Another important finding was that only people who were in good relationships with their boss showed engagement in citizenship behaviors. This suggests that employees who are not engaged in citizenship behaviors are not motivated by their boss to do so. This finding is consistent with the idea that employees who are not engaged in citizenship behaviors are not motivated by their boss to do so.

E-book: Ethical Obligations and Decision-Making in Accounting: Text and Cases Mintz,2016-04-16

E book Ethical Obligations and Decision Making in Accounting Text and Cases The Big Con Mariana Mazzucato,Rosie Collington,2023-02-23 There is an entrenched relationship between the consulting industry and the way business and government are managed today which must change Mariana Mazzucato and Rosie Collington show that our economies reliance on companies such as McKinsey Boston Consulting Group Bain Company PwC Deloitte KPMG and EY stunts innovation obfuscates corporate and political accountability and impedes our collective mission of halting climate breakdown The Big Con describes the confidence trick the consulting industry performs in contracts with hollowed out and risk averse governments and shareholder value maximizing firms It grew from the 1980s and 1990s in the wake of reforms by both the neoliberal right and Third Way progressives and it thrives on the ills of modern capitalism from financialization and privatization to the climate crisis It is possible because of the unique power that big consultancies wield through extensive contracts and networks as advisors legitimators and outsourcers and the illusion that they are objective sources of expertise and capacity To make matters worse our best and brightest graduates are often redirected away from public service into consulting In all these ways the Big Con weakens our businesses infantilizes our governments and warps our economies Mazzucato and Collington expertly debunk the myth that consultancies always add value to the economy With a wealth of original research they argue brilliantly for investment and collective intelligence within all organizations and communities and for a new system in which public and private sectors work innovatively for the common good We must recalibrate the role of consultants and rebuild economies and governments that are fit for purpose
