Divide and Fall? Radha Kumar, 1999-06-17 Divide and Fall the first full length analysis of the post Cold War revival of ethnic partition is a major intervention in the study of international relations Radha Kumar examines the carve up of Bosnia comparing it to earlier divisions of Ireland India Palestine and Cyprus

India and Pakistan Duncan McLeod, 2008 Are India and Pakistan rivals or enemies Duncan McLeod theorizes the levels and culture of violence between India and Pakistan since partition and independence in 1947 moving the debate away from historical reiteration to instead theorize on the nature and culture of violence between these two states

Early American Proverbs and Proverbial Phrases Bartlett Jere Whiting, 1977 p B J Whiting savors proverbial expressions and has devoted much of his lifetime to studying and collecting them no one knows more about British and American proverbs than he The present volume based upon writings in British North America from the earliest settlements to approximately 1820 complements his and Archer Taylor's Dictionary of American Proverbs and Proverbial Phrases 1820 1880 It differs from that work and from other standard collections however in that its sources are primarily not literary but instead workaday writings letters diaries histories travel books political pamphlets and the like The authors represent a wide cross section of the populace from scholars and statesmen to farmers shopkeepers sailors and hunters Mr Whiting has combed all the obvious sources and hundreds of out of the way publications of local journals and historical societies This body of material because it covers territory that has not been extracted and compiled in a scholarly way before can justly be said to be the most valuable of all those that Whiting has brought together according to Albert B Friedman What makes the work important is Whiting's authority a proverb or proverbial phrase is what BJW thinks is a proverb or proverbial phrase There is no objective operative definition of any value no divining rod his tact feel experience determine what's the real thing and what is spurious

Modernization and the Crisis of Development in Africa Jeremiah I. Dibua, 2006 In this book Jeremiah I Dibua challenges prevailing notions of Africa's development crisis by drawing attention to the role of modernization as a way of understanding the nature and dynamics of the crisis and how to overcome the problem of underdevelopment

The Ennead Jan Mark, 2014-05-01 Isaac is an outsider on the planet Erato the lone survivor of a disaster elsewhere in the Ennead a system of nine planets But he has managed to infiltrate an important family and wields a significant amount of power Even so his position is often compromised because he depends on the kindness of others So when the chance to rescue Eleanor a girl from another planet arises and most importantly to keep her forever in his debt he seizes it But Eleanor brings her own agenda her own history which threatens Isaac's position and the very fabric of Erato's society

Resisting Divide-and-Conquer Strategies in Education Dennis L. Rudnick, 2024-08-12 Resisting Divide and

Conquer Strategies in Education Pathways and Possibilities examines the ways in which divide and conquer strategies operate in the American public education system. In U.S. education, these mechanisms are endemic and enduring if not always evident. Coordinated, strategic, well-funded, politically viable campaigns continue to stoke fear, othering, villainization, and dehumanization of minoritized groups, pushing false and problematic narratives that inhibit progress toward social justice. Weaponizing hegemony and leveraging misinformation, reactionary agents and institutions seek to suppress truth, block access to democratic participation, and dismantle education and other sites of emancipatory possibility through the strength of divide and conquer mechanisms, pitting relatively disempowered groups against one another to preserve the dominant social order. Readers of this book will encounter conceptual and critical interrogations of divide and conquer. The text will help facilitate inquiry and engagement into how divide and conquer operates and how it can be resisted. It looks at the history of the phenomenon as well as its current state, especially as it relates to education. What insights and lessons might we learn from a focused examination of divide and conquer, and what strategies of resistance are both possible and necessary for challenging it? This text is designed for undergraduate and graduate classrooms in education and social sciences. Part I: Ideology and Sociopolitical Contexts dissects how divide and conquer mechanisms operate ideologically and sociopolitically. Part II: Policies and Practices focuses on how divide and conquer mechanisms shape exclusionary U.S. educational policies and practices. Part III: Resistance and Liberation documents efforts of liberatory, communicative, curricular, and pedagogical possibilities. Each chapter concludes with a set of critical questions for reflection and engagement. Perfect for courses such as Foundations of Education, Schools and Society, Schooling in America, History of Education, Philosophy of Education, Sociology of Education, Social Studies, Critical Theory in Education. How Berlin Conference Clung on Africa Nkwazi N.

