Social Workers' Desk Reference, 2015-04-20 People all over the world are confronted by issues such as poverty a lack of access to quality education unaffordable and or inadequate housing and a lack of needed health and mental services on a daily basis Due to these issues there is a need for social workers who have access to relevant and timely scholarly materials in order to meet the needs of those facing these issues The social psychological and biological factors resulting from these issues determine the level of a person s mental health at any given point in time and it is necessary for social workers to continue to evolve and develop to the new faces and challenges of the times in order to adequately understand the effects of these issues In the first and second editions of the *Social Workers Desk Reference* the changes that were occurring in social work practice education and research were highlighted and focused upon This third edition continues in the same tradition and continues to respond to the changes occurring in society and how they are impacting the education research and practice of social work as a whole With 159 chapters collaboratively written by luminaries in the profession this third edition serves as a comprehensive guide to social work practice by providing the most recent conceptual knowledge and empirical evidence to

aid in the understanding of the rapidly changing field of social work Each chapter is short and contains practical information in addition to websites and updated references Social work practitioners educators students and other allied professionals can utilize the Social Workers Desk Reference to gain interdisciplinary and interprofessional education practice and research

Cultures of Intoxication Fiona Hutton,2020-01-25 This book considers the global discourses and debates about intoxication engaging in critical academic discussion around this concept The problems in defining intoxication are considered alongside the meanings of intoxication and how these meanings often differ across diverse drug using populations The way that intoxication has been engaged with over the centuries has affected how particular groups are perceived and responded to resulting in punitive responses such as drug prohibition alongside harsh treatment of those who are seen to transgress societal norms and values Therefore this collection seeks to unsettle dominant discourses about intoxication and to consider this concept in new critical ways Ways of being intoxicated are also defined in this book in their broadest sense from energy drinks and other legal drugs to recreational use of illicit drugs such as ecstasy to problematic drug use The Drug Problem Martin Levinson,2002-08-30 Current approaches to the drug problem are not working and almost everyone agrees that more effective solutions are needed This comprehensive volume offers a dynamic new approach to understanding and solving the drug problem This text applies the techniques and formulations of general semantics to investigate and make recommendations about various aspects of drug abuse General semantics a process problem solving approach based on the primacy of the scientific method and importance of language as a shaper of thoughts and perceptions has a proven record of success in problem solving across a wide variety of disciplines and fields Topics examined include American drug history and policy the legalization issue drugs and creativity treatment and prevention A chronological overview of drug taking in human history and a resource guide are provided One chapter offers an in depth description of an effective drug abuse prevention model and a program using the model *A Moral Defense of Recreational Drug Use* Rob Lovering,2015-08-12 Why does American law allow the recreational use of some drugs such as alcohol tobacco and caffeine but not others such as marijuana cocaine and heroin The answer lies not simply in the harm the use of these drugs might cause but in the perceived morality or lack thereof of their recreational use Despite strong rhetoric from moral critics of recreational drug use however it is surprisingly difficult to discern the reasons they have for deeming the recreational use of some drugs morally wrong In this book Rob Lovering lays out and dissects various arguments for the immorality of using marijuana cocaine heroin and other drugs recreationally He contends that by and large these arguments do not succeed Lovering s book represents one of the first works to systematically present analyze and critique arguments for the moral wrongness of recreational drug use Given this as well as the popularity of the morality based defense of the United States drug laws this book is an important and timely contribution to the debate on the recreational use of drugs **Addiction and Pastoral Care** Sonia E. Waters,2019-02-05 A timely resource treating addiction holistically as both a spiritual and a pathological condition Substance

addictions present a unique set of challenges for pastoral care In this book Sonia Waters weaves together personal stories research and theological reflection to offer helpful tools for ministers counselors chaplains and anyone else called to care pastorally for those struggling with addiction Waters uses the story of the Gerasene demoniac in Mark s Gospel to reframe addiction as a soul sickness that arises from a legion of individual and social vulnerabilities She includes pastoral reflections on oppression the War on Drugs trauma guilt discipleship and identity The final chapters focus on practical care skills that address the challenges of recovery especially ambivalence and resistance to change
