Modern Architecture and its Representation in Colonial Eritrea Sean Anderson, 2016-03-03 Modern Architecture and its Representation in Colonial Eritrea offers a critical assessment of architecture and urbanism constructed in Eritrea during the Italian colonial period spanning from 1890 1941 Drawing together imperial projects modernist aesthetics and fascist motives the book examines how the merger of these three significant influences yielded a complex built environment that served to emulate if not redefine Italian colonial pursuits As Italy s colonia primogenit or first born colony Eritrea and its capital Asmara not only bore witness to the emergence of politicized interiors and international expositions the colony became a vehicle that polarized issues of race and gender Exploring discourses of modernity in Africa this book moves between histories of architecture urbanism literature and media to describe how Eritrea and Asmara became a crucial fulcrum for Italy s ill fated pursuits in Ethiopia and other neighboring countries Consequently modern architecture inscribed Eritrean subjectivities while redefining technologies that affected constructions of the colonial interior Modern Architecture and its Representation in Colonial Eritrea demonstrates how architecture in Asmara reshaped the creation and reception of Italian East Africa

History of Italian Philosophy Eugenio Garin,2008 This book is a treasure house of Italian philosophy Narrating and explaining the history of Italian philosophers from the Middle Ages to the twentieth century the author identifies the specificity peculiarity originality and novelty of Italian philosophical thought in the men and women of the Renaissance The vast intellectual output of the Renaissance can be traced back to a single philosophical stream beginning in Florence and fed by numerous converging human factors This work offers historians and philosophers a vast survey and penetrating analysis of an intellectual tradition which has heretofore remained virtually unknown to the Anglophonic world of scholarship **The Architecture of Modern Italy** Terry Kirk,2005-06-02 Modern Italy may sound like an oxymoron For Western civilization Italian culture represents the classical past and the continuity of canonical tradition while modernity is understood in contrary terms of rupture and rapid innovation Charting the evolution of a culture renowned for its historical past into the 10 modern era challenges our understanding of both the resilience of tradition and the elasticity of modernity We have a tendency when imagining Italy to look to a rather distant and definitely premodern setting The ancient forum medieval cloisters baroque piazzas and papal palaces constitute our ideal itinerary of Italian civilization The Campo of Siena Saint Peter's all of Venice and San Gimignano satisfy us with their seemingly unbroken panoramas onto historical moments untouched by time but elsewhere modern intrusions alter and obstruct the view to the landscapes of our expectations As seasonal tourist or seasoned historian we edit the encroachments time and change have

wrought on our image of Italy The learning of history is always a complex task one that in the Italian environment is complicated by the changes wrought everywhere over the past 250 years Culture on the peninsula continues to evolve with characteristic vibrancy Italy is not a museum To think of it as such as a disorganized yet phenomenally rich museum unchanging in its exhibits is to misunderstand the nature of the Italian cultural condition and the writing of history itself

Lezioni di letteratura italiana Luigi

Settembrini,1892 **Sacrificio de dama** Julio Cesar Londoño,2019-03-01 Este libro reúne los mejores cuentos y ensayos del gran escritor colombiano Julio Cesar Londoño. El Sacrificio de dama reúne lo mejor de la narración breve de Julio Cesar Londoño, un escritor apasionado del cuento y del ensayo. En sus ensayos se empeña en acercarse al hombre común a través de la obra del genio. Concisos, transparentes, agudos, versan sobre temas tan diversos como la moda, los sentimientos, las hormigas, el ocio, la Torre de Babel, la obra ensayística de Borges, la relación entre Mutis y Poniatowska o la histórica derrota de Gary Kasparov, el mejor jugador de ajedrez de todos los tiempos a manos de un computador. En sus cuentos hay el mismo afán de cautivar al lector, el mismo desenfado para narrar combinado con un cuidado musical de la forma, la misma erudición, la misma variedad temática, a veces las mismas obsesiones y protagonistas tan atractivos como el caballo de Troya, Cristóbal Colón, Rufino, José Cuervo, el cacique muisca, Bech, Johannes Kepler y Ramsés II.
