Dogs of Courage Clare Campbell, Christy Campbell, 2015-09-24 In Bonzo's War Clare Campbell told the fascinating story of what it was like for Britain's pets when the world was at war This time she follows the incredible journey of the dogs who conscripted to fight for their country with some even returning with medals for their bravery During the most dangerous days of the Second World War the British government set out to recruit an army of canines a Guard Dog Unit This experimental team of brave hounds would later use their incredible sense of smell to sniff out the anti personnel mines that barred the way to reclaiming Europe Dog owners countrywide shed tears as they bid farewell to their beloved Brian Rex or Molly and packed them off to the War Dogs Training School to learn the skills they'd need to do their bit for Britain on the very frontiers of the Third Reich The soldiers waiting out in the field to greet their canine counterparts were under strict instructions do not get too attached to your new four legged companion That bit proved disastrously impossible Based on original documents first hand accounts and interviews Dogs of Courage tells a story of human determination heartbreak and uncompromising canine courage that has never been told before

Shameless Cristiana Franco, 2014-09-26 The figure of the dog is a paradox As in so many cultures past and present the dog in ancient Greece was seen as the animal closest to humans even as it elicited from them the most negative representations Still a loaded term today the word bitch not only signified shamelessness and a lack of self control but was also exclusively figured as female Woman and dogs in the Greek imagination were intimately intertwined and in this careful engaging analysis Cristiana Franco explores the ancients complex relationship with both By analyzing the relationship between humans and dogs as depicted in a vast array of myths proverbs spontaneous metaphors and comic jokes Franco in particular shows how the symbolic overlap between dog and woman provided the conceptual tools to maintain feminine subordination Intended for general readers as well as scholars Shameless extends the boundaries of classics and anthropology forming a model of the sensitive work that can be done to illuminate how deeply animals are imbricated in human history The English translation has been revised and expanded from the original Italian edition and it includes a new methodological appendix by the author that points the way toward future work in the emerging field of human animal studies

Aaron Skabelund,2011-12-15 In 1924 Professor Ueno Eizaburo of Tokyo Imperial University adopted an Akita puppy he named Hachiko Each evening Hachiko greeted Ueno on his return to Shibuya Station In May 1925 Ueno died while giving a lecture Every day for over nine years the Akita waited at Shibuya Station eventually becoming nationally and even

internationally famous for his purported loyalty A year before his death in 1935 the city of Tokyo erected a statue of Hachiko outside the station The story of Hachiko reveals much about the place of dogs in Japan s cultural imagination In the groundbreaking *Empire of Dogs* Aaron Herald Skabelund examines the history and cultural significance of dogs in nineteenth and twentieth century Japan beginning with the arrival of Western dog breeds and new modes of dog keeping which spread throughout the world with Western imperialism He highlights how dogs joined with humans to create the modern imperial world and how in turn imperialism shaped dogs bodies and their relationship with humans through its impact on dog breeding and dog keeping practices that pervade much of the world today In a book that is both enlightening and entertaining Skabelund focuses on actual and metaphorical dogs in a variety of contexts the rhetorical pairing of the Western colonial dog with native canines subsequent campaigns against indigenous canines in the imperial realm the creation maintenance and in some cases restoration of Japanese dog breeds including the Shiba Inu the mobilization of military dogs both real and fictional and the emergence of Japan as a pet superpower in the second half of the twentieth century Through this provocative account Skabelund demonstrates how animals generally and canines specifically have contributed to the creation of our shared history and how certain dogs have subtly influenced how that history is told Generously illustrated with both color and black and white images *Empire of Dogs* shows that human canine relations often expose how people especially those with power and wealth use animals to define regulate and enforce political and social boundaries between themselves and other humans especially in imperial contexts

Shaping the Wolf Within Your Dog Nathan B.

Childs,2004 *Shaping the Wolf Within Your Dog* is a comparison study of wolf and dog behavior It is also a comprehensive guide for living in harmony with dogs We know dogs are genetically related to the wolf and both exhibit identical instincts behaviors temperaments and dispositions and both abide to the law of nature that contends for any animal grouping to survive there must be social order and communication between its members Knowing this we should learn all we can about wolf behavior and incorporate that knowledge with our dogs By learning how pack animals establish social order and communicate with one another we can use this information to shape our dogs natural instincts without having to use food bribes or violence When we communicate in our dogs language we will be able to communicate our leadership The outcome will be predictable for we will be using the same methods of an alpha wolf when he establishes and maintains social order with a pack of wolves We will be shaping the same wolf instincts that are intact and engaged in each of our dogs *Shaping the Wolf Within Your Dog* illuminates The natural behavior of canines The language of canines How alphas lead their packs How alphas discipline and show affection The hierarchy of the wolf social order The natural friendliness loyalty and devotion of pack members How to pick the best pup from a litter How to establish social order with pups Basic obedience and off lead obedience Family protection training
