Discovering Grammar Anne C. Lobeck, Max Morenberg, 2000 This textbook for college courses in advanced grammar structures of English English syntax and introduction to English language is written for the general student **Navigating English Grammar** Anne Lobeck, Kristin Denham, 2013-09-23 An engaging and fresh take on the rules and politics of English grammar written in lively prose It goes a step further than most books on grammar by providing an overview of the field with a discussion of historical and current debates about grammar and how we define discuss and approach it Presents a novel inquiry based approach to understanding speakers unconscious knowledge of English grammar Makes lucid connections when relevant with current linguistic theory Integrates language change and variation into the study of grammar Examines historical sources of socially evaluative perceptions of grammar as good or bad and notions of language authority Provides syntactic explanations for many modern punctuation rules Explores some of the current controversies about grammar teaching in school and the role of Standard English in testing and assessment **Working with Words** Miguel Fuster Márquez, 2011-11-28 Aquest volum intenta oferir als estudiants matriculats en el Grau d Estudis Anglesos un manual de base que els introduïa en l'estudi de les principals matèries Un manual amb materials pràctics de treball i continguts que responen a les necessitats d'una contínuament actualització de l'ensenyament de llengües estrangeres en una perspectiva enriquidora i que al mateix temps recull i integra els principals corrents científics dels estudis anglesos tenint en compte les directrius introduïdes per l'Espai Europeu d'Educació Superior La novetat d'aquest manual resideix a oferir a la xarxa i a la disposició de qualsevol usuari informació relacionada amb el contingut del llibre textos exercicis autocorrectius i activitats Un espai que convida els usuaris a participar enviant les seves propostes per a publicar les i poder les compartir

Understanding Syntax 2nd Edition Maggie Tallerman, 2014-03-18 Assuming no prior knowledge of linguistics it discusses and illustrates all the major terms and concepts essential to the study of sentence structure in the world's languages Noun and verb are explained and the properties of these categories are discussed The reader discovers what a finite verb is what first person singular means and what relative clauses look like Concepts such as subject object gender case and subordination are introduced and exemplified Initial illustration is from English with extensive additional material from several other languages Exotic constructions not found in related European languages are fully covered so that verb serialization ergative languages and head marking languages are all included This new edition has been updated and revised to meet the needs of today's students Difficult points are given fuller explanation a glossary of technical terms is included and additional exercises have been introduced to enable students to consolidate what they have learnt **Aitchison's Linguistics** Jean Aitchison, 2010-07-30 This classic book is a straightforward introduction to linguistics which attempts to answer two fundamental questions What is language and How does language work It outlines the scope of linguistics explaining basic concepts and essential terminology with examples drawn mainly from English Sound patterning syntax and

meaning the inner core of linguistics are discussed simply and clearly as are the rapidly growing areas of pragmatics sociolinguistics psycholinguistics and stylistics You will find this contemporary easy to read book essential to broadening your understanding of the subtleties and power of language NOT GOT MUCH TIME One five and ten minute introductions to key principles to get you started AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success based on the author s many years of experience TEST YOURSELF Tests in the book and online to keep track of your progress EXTEND YOUR KNOWLEDGE Extra online articles at www.teachyourself.com to give you a richer understanding of linguistics FIVE THINGS TO REMEMBER Quick refreshers to help you remember the key facts TRY THIS Innovative exercises illustrate what you ve learnt and how to use it

A Dependency Grammar of English Timothy Osborne, 2019-07-15

Dependency grammar DG is an approach to the syntax of natural languages with a long and venerable tradition yet awareness of its potential to serve as a basis for principled analyses of natural language syntax is minimal due to the predominance of phrase structure grammar PSG This book presents a DG of English with two main goals in mind The first is to make the principles of dependency syntax accessible to a general audience so that the novice linguist as well as the seasoned syntactician becomes fully aware of what makes DG unique as an approach to the study of natural language syntax The second is to present and develop a version of DG that then serves as a principled basis for the investigation of central areas of the syntax of English such as long distance dependencies coordination ellipsis valency etc An overarching theme in all this is that DG is simple compared to PSG yet despite this simplicity it is quite effective at shedding light on the nature of syntactic phenomena

Linguistics at School Kristin Denham, Anne Lobeck, 2010-01-07

Linguistics is a subject that has remained largely confined to the academy rather than being integrated into school curricula This is unfortunate but not surprising as although some teacher education programs include courses on linguistics it is not comprehensively integrated into teacher education so it is largely absent from the curriculum This volume brings together a team of leaders in the field of linguistics and education to provide an overview of the current state of research and practice It demonstrates changes which can be made to teaching such as revising teacher s preparation developing and implementing practical applications of linguistics in both primary and secondary classrooms partnering linguists with classroom teachers and working to improve state and national education standards The contributors emphasize the importance of collaboration between professional linguists and educators in order to meet a common goal to raise awareness of the workings of language

