdish N. Bhagwati, Pravin Krishna, Arvind Panagariya, 2016-12-12 Leading trade experts examine the world trading system today from the multilateralism of the WTO to explosive bilateralism and the mega regionals TPP and TTIP When the General Agreement on Tariffs and Trade GATT metamorphosed into the World Trade Organization WTO in 1994 it seemed that the third pillar of the international economic superstructure was finally in place And yet with the failure of member countries to close the Doha Round of trade negotiations and the emergence of bilateral and plurilateral preferential trade arrangements PTAs such as the Trans Pacific Partnership TPP the future of the multilateral WTO seems uncertain In this volume leading economists examine issues in trade policy that have arisen during this shift The contributors discuss such topics as the effect of trade on poverty and inequality PTAs and litigation between trading partners the WTO Trade Facilitation Agreement and the relationship of

food security and trade liberalization They also offer regional perspectives on the TPP and trans Atlantic free trade Contributors Rahel Aichele Jagdish Bhagwati Steve Charnovitz Gabriel Felbermayr Dimitar Gueorguiev Bernard Hoekman Jonas Kasteng Pravin Krishna Mary Lovely Petros Mavroidis Devashish Mitra Arvind Panagariya Tom Prusa Andre Sapir Stefan Tangermann

An Institutional And Normative Analysis of the World Trade Organization Mary E. Footer, 2006 This book establishes a framework for analysis of the institutional and normative character of the WTO by locating the organization in a broader theory of international institutional law and in determining the basis for the conferral and exercise of powers in relation to its executive legislative and adjudicative functions The WTO is also read as an international regime in order to go beyond its formal legal and constitutional bases and to observe the Members practice in the context of the former semi institutionalised GATT treaty regime with which it retains strong links WTO decision making which underpins and informs its institutional and normative acts is analysed in order to better understand the dynamics of the organization Normative developments in the WTO are reviewed from the perspective of the creation maintenance and revision of legally binding and non binding or soft law norms in the sense of principles rules and

standards contained in primary treaty rules which set out the rights and obligations of the Members and subsidiary rule making activity by WTO bodies **International Trade and Investment Law** Leal-Arcas, Rafael, 2010-05-28 This timely book examines international trade and investment law at various levels of governance including unilateral bilateral regional and multilateral arrangements An Introduction to International Economics Kenneth A. Reinert, 2020-08-27 Ideal for a one semester course in international economics this book is accessible to those within and outside of economics programs

Retaliation in the WTO Dispute Settlement System Madeleine Merkx, 2013-08-01 Drawing on EU VAT implementing regulations ECJ case law and national case law this ground breaking book provides the first in depth coherent legal analysis of how the massively changed circumstances of the last two decades affect the EU VAT Directive in particular the interpretation of its four specified types of establishment place of establishment fixed establishment permanent address and usual residence Recognising that a consistent interpretation of types of establishment is of the utmost importance in ensuring avoidance of double or non taxation the author sheds clear light on such VAT issues as the following the concept of fair distribution of taxing powers in VAT role of the neutrality principle legal certainty in VAT place of business for a legal entity or partnership for a natural person for a VAT group beginning and ending of a fixed establishment the purchase fixed establishment meaning of permanent address and usual residence the position of the VAT entrepreneur with more than one fixed establishment across jurisdictions whether supplies exchanged between establishments are taxable administrative simplicity and efficiency VAT audits and the prevention of fraud the intervention rule and the reverse charge mechanism right to deduct VAT for businesses with multiple establishments and cross border VAT grouping and fixed establishment Thoroughly explained are exceptions that take precedence over the general rules such as provisions regarding immovable property transport services services relating to cultural artistic sporting scientific educational entertainment or similar activities restaurant and catering services electronically supplied services transfers and assignments of intellectual property rights advertising services certain consulting services banking financial and insurance transactions natural gas and electricity distribution telecommunication services and broadcasting services As the first truly authoritative resource on a topic of increasing importance in international tax a key topic for businesses tax authorities tax advisors and government regulators this book will be warmly welcomed by all professionals working with taxation in legal practice business academe and government
