## Overview of the Context

	Context
	Discovery Subjects
	Techniques/ Character

In *The Tempest*, considered his last great play, Shakespeare transports us to a mysterious island where humanity's flaws and qualities are amplified enabling the audience to discover the importance of compassion and reconciliation. Shakespeare takes us to a position of uncertainty and ambiguity inviting us to question humanity, ourselves and the world so that we arrive at a deeper understanding of the human condition. He makes us realise that discovery is revelation – we are provoked to discover something new about the known. Gonzalo wisely observes that the island is a microcosm for Shakespeare's Jacobean society.

The Renaissance period in Shakespeare's time displayed a strong interest in self-knowledge and belief that this was a condition to the knowledge of God. Humanist philosopher, Erasmus wrote in *Enchiridion militis Christiani* in 1503 'know yourself: do not allow yourself to be led by the passions, but submit all things to the judgement of reason'.
