Tandon's Textbook of Cardiology Dorairaj Prabhakaran, Raman Krishna Kumar, Nitish Naik, 2019-01-17. An authoritative comprehensive and accessible cardiology textbook that caters to the needs of trainees and practicing cardiologists. Cardiovascular disease is now the largest contributor to global mortality. Low and middle income countries (LMICs) presently bear the brunt of this global epidemic, accounting for over three quarters of cardiovascular deaths and 90% of these deaths under 70 years of age. The experience and expertise of health professionals in these countries will therefore be the principal determinant of global success in countering and curbing the global cardiovascular epidemic in the coming decades. This book covers the fundamentals of cardiology in depth to provide conceptual clarity and delves into specific cardiovascular disorders with detailed descriptions that range from aetiology and pathophysiology to evidence informed approaches to diagnosis and management. It does all of this by blending contextual relevance with uncompromising academic rigor.

English for Medical Communication Clarence Wenfeng Wang, 2025-02-28. English for Medical Communication: A Guide to Course Design is a practical guide to the design of health communication courses in English for Academic Specific Purposes (EAP/ESP). Written by an experienced team of EAP/ESP practitioners teaching communication courses to medical students, the chapters cover ten key areas in medical communication such as reporting patient history, writing a medico-legal report, discussing ethical cases, writing a Wikipedia article in medicine, and presenting community project findings in a research report. The book covers medical communication among healthcare professionals with laypersons and researchers. Each chapter introduces course design principles, teaching approaches and techniques, course materials with effective classroom tasks, and students' sample assignments. Each chapter also provides resources to support teachers in designing courses in a wider international context. Including up-to-date literature on key concepts and core understandings and best practices in medical communication, this accessible volume is an essential guide for language teachers of EAP/ESP programs designing courses for medical students at both undergraduate and postgraduate levels worldwide.