Language Evolution and Syntactic Theory Anna R. Kinsella, 2009-07-23

Discusses the relationship between Chomskyan syntactic theory and the evolution of language

Modern Syntax Andrew Carnie, 2011-01-13

This practical coursebook introduces all the basics of modern syntactic analysis in a simple step by step fashion Each unit is constructed so that the reader discovers new ideas formulates hypotheses and practises fundamentals The reader is presented with short sections of explanation with examples followed by practice exercises Feedback and comment sections follow to enable students to monitor their progress

No previous background in syntax is assumed Students move through all the key topics in the field including features rules of combination and displacement empty categories and subcategorization The theoretical perspective in this work is unique drawing together the best ideas from three major syntactic frameworks minimalism HPSG and LFG Students using this book will learn fundamentals in such a way that they can easily go on to pursue further study in any of these frameworks

Language in the Schools Kristin Denham, Anne Lobeck, 2006-04-21 *Language in the Schools Integrating Linguistic Knowledge Into K 12 Teaching* addresses two important questions What aspects of linguistic knowledge are most useful for teachers to know What kinds of activities and projects are most effective in introducing those aspects of linguistic knowledge to K 12 students The volume focuses on how basic linguistic knowledge can inform teachers approaches to language issues in the multicultural linguistically diverse classroom The text also includes examples of practical applications of language awareness to pedagogy assessment and curriculum construction which support the current goals of language arts bilingual and ESL education *Language in the Schools Integrating Linguistic Knowledge Into K 12 Teaching* contributes to the resources on linguistics and education by taking prospective teachers beyond basic linguistics to ways in which linguistics can productively inform their teaching and raise their students awareness of language It is intended as a text for students in teacher education programs who have a basic knowledge of linguistics *The British National Bibliography* Arthur James Wells, 2001

International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences, 2002 **Linguistics for Everyone: An Introduction** Kristin Denham, Anne

Lobeck, 2009-03-06 *LINGUISTICS FOR EVERYONE AN INTRODUCTION* First Edition is designed to capture the interest of all students regardless of major and offer them a thorough engaging introduction to the science of language To achieve this goal they devised a unique arrangement of chapters that distinguishes this book from conventional introductory linguistics textbooks Without sacrificing rigor they focus on larger themes rather than on technical details or formal analysis The book opens with a strong introductory chapter addressing basics such as how to define language prescriptive versus descriptive grammar differences between the human language system and other animal communication systems and so on The second chapter devoted to language mind and brain addresses both psycholinguistic and neurolinguistic evidence for humans innate capacity for language To address core linguistics areas in depth there are two chapters each on phonetics and phonology morphology syntax and semantics Throughout the text special features relate the study of linguistics to the language we use in the real world and every chapter includes innovative and varied activities that review and practice the content and offer your students many opportunities to apply the knowledge in their own lives Important Notice Media content referenced within the product description or the product text may not be available in the ebook version **Index to the Catalogue of**

Books in the Bates Hall ... First Supplement. (Index to the City Documents from 1834 to 1865.). BOSTON, Massachusetts. Public Library, 1866 **Translatology, Translation and Interpretation - Toward a New Scientific**

Endeavor Noury Bakrim,2024-02-07 This book brings together scholarly contributions to question model and reshape translatology as the scientific discipline studying language translation The chapters emphasize the hypothesis of a real domain of observability and objectivity through experimental and applied perspectives The authors offer a balanced view of adequacy and coherence between the empirical and theoretical components of the book The chapters include a good deal of individual language data from both source and target approaches with a focus on typologically and culturally diverse spaces such as the African context Domains of inquiry such as terminology and the cognitive dimension of the process exemplify the ability to create a dialogue between multidisciplinary intersections and translational attempts of laws and generalizations

Theoretical Linguistics in the Pre-University Classroom Alice Corr,Anna Pineda,2023-07-19 Theoretical Linguistics in the Pre University Classroom illuminates the untapped potential of theoretical linguistics in remaking encounters with the workings of language in pre university classrooms The collection showcases the latest research and best practice emerging from the Euro American movement of Linguistics in Schools **Catalogue of Books** ,1878 **Index to the Catalogue of Books in the Upper Hall of the Public Library of the City of Boston** Boston Public Library,1866 **Principles of Greek Etymology** Georg Curtius,1875 Bibliographic Index ,2001
