genre of action games by the name of Extreme Action where the premise of classic 2D games such as Castlevania is transitioned into 3D. The series centers on main character Dante's goal of avenging his mother's murder by exterminating demons. In the process, he encounters his long lost brother with whom he develops a dysfunctional relationship. As the series progresses, it is revealed that the demon emperor Mundus is responsible for the loss of Dante's mother and the enslavement of his brother. The gameplay consists of heavy combat scenes in which the player must attempt to extend long chains of attacks while avoiding damage in order to exhibit stylish combat. This element, along with time and amount of items collected and used, are taken under consideration when grading the player's performance. The success of the video game series has led to the creation of comic books, novelizations, an anime series, guides, collectible publications, and a variety of action figures. As of 2008, there are four games in the series. The original character designs for Devil May Cry were based on ideas from Hideki Kamiya, a video game designer formerly employed by Capcom and subsequently by Clover Studio. He directed Devil May Cry after working on Resident Evil and Resident Evil 2. The creation of Nero and several of the characters in Talexi - the Concept Art of Alessandro Taini, 2019-07-19. Italian artist Alessandro Talexi Taini is responsible for designing some of the most memorable and imaginative video game characters and environments of the last 15 years. While at the acclaimed UK based game developer Ninja Theory, he was instrumental in creating the overall look and feel of the fantasy adventure games Heavenly Sword, Enslaved, Odyssey to the West, DmC Devil May Cry, and Hellblade, which together sold millions of copies worldwide. This is the first book to feature his magnificent concept art, which is sure to thrill gamers and appeal to fans of fine art, as well as with incredibly lifelike paintings that pay homage to master painters Caravaggio and Rembrandt, with additional inspiration drawn from the mythological work of Bouguereau and Frazetta.