Mhango, 2024-10-02. The book How Berlin Conference Clung on Africa: What Africans Must Do aims to expose the root causes of Africa's struggles, including colonialism, greed, and artificial national divisions. It examines the lasting impact of the Berlin Conference of 1884-85, where European powers divided Africa, leading to dependence and underdevelopment. The book also criticizes the role of African leaders in perpetuating these divisions and hindering progress. It argues that the artificial borders created at the Berlin Conference have been detrimental to Africa and calls for unity and a rejection of the colonial legacy to achieve true independence and prosperity. **The Struggle for Development and Democracy: A General**

Theory Alessandro Olsaretti, 2023-03-13. In The Struggle for Development and Democracy, Alessandro Olsaretti argues that we need significantly new theories of development and democracy to answer the problem posed by neoliberalism and the populist backlash, namely, uneven development and divisive politics heightened by the 9/11 attacks. This volume proposes a general theory of development and democracy as part of a unified theory of power, emphasizing that development needs markets, civil society, and the state, and also the proper networks and interactions amongst markets, civil society, and the state. Imperialism undermines these interactions and turns countries into providers of cheap land or labour. This book begins to

sketch the mechanisms at work and to answer one question how did imperialist elites build their power All royalties from sales of this volume will go to GiveWell org in honour of Alessandro Olsaretti s memory

The Nature of the Transnational Firm Christos Pitelis,Roger Sugden,2005-06-23 The Nature of the Transnational Firm brings together the major approaches to the transnational firm in one volume Leading thinkers present overviews of a vibrant theoretical literature and assess the current state of analysis Thoroughly revised and updated to take account the explosive growth of foreign direct investment in the 1990s this volume will be welcomed by students and researchers of international business international economics and business economics Contributors include John Cantwell John H Dunning Edward M Graham Jean Francois Hennart Neil Kay

Democracy, Ethnic Diversity, and Security in Post-Communist Europe Anita I. Singh,2001-06-30 Inder Singh examines why international organizations including the UN OSCE and Council of Europe advocated democratic governance based on the rule of law and respect for human and minority rights as the method by which states should try to accommodate their ethnically mixed populations She discusses how realistic this advice has been given the tension between the principle of the sovereignty of states and their international obligations and the extent to which democratization had made for ethnic and political stability in post communist Europe Inder Singh demonstrates that this advocacy of democracy to handle ethnic diversity questions the perception of nationalism as a cause of war and disorder This pathbreaking study will be of appeal to academics and policy makers interested in how the management of ethnic diversity through democracy can enhance domestic and international security

Violence, Politics and Conflict Management in Africa Mawere, Munyaradzi,Marongwe, Ngonidzashe,2016-09-01 This volume critically interrogates from different angles and dimensions the resilience of conflict and violence into 21st century Africa The demise of European colonial administration in Africa in the 1960s wielded fervent hope for enduring peace for the people of Africa Regrettably conflict alongside violence in all its dimensions physical religious political psychological and structural remain unabated and occupy central stage in contemporary Africa The resilience of conflict and violence on the continental scene invokes unsettling memories of the past while negatively influencing the present and future of crafting inclusive citizenship and statehood he book provides fresh insightful ethnographic and intellectual material for rethinking violence and conflict and for fostering long lasting peace and political justice on the continent and beyond With its penetrating focus on conflict and associated trajectories of violence in Africa the book is an inestimable asset for conflict management practitioners political scientists historians civil society activists and leaders in economics and politics as well as all those interested in the affairs of Africa

Africas Dependency Syndrome N. Mhango,2017-08-06 There are milliards of off beam assumptions that Africa will always remain immobile in development of whatever type This pseudo take has mainly been propounded by Western thinkers in order to dubiously make Africans internalise and reinforce this flimsy and flimflam dependency Africa needs to embark on paradigm shift and tweak and turn things around Africa has what it take to do so quickly especially now that new

economic powers such as China and India are evolving as counterweight to the West Shall Africa use these new economic forces to its advantage based on fair and win win cooperation To do so Africa must make sure that it does not slink back into business as usual vis a vis beggarliness dependence frailty gullibility made up backwardness monkey business and pipedreams not to mention the nasty and narcissistic behaviours of its venal and navel gazing rulers Verily Africa needs inter alia to use its God given gifts namely immense resources young population abundance of vast and unexploited amounts of land Equally Africa must without equivocation invest copiously and earnestly in its people the youth in the main Most of all Africa needs to shy away from all colonial carryovers and encumbrances This volume shows many ways through and by which Africa can inverse the current imbroglio cum no go it faces for the better and thereby actualise the dream of being truly independent and prosperous

The Evolution of British Counter-Insurgency during the Cyprus Revolt, 1955-1959

Preston Jordan Lim, 2018-06-12 This book evaluates the prosecution of British counter insurgency operations during the Cyprus Revolt of 1955 1959 Historians have typically cast the Cyprus Revolt as a failure situating it within the larger pattern of the post 1945 failure of conventional armies to deal with insurgencies By analyzing the reminiscences of British policemen National Servicemen and officers both junior and senior the study provides a ground up assessment of the British counter insurgency effort The work examines also the contradictions gripping Greek and Turkish Cypriot opinion arguing that developments during this time period set the scene for intercommunal violence in the 1960s and 1970s Military history is taken in a broad sense and includes the Cypriot government s attempts to control its image in the eyes of international opinion By intimately dealing with indigenous news outlets like the Times of Cyprus and Halk n Sesi this book offers lessons for modern policymakers and civil servants concerned with the importance of sound press strategy
